Fat Pomelo

Wall | Custom Print

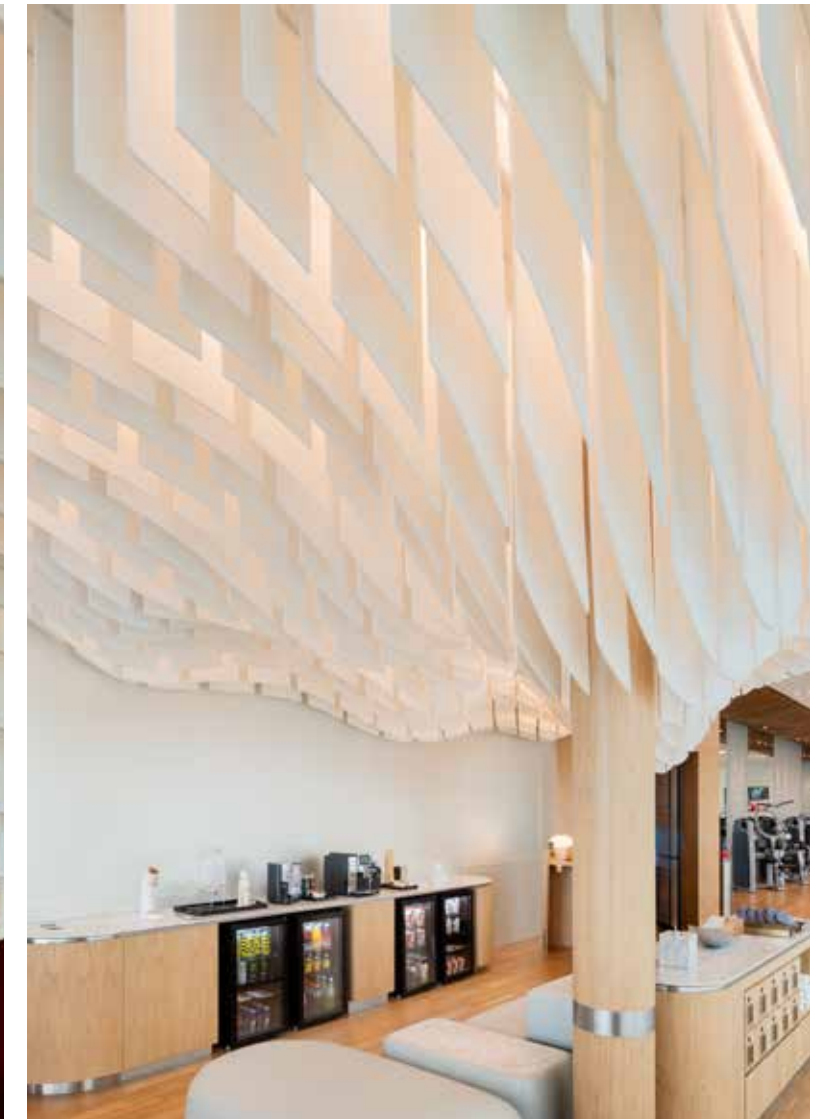

Singapore Hotel Fitness Centre

Ceiling | Premier Baffles Bespoke | White

With occupant comfort at the forefront, every design detail has been carefully considered - including the acoustic environment.

Adobe

Wall | Custom Print
Wall | Premier Fracture Two-Tone | Peach & Pearl, Iris & Midnight

Adobe, a leader in creative technology, sought to revamp their London headquarters in the White Collar Factory building with a focus on mixing liveliness, functionality, and sustainability.

