

Innovative Soft Flooring for Inspired Living

Comfort Starts From the Ground Up

Step into a space where style meets function.
Our curated carpet tile collections for living spaces
are designed to elevate everyday comfort.

Where people live, experience matters

In places where people spend time, comfort matters. With subtle neutral tones, sound-absorbing qualities, and a soft underfoot feel, our carpet tiles help create spaces that feel good to be in, day after day.

Made with sustainability in mind, our flooring solution is an easy-to-install, low-maintenance format built for lasting performance.

The Essence of Neutrals

Neutral carpet tiles bring timeless elegance and effortless cohesion to living spaces. Their subtle tones create a calming backdrop that complements any interior style.

Our collections embrace the beauty of neutrals. Offering soft textures and warm tones while delivering practical performance, our carpet tiles are ideal for residential and hospitality spaces where people live, relax, and connect.

QuietBack™ Flinders - Marree

Earth-Toned Elegance

Our **QuietBack™** carpet tile collections in neutral tones draw from both natural and urban landscapes. From the geometric rhythm of **Borough** to the raw textures of **Flinders** and the organic flow of **Elemental** and **Scatter**, each design brings subtle character and depth. **Seven Seas** adds a touch of coastal calm, making these collections a versatile foundation for timeless spaces.

QuietBack™ Borough - Emilia

QuietBack™ Flinders - Marree

QuietBack™ Seven Seas - Charter

SoftStep™ Urbicus - Alexandria

Urban Ground Neutrals

Rooted in nature and place, our **SoftStep™** collection showcases the versatility of neutrals. From the plush, biophilic-inspired feel of **Urbicus** to **Ridges'** earthy textures and **Grand Central's** structured urban lines, each design brings warmth and depth to contemporary spaces.

SoftStep™ Ridges - Mountain

SoftStep™ Urbicus - Newtown

SoftStep™ Grand Central - Kings Cross

SoftStep™ Harmonia - Sandstone Rock

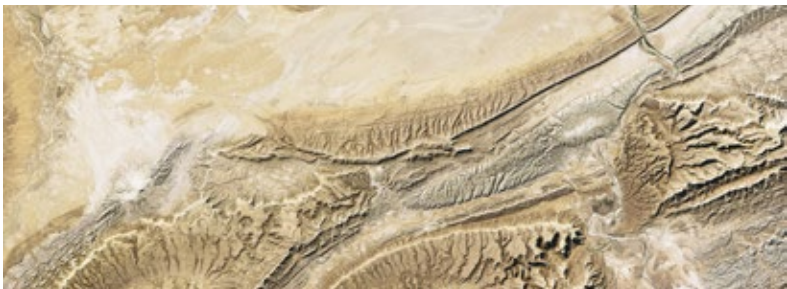

Soft Tones of Earth and Cosmos

Our **LaidBack™** collection explores the richness of neutrals through nature, landscape, and the cosmos. From the space-inspired tones of **Interstellar** to the grounded Australian palette of **Suburban** and the balanced calm of **Harmonia**, each design brings timeless ease to modern interiors.

Seamless By Design

Our modular carpet tiles feature patterns that flow effortlessly from tile to tile—creating a continuous, cohesive look in any living space. Easy to install, simple to maintain, and endlessly adaptable.

Our SoftStep™ and LaidBack™ collections feature larger 500x1000 mm tiles for faster, more efficient installation

SoftStep™ Urbicus - Braddon

SoftStep™ Ridges - Strait

LaidBack™ Suburban - Manly

Quiet Comfort

Engineered with enhanced sound-absorbing properties and flexible thicknesses, our collections reduce noise while providing a soft, cushioned feel underfoot, bringing comfort and calm to busy environments.

QuietBack™ Elemental - Coral

Our QuietBack™ collections are designed with enhanced sound-absorbing properties, making them ideal for spaces where noise reduction is important.

With flexible thicknesses ranging from 8mm to 10mm, they offer a plush, comfortable feel underfoot, which contributes to a quieter and more relaxing environment.

