

BREEAM Contributions

BREEAM third-party standard provides a framework to deliver high performing and sustainable built assets that support commercial success whilst also creative positive environmental and social impact. BREEAM has helped improve asset performance at every stage, from design through construction, to use and refurbishment. The below entails Acouflor's products and initiatives that are recognised for credits under BREEAM.

Criteria

| | |
|--|---|
| <p>Hea 02 Indoor air quality</p> | <p>Requirement New build = 1 point Refurbishments - up to 5 and up to 2 innovation credits (building type dependent)</p> <hr/> <p>Our Contribution SoftStep™ & LaidBack™ Carpet Tiles: TVOC Test Report according to CDPH Standards Method v1.2.