Framework

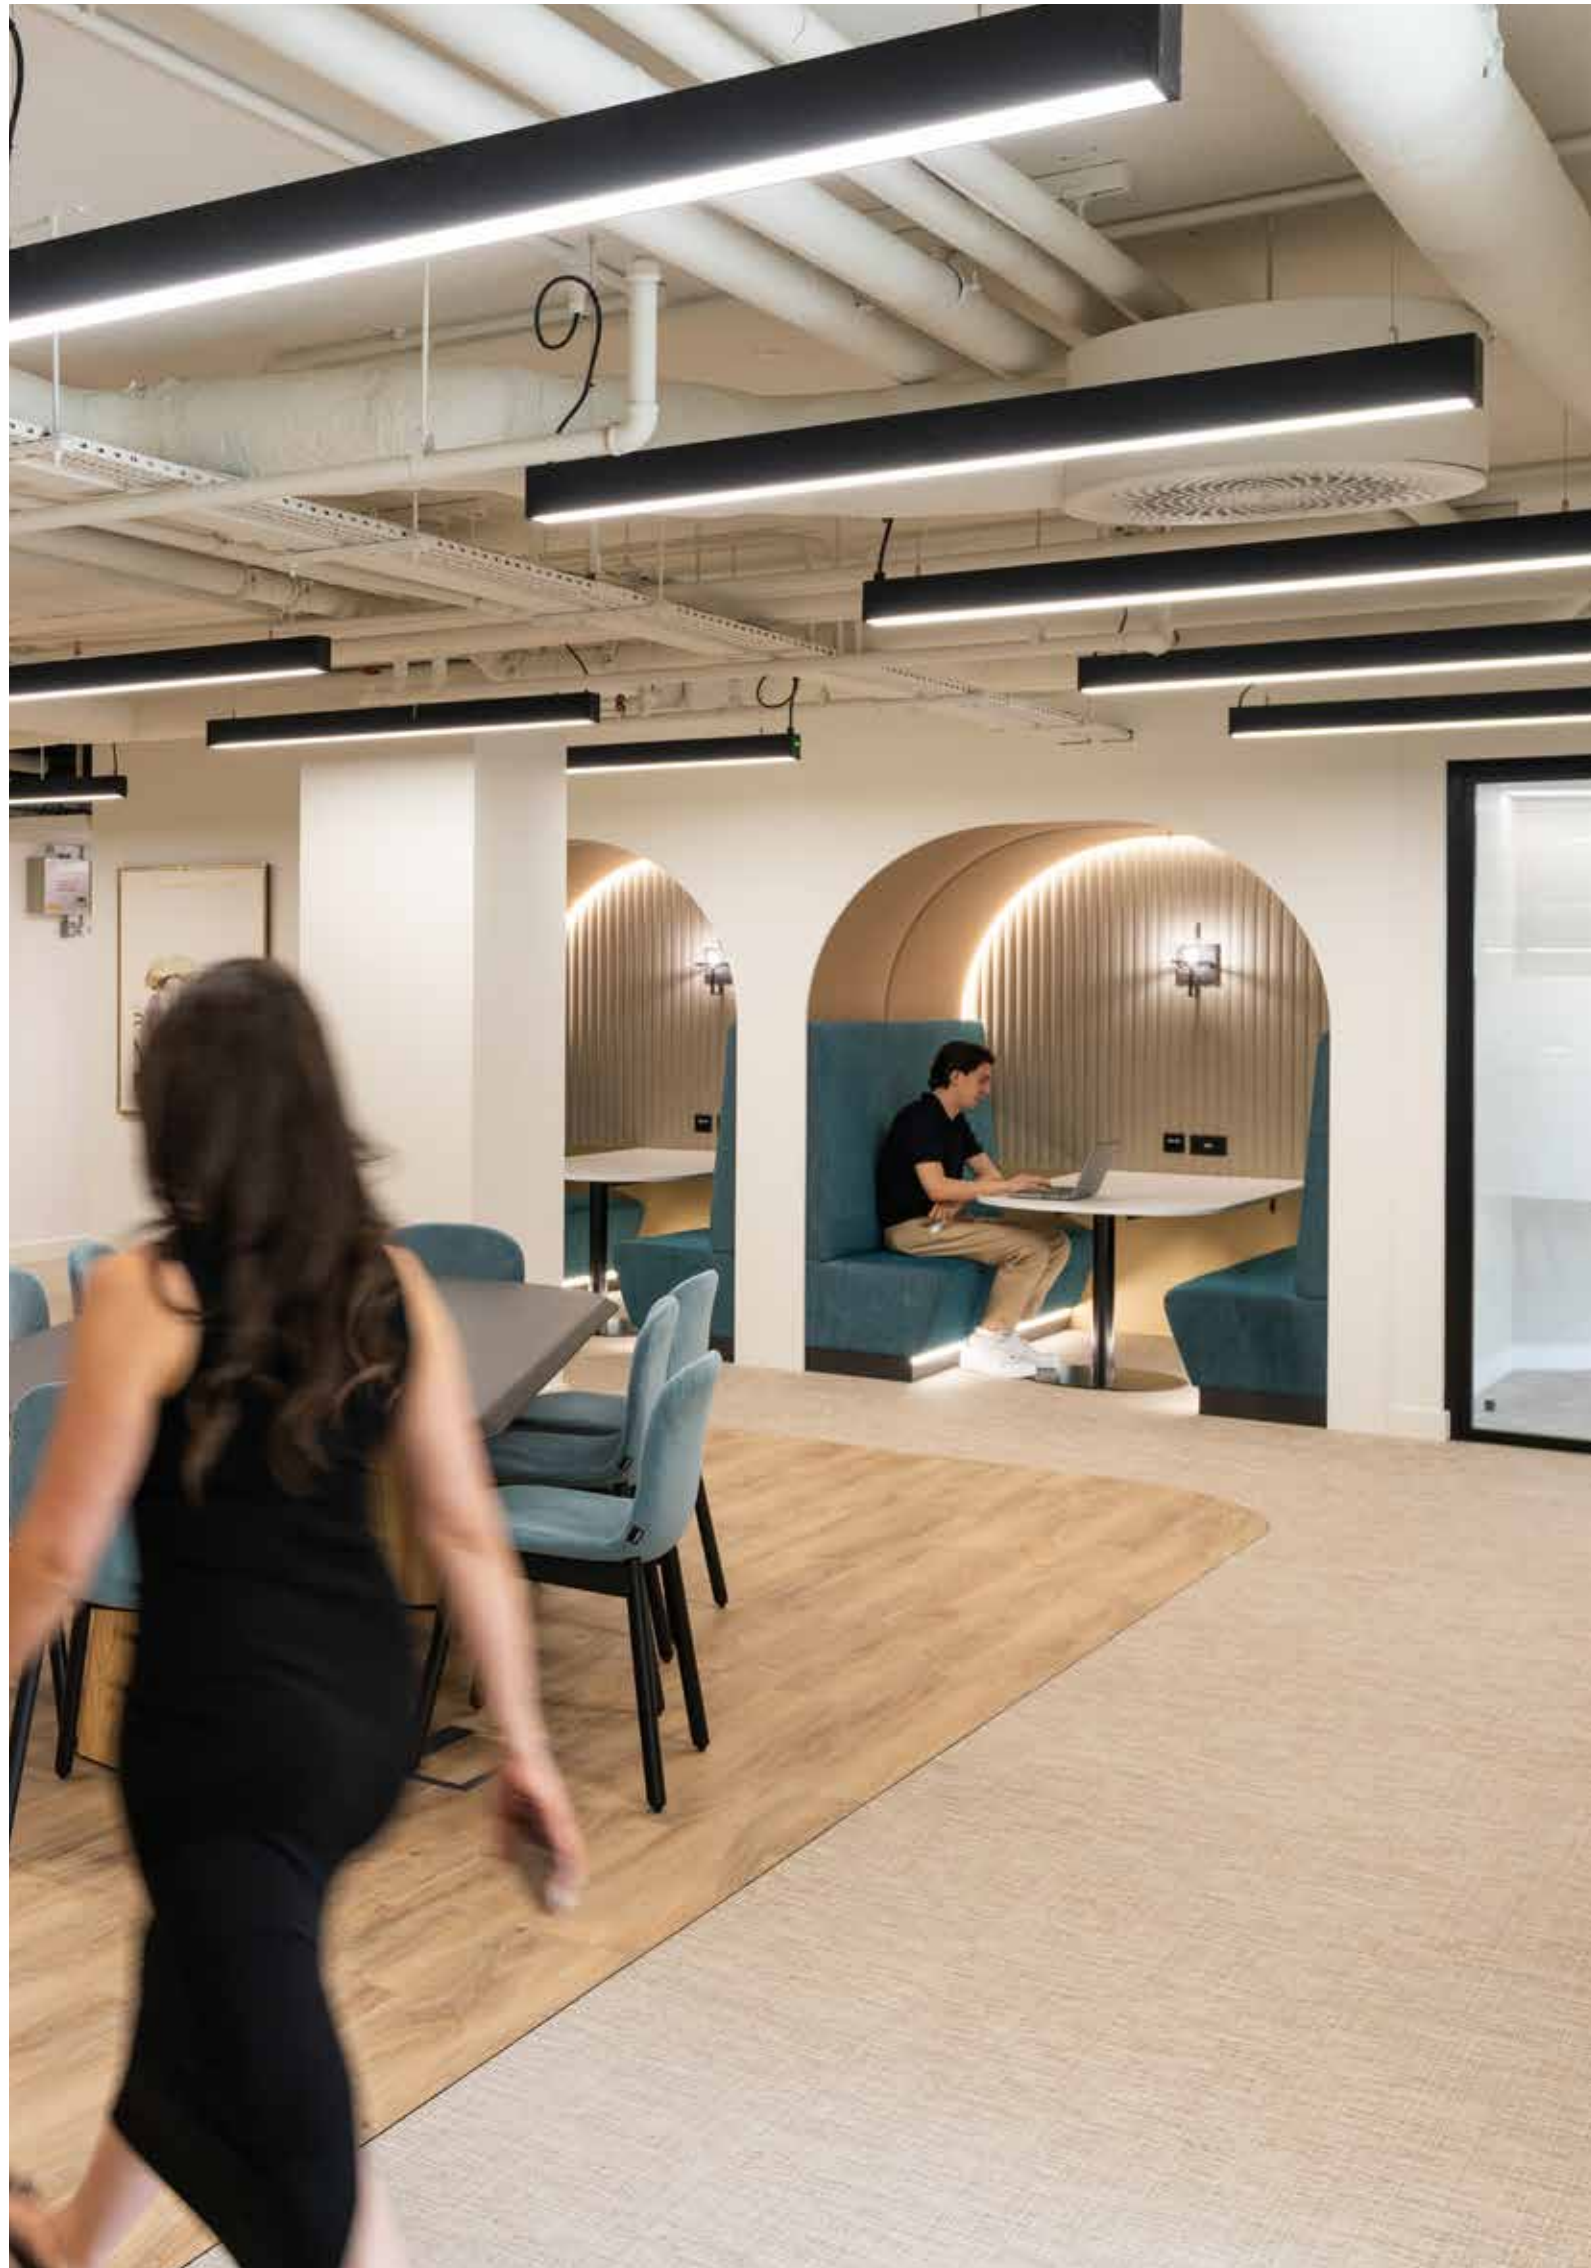

Available in Premier & WoodGrain Collections

Ideal for expansive, noisy areas, Capped Framework's additional coverage intensifies performance by increasing the sound-absorbing surface area of a Framework ceiling grid.

Campbell Lutyens

Wall | Premier QuietForm | Pearl

In collaboration with Zentura, the new Campbell Lutyens HQ is a space built with intention, clarity and care. With QuietForm integrated into the space, it supports focused conversations, smooth collaboration and responsible material use.

33 Queens Street

Ceiling | Premier Open Framework | Almond

Acoufelt's commitment to sustainability was a factor in product selection. Both Framework and our wall panels are made using a minimum of 60% recycled PET, sourced from bottles that would otherwise go to landfill. This closed-loop process turns waste into long-lasting, high-performance acoustic materials - helping ensure today's design decisions support tomorrow's environment.

Vista

Available in Premier & WoodGrain Collections

Vista Box introduces bold, expansive geometry that elevates any space with a commanding, sculptural presence.

Trivest Private Equity Headquarters

Ceiling | WoodGrain SoftenUp - Ridge | Wine Barrel & Piano Black

Trivest enhanced their employee break room and work area, achieving superior acoustic comfort, modern aesthetics, and an improved employee experience.