QuietBack™ Scatter - Cinnamon

QuietBack™ Borough - Emilia

The SoftStep™ collection emphasizes cushioning and support, making walking on these carpets a particularly pleasant experience. This is due to a specialized padding that enhances softness. These carpets also offer good thermal insulation, which can help in maintaining room temperature and increasing energy efficiency.

Our SoftStep™ collection offers a thickness of 9.7mm to ensure comfort and softness

SoftStep™ Urbicus - Bowden

SoftStep™ Urbicus - Leederville

SoftStep™ Ridges - Mountain

Efficient and Economical at Every Scale

Designed with efficiency in mind, our collections simplify installation, reduce labour time, and minimise the risk of damage. The result is a durable solution that helps you save on both upfront costs and long-term maintenance.

LaidBack™ Harmonia - Earth Whisper

LaidBack™ Suburban - Manly

Our LaidBack™ carpets offer a more relaxed, casual look that can complement various interior styles with their versatile design options. They are designed to be low maintenance, with easy-to-clean materials and resistance to everyday wear and tear.

This collection provides a balance of quality and affordability, making it a great choice for consumers looking at a carpet tile with a thickness of 7.5mm.

LaidBack™ Harmonia - Sandstone Rock

Sustainability at the Core

Our products are thoughtfully designed to support a more sustainable future. By prioritizing eco-friendly materials and responsible practices, we help you create spaces that align with your environmental goals without compromising on quality or performance.

Converting waste
into innovation.

Regenerated Fibres
Regenerated fibres are coloured and made into pellets.

Recycled PET pellets
Recycled PET pellets are blended with virgin PET ready for processing to form a felt backing in varying thicknesses that will form the backing of our carpet tiles

Waste is utilised
Felt backing made from a minimum of 80% recycled PET.

Discarded Bottles

Discarded bottles are cleaned and cut into flakes before being extruded into fibres of white colour.

Recycled Bottles per carpet tile

- QuietBack™ 7mm
46 x 12g PET bottles
- QuietBack™ 8mm
46 x 12g PET bottles
- QuietBack™ 10mm
57 x 12g PET bottles
- LaidBack™
17 x 12g PET bottles
- SoftStep™
37 x 12g PET bottles

Helping you meet your green building goals.

