

Urbicus

SoftStep™ Carpet Tiles

This collection showcases eight biophilic-inspired carpet tile designs, each named after a vibrant Australian suburb: **Braddon**, **Leederville**, **Parap**, **Newstead**, **Alexandria**, **Newtown**, **Brunswick**, and **Bowden**.

Each design weaves a unique story, capturing the essence of its namesake suburb through distinctive colors and textures. Underlying patterns reflect the unique style and historical character of these renowned places.

From the energetic pulse of city life to the tranquil moments before the day begins, each urban center possesses a captivating narrative. Timeless architectural styles, shaped by history and the evolving needs of its inhabitants, define the intricate character of our homes and shared spaces.

Urbicus pays homage to the diverse tapestry of Australia. Rich colors and contrasting textures evoke the essence of the nation – from sun-drenched beaches and tree-lined streets to areas that once thrived with industry and now bear the marks of their rich heritage. Urbicus celebrates the enduring patterns and styles found in everyday suburban architecture across this vast and beautiful land.