SoftenUp

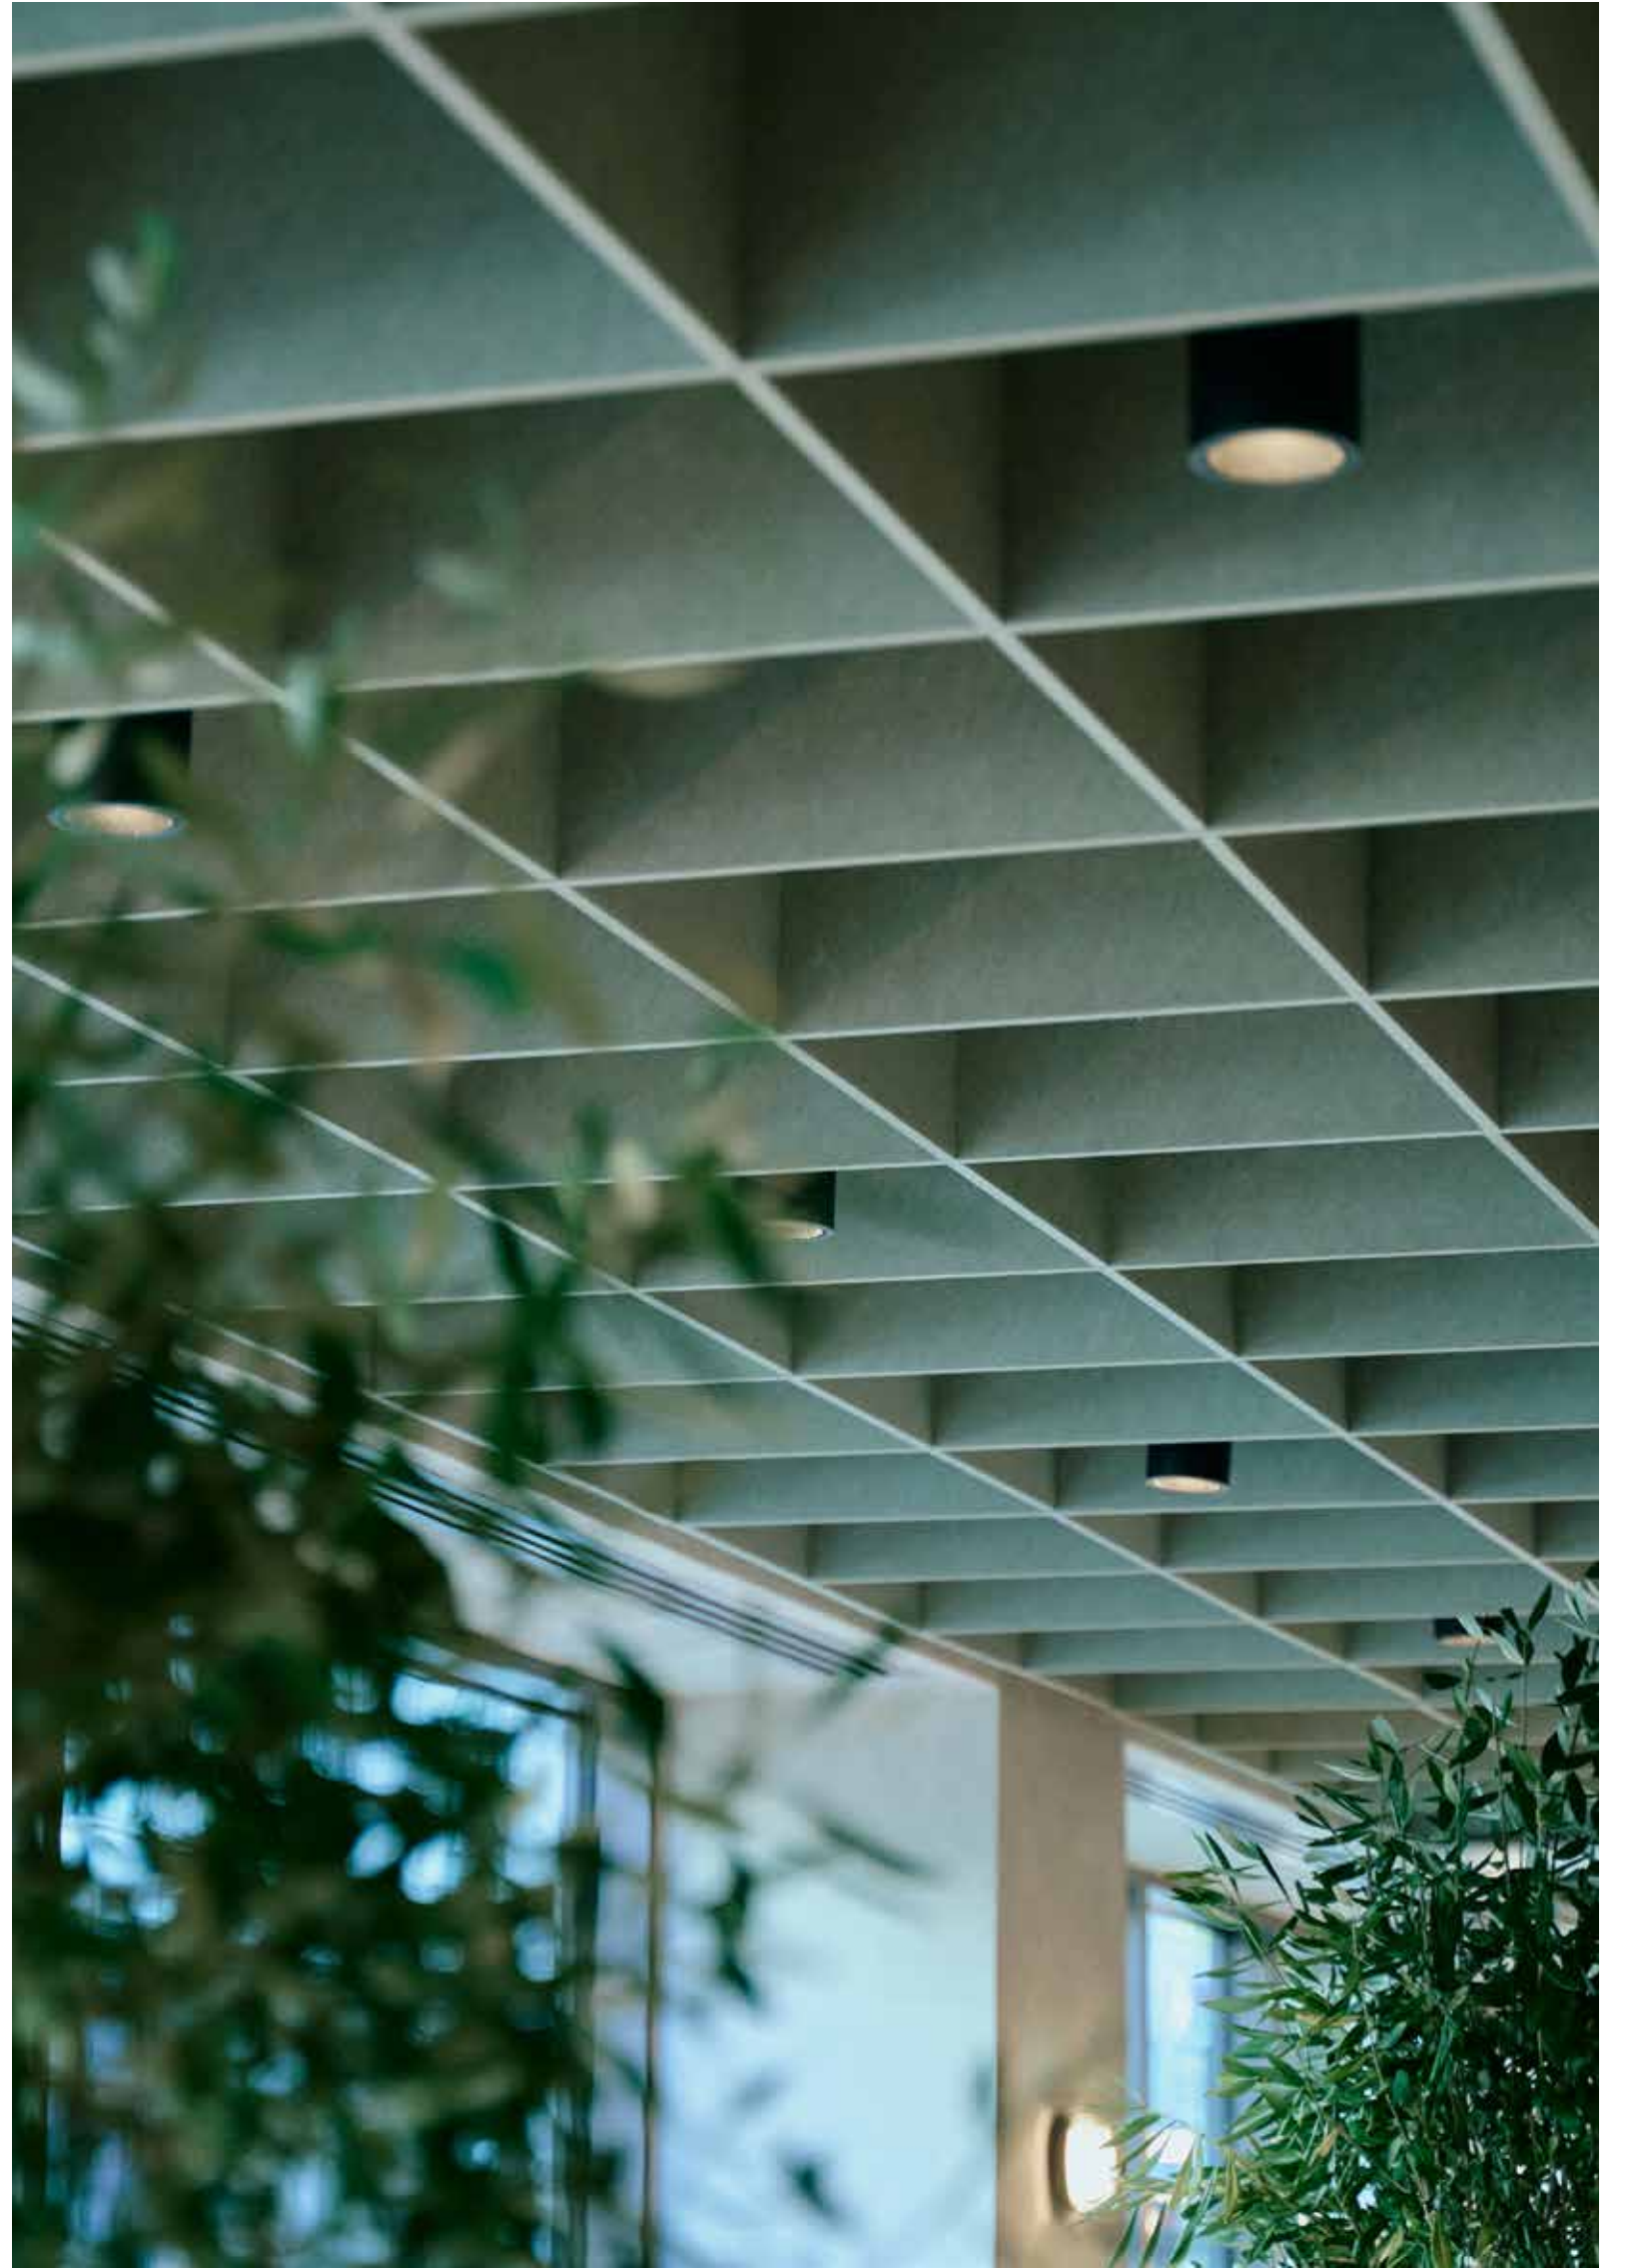

Available in Premier & WoodGrain Collections

SoftenUp Foothill is a modular ceiling tile that creates a warm and welcoming atmosphere and is designed for effortless installation in a variety of sizes and colours.