Green Building Contributions

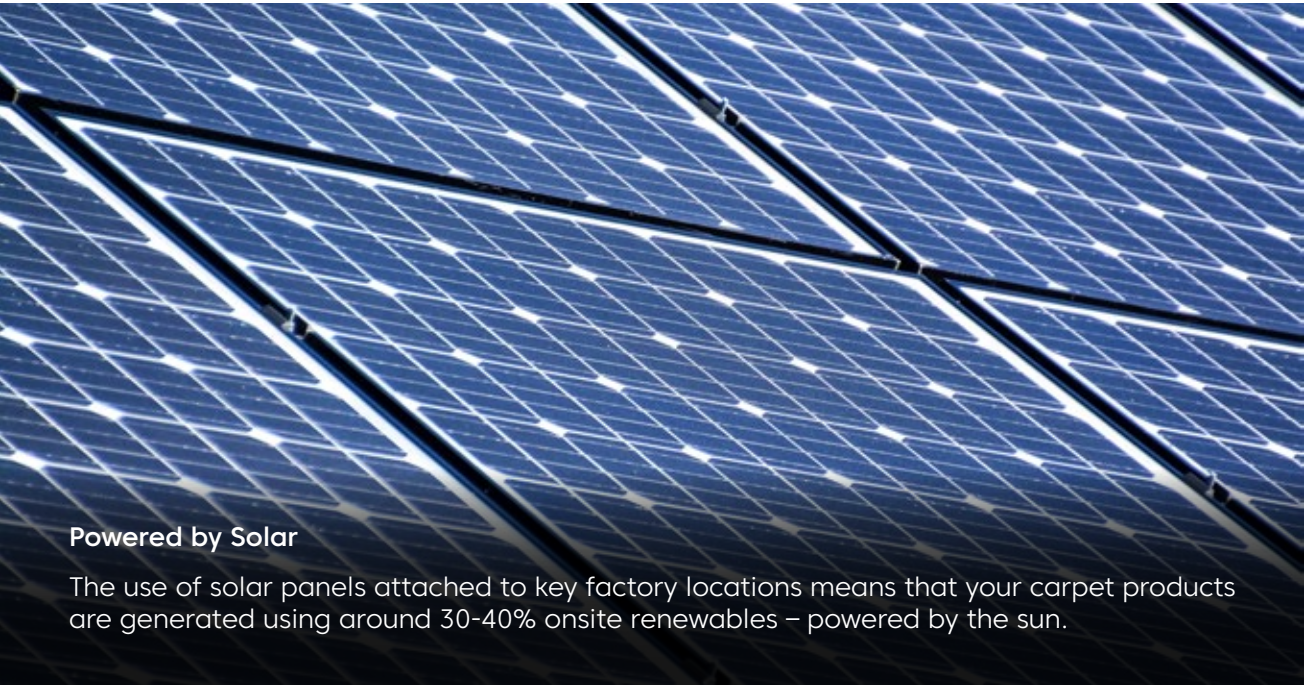

Products that are safe for humans and the planet.

Environmental Verifications

Our specialist initiatives.

Powered by Solar

The use of solar panels attached to key factory locations means that your carpet products are generated using around 30-40% onsite renewables – powered by the sun.

Environmental Labels

To support green building projects and material transparency. Our label certifications indicate that our products are safe for people and the planet, and can be used to qualify toward green building ratings.

Carbon Footprint Tracking

To deliver on our mission, 2023 marks the base year for our carbon footprint, conducted across all areas of the global business. This will help us to set goals for the future, measure and benchmark effectively.

Carpet tile end-of-life program.

Acouflor is working with the industry on a recycling program that will keep our carpet tiles from landfill. We have partnered with ResourceCo who will process Acoufelt carpet tiles into alternative fuels, giving the tiles a second use as an important energy source.

Acouflor carpet tiles and install off-cuts can be sent directly to ResourceCo with these simple steps

01

Palettise the tiles and offcuts.

02

Create a new account, or, use your existing account with ResourceCo to book the load, paying \$320 per tonne. (ex gst)*

03

Drop off the palette at your nearest ResourceCo Recovery Facility.

04

Relish in the good feeling that you've diverted carpet tiles from landfill – high five!

*Fee as of August 2024. ResourceCo have the right to make changes to their fees

Design to Delivery, Made Easy

From fast carpet samples delivered in 24 hours to expert design support at no cost, we're here to simplify every step. Get the swatches you need, collaborate with our team on colours and concepts, and see your space come to life.

Our 24-Hour Sampling Service: Quick Delivery and Expert Selection.

Need carpet samples fast? Look no further. Our 24-hour sampling service ensures you get the perfect carpet swatches right when you need them. With rapid delivery times and a vast selection of high-quality options, we make choosing the ideal carpet for your project a breeze.

Key benefits of our 24-hour sampling service:

Speed	Receive your samples within 24 hours for timely decision-making.
Variety	Explore a wide range of carpet styles, colours, and textures to find the perfect match.
Convenience	Order samples online by visiting acouflor.com.au/collections
Assistance	Our knowledgeable team is available to guide you through the selection process.

Our complimentary design services bring your vision to life.

01 – Select your
colours and design

Work with our textile designers through our extensive collection of yarn colours and carpet designs. Collaborate with our experts to choose the perfect combinations that match your vision and aesthetic preferences.

02 – Create your
moodboard

Work with our design team to create a digital or physical mood board. This will help visualize how the selected products harmonize, providing a comprehensive view of your design concept.

03 – Visualise
your space

We digitally render your selected designs and mood board into a space setting of your choice. This final step allows you to see how the products will look in the intended environment, ensuring satisfaction before making your decision.