10 South Parade

Wall | Premier Fracture Rowhouse & Maze | Pistachio
Ceiling | Premier Grid Framework Open | Pearl

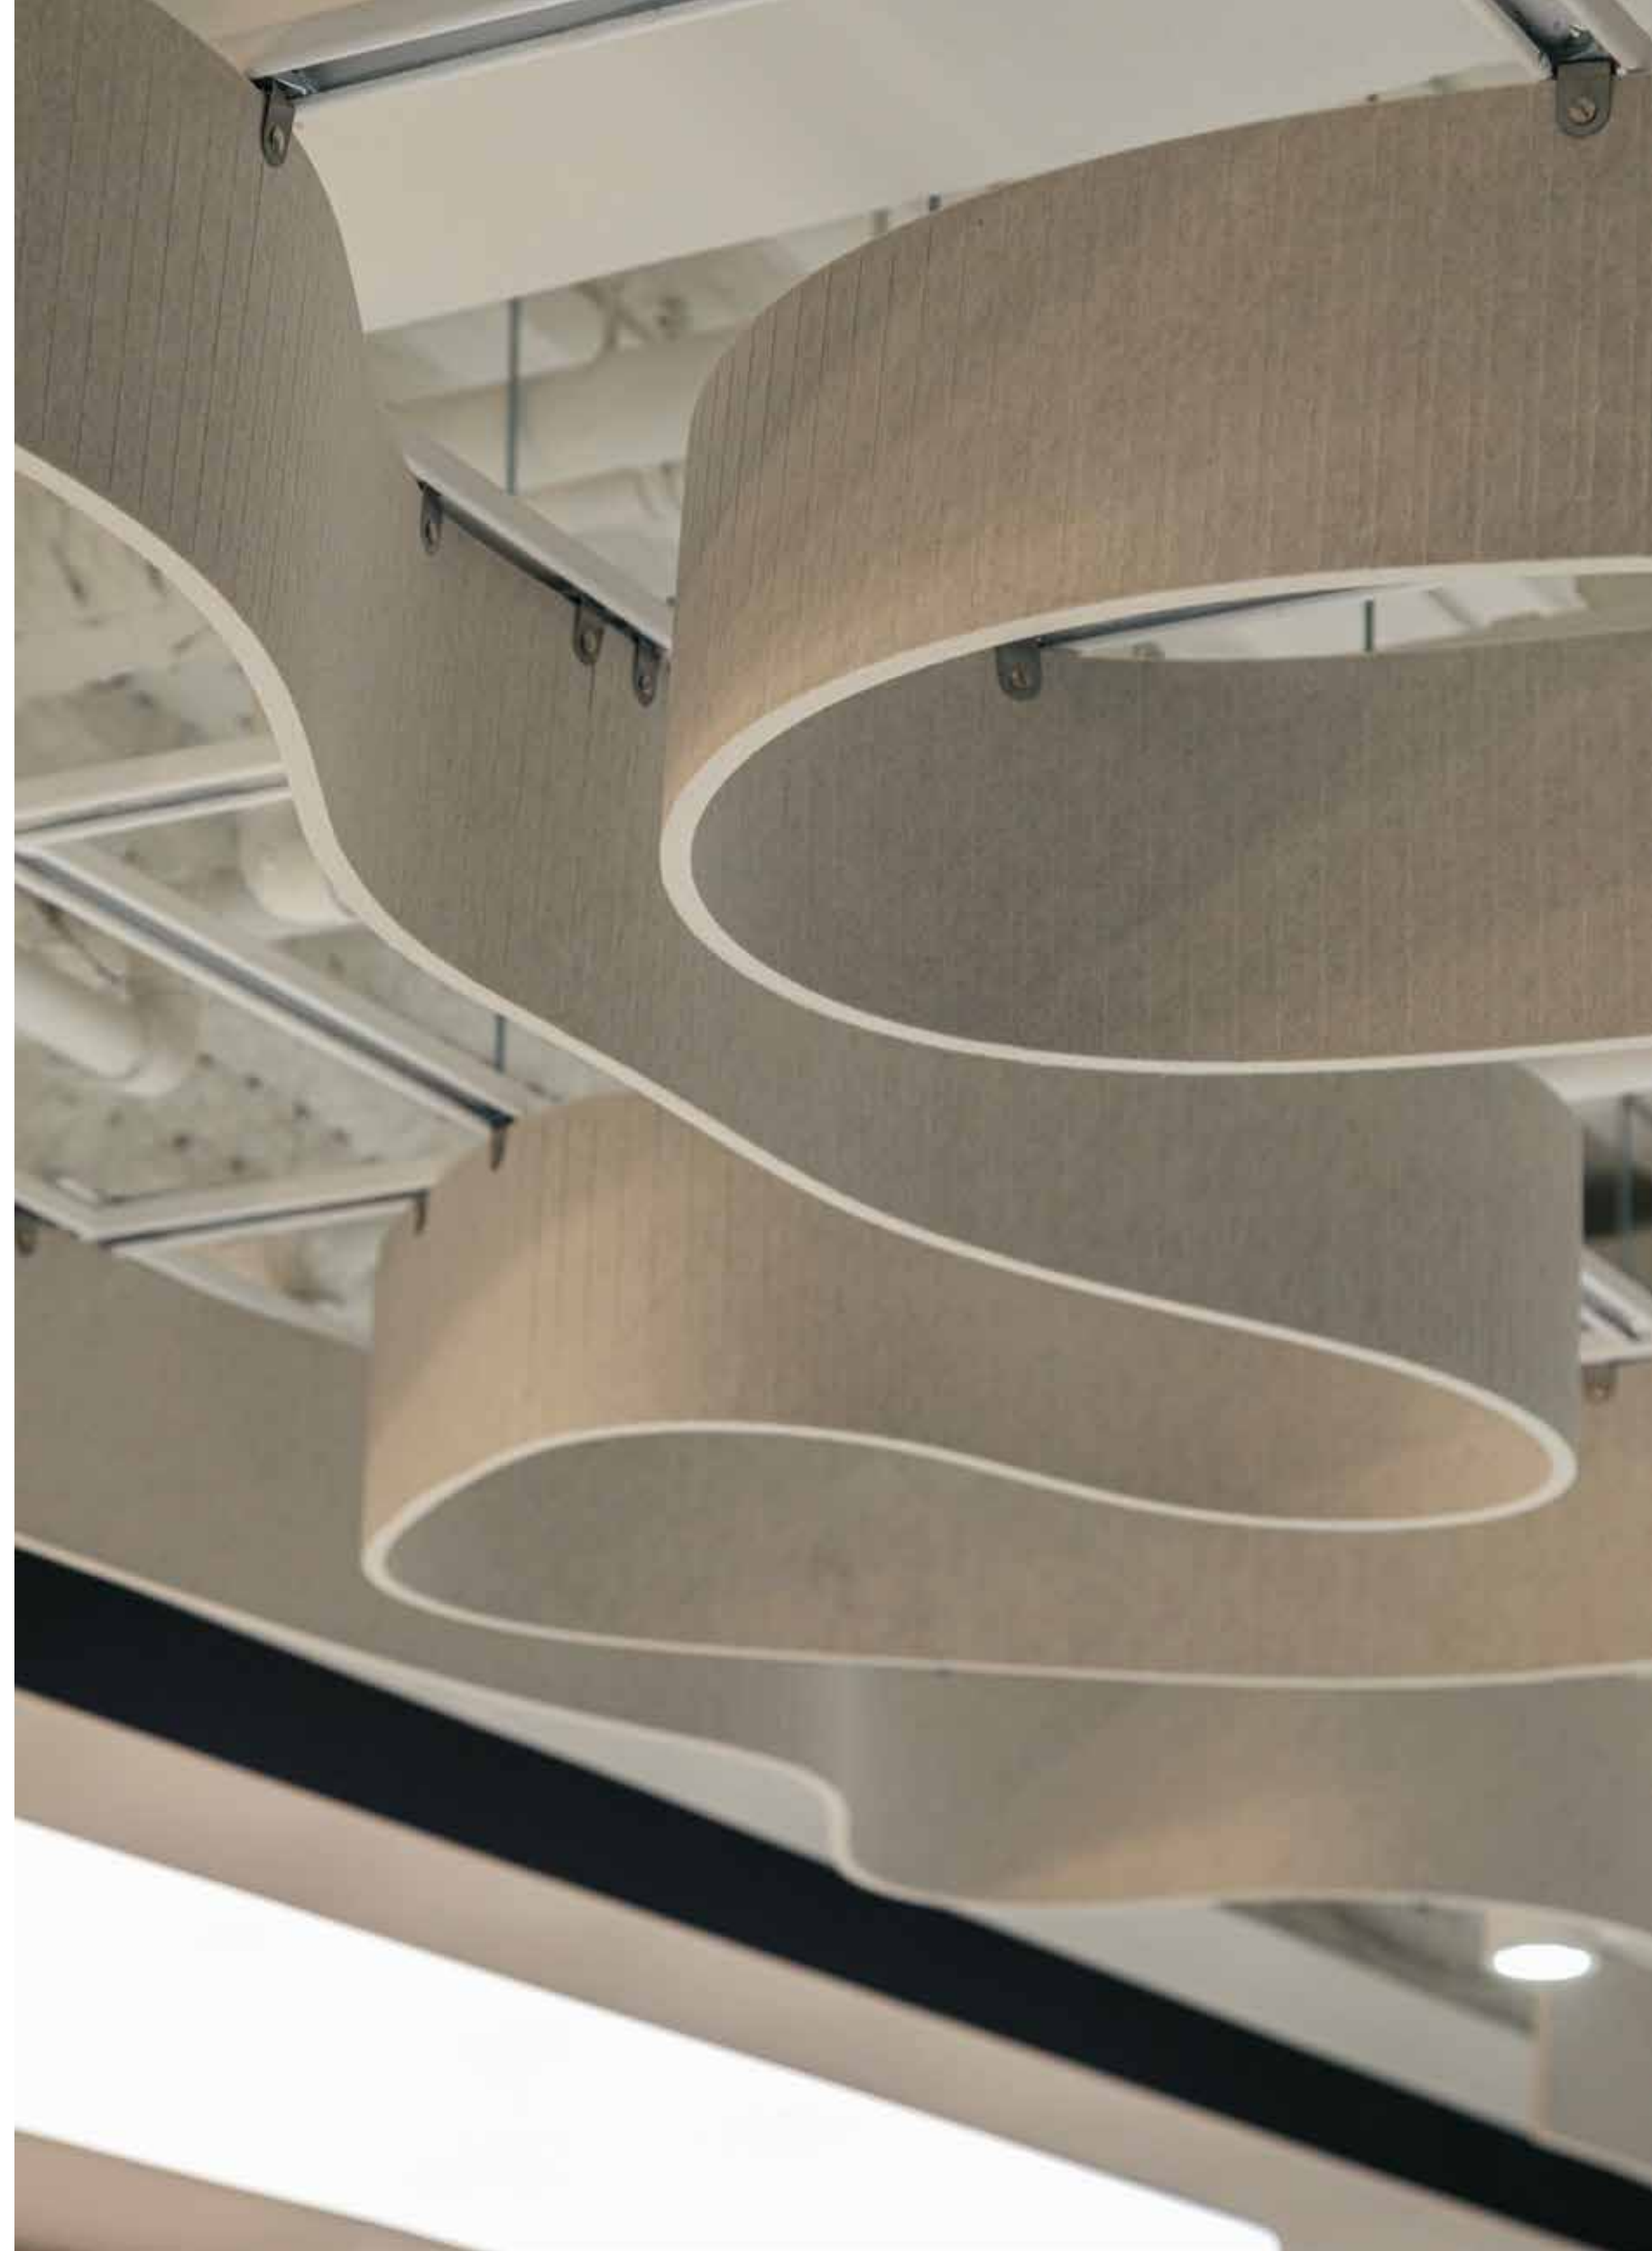

Billow Connect

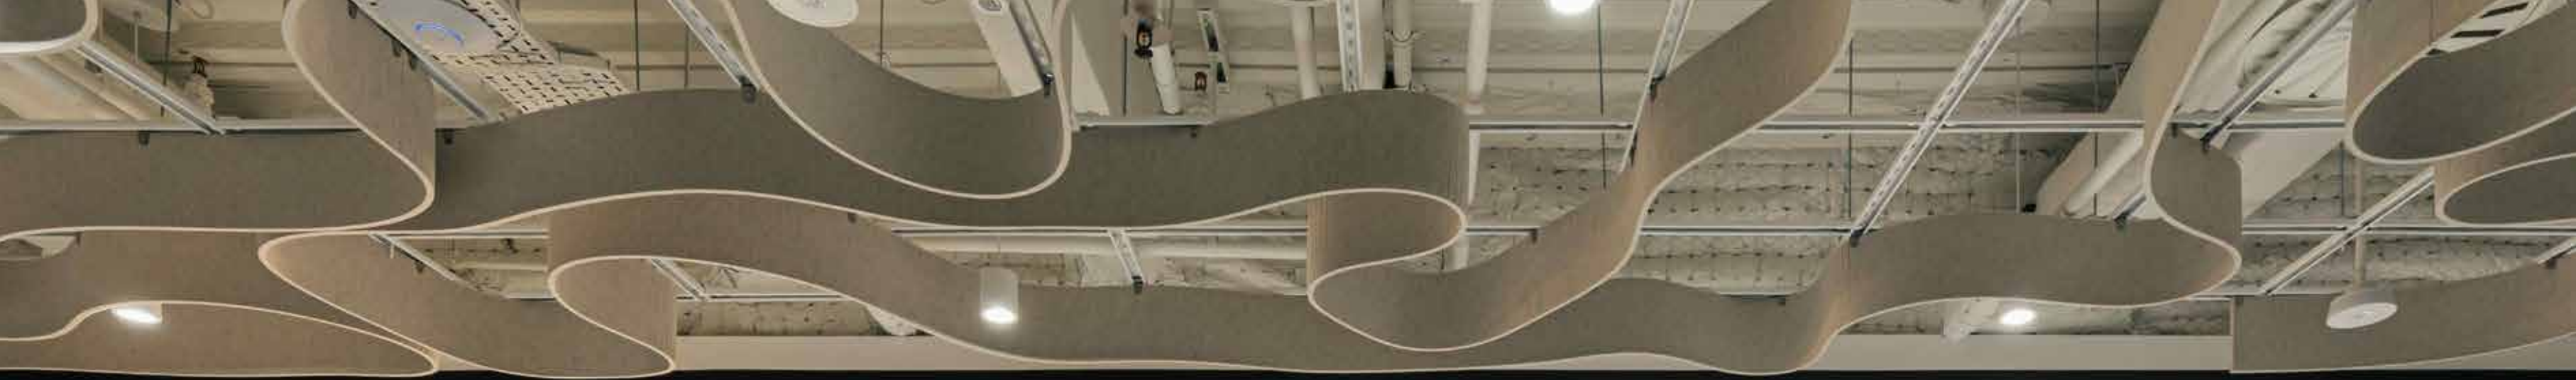

Available in Premier & WoodGrain Collections

Billow Connect is designed to work seamlessly with the original Billow Baffles, offering expanded layout options and greater flexibility to create unique configurations for a wide range of applications.

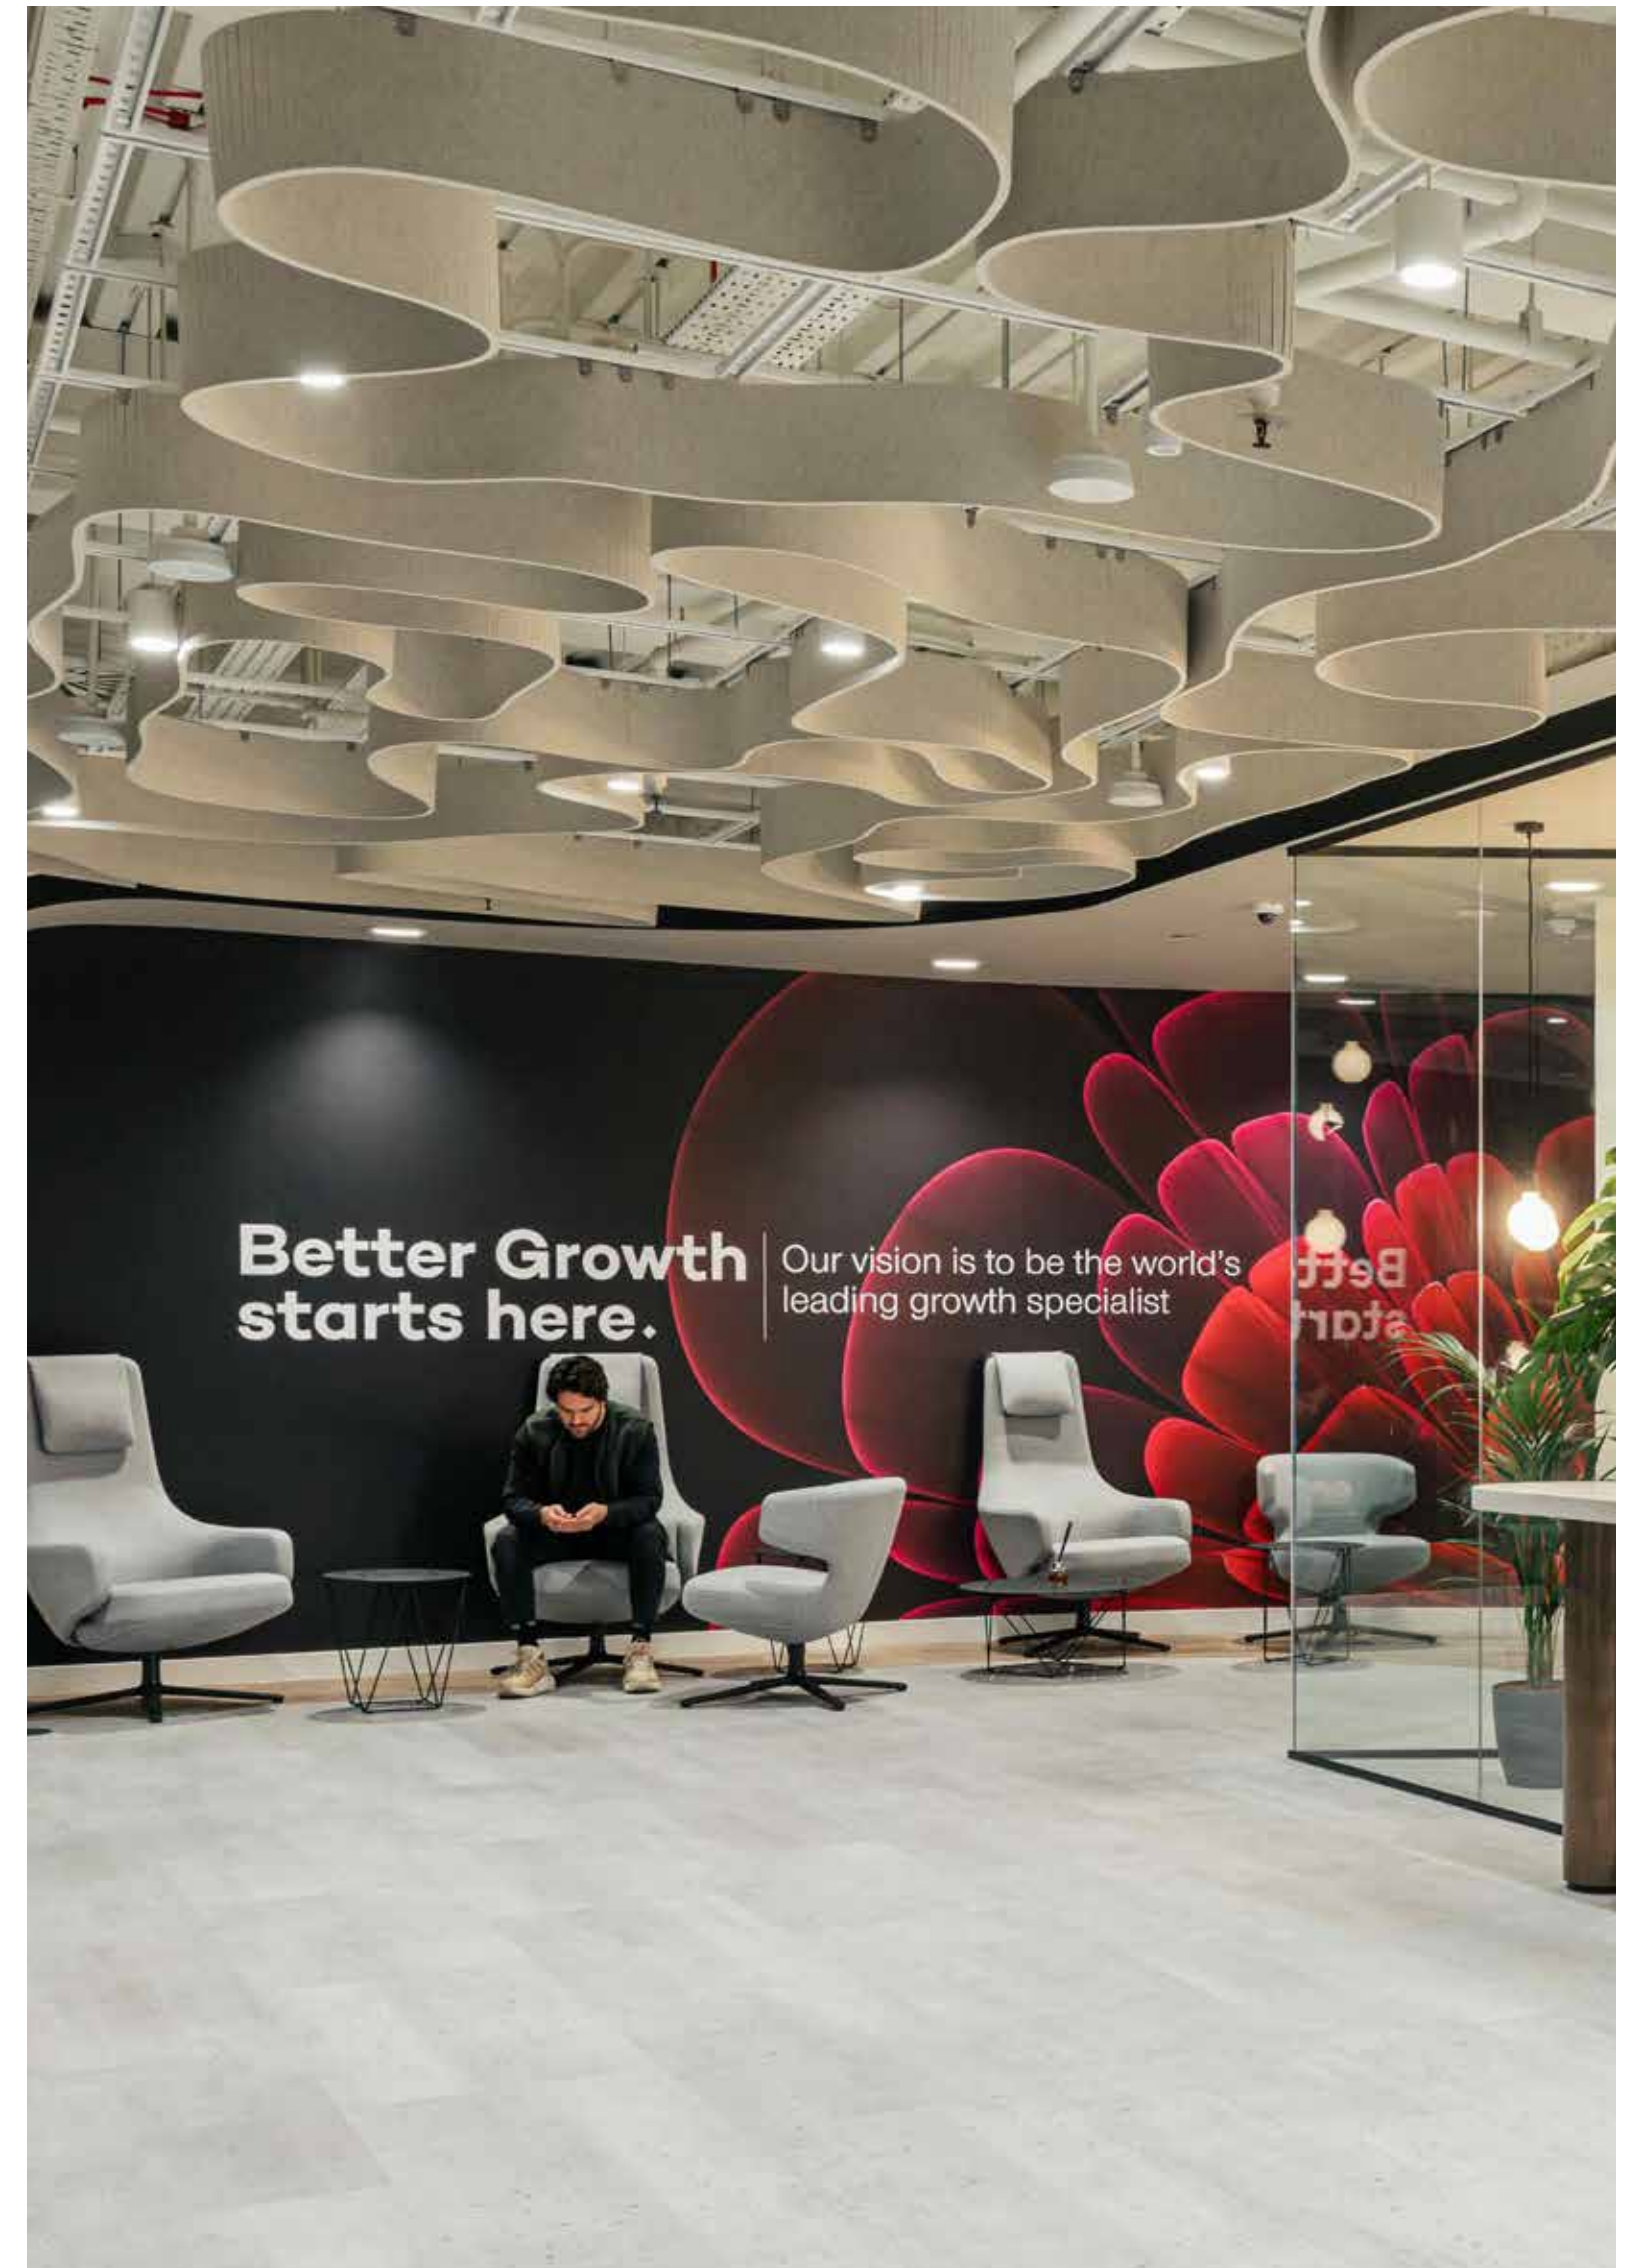

Simon Kucher

Ceiling | Premier Baffles Bespoke | Grey

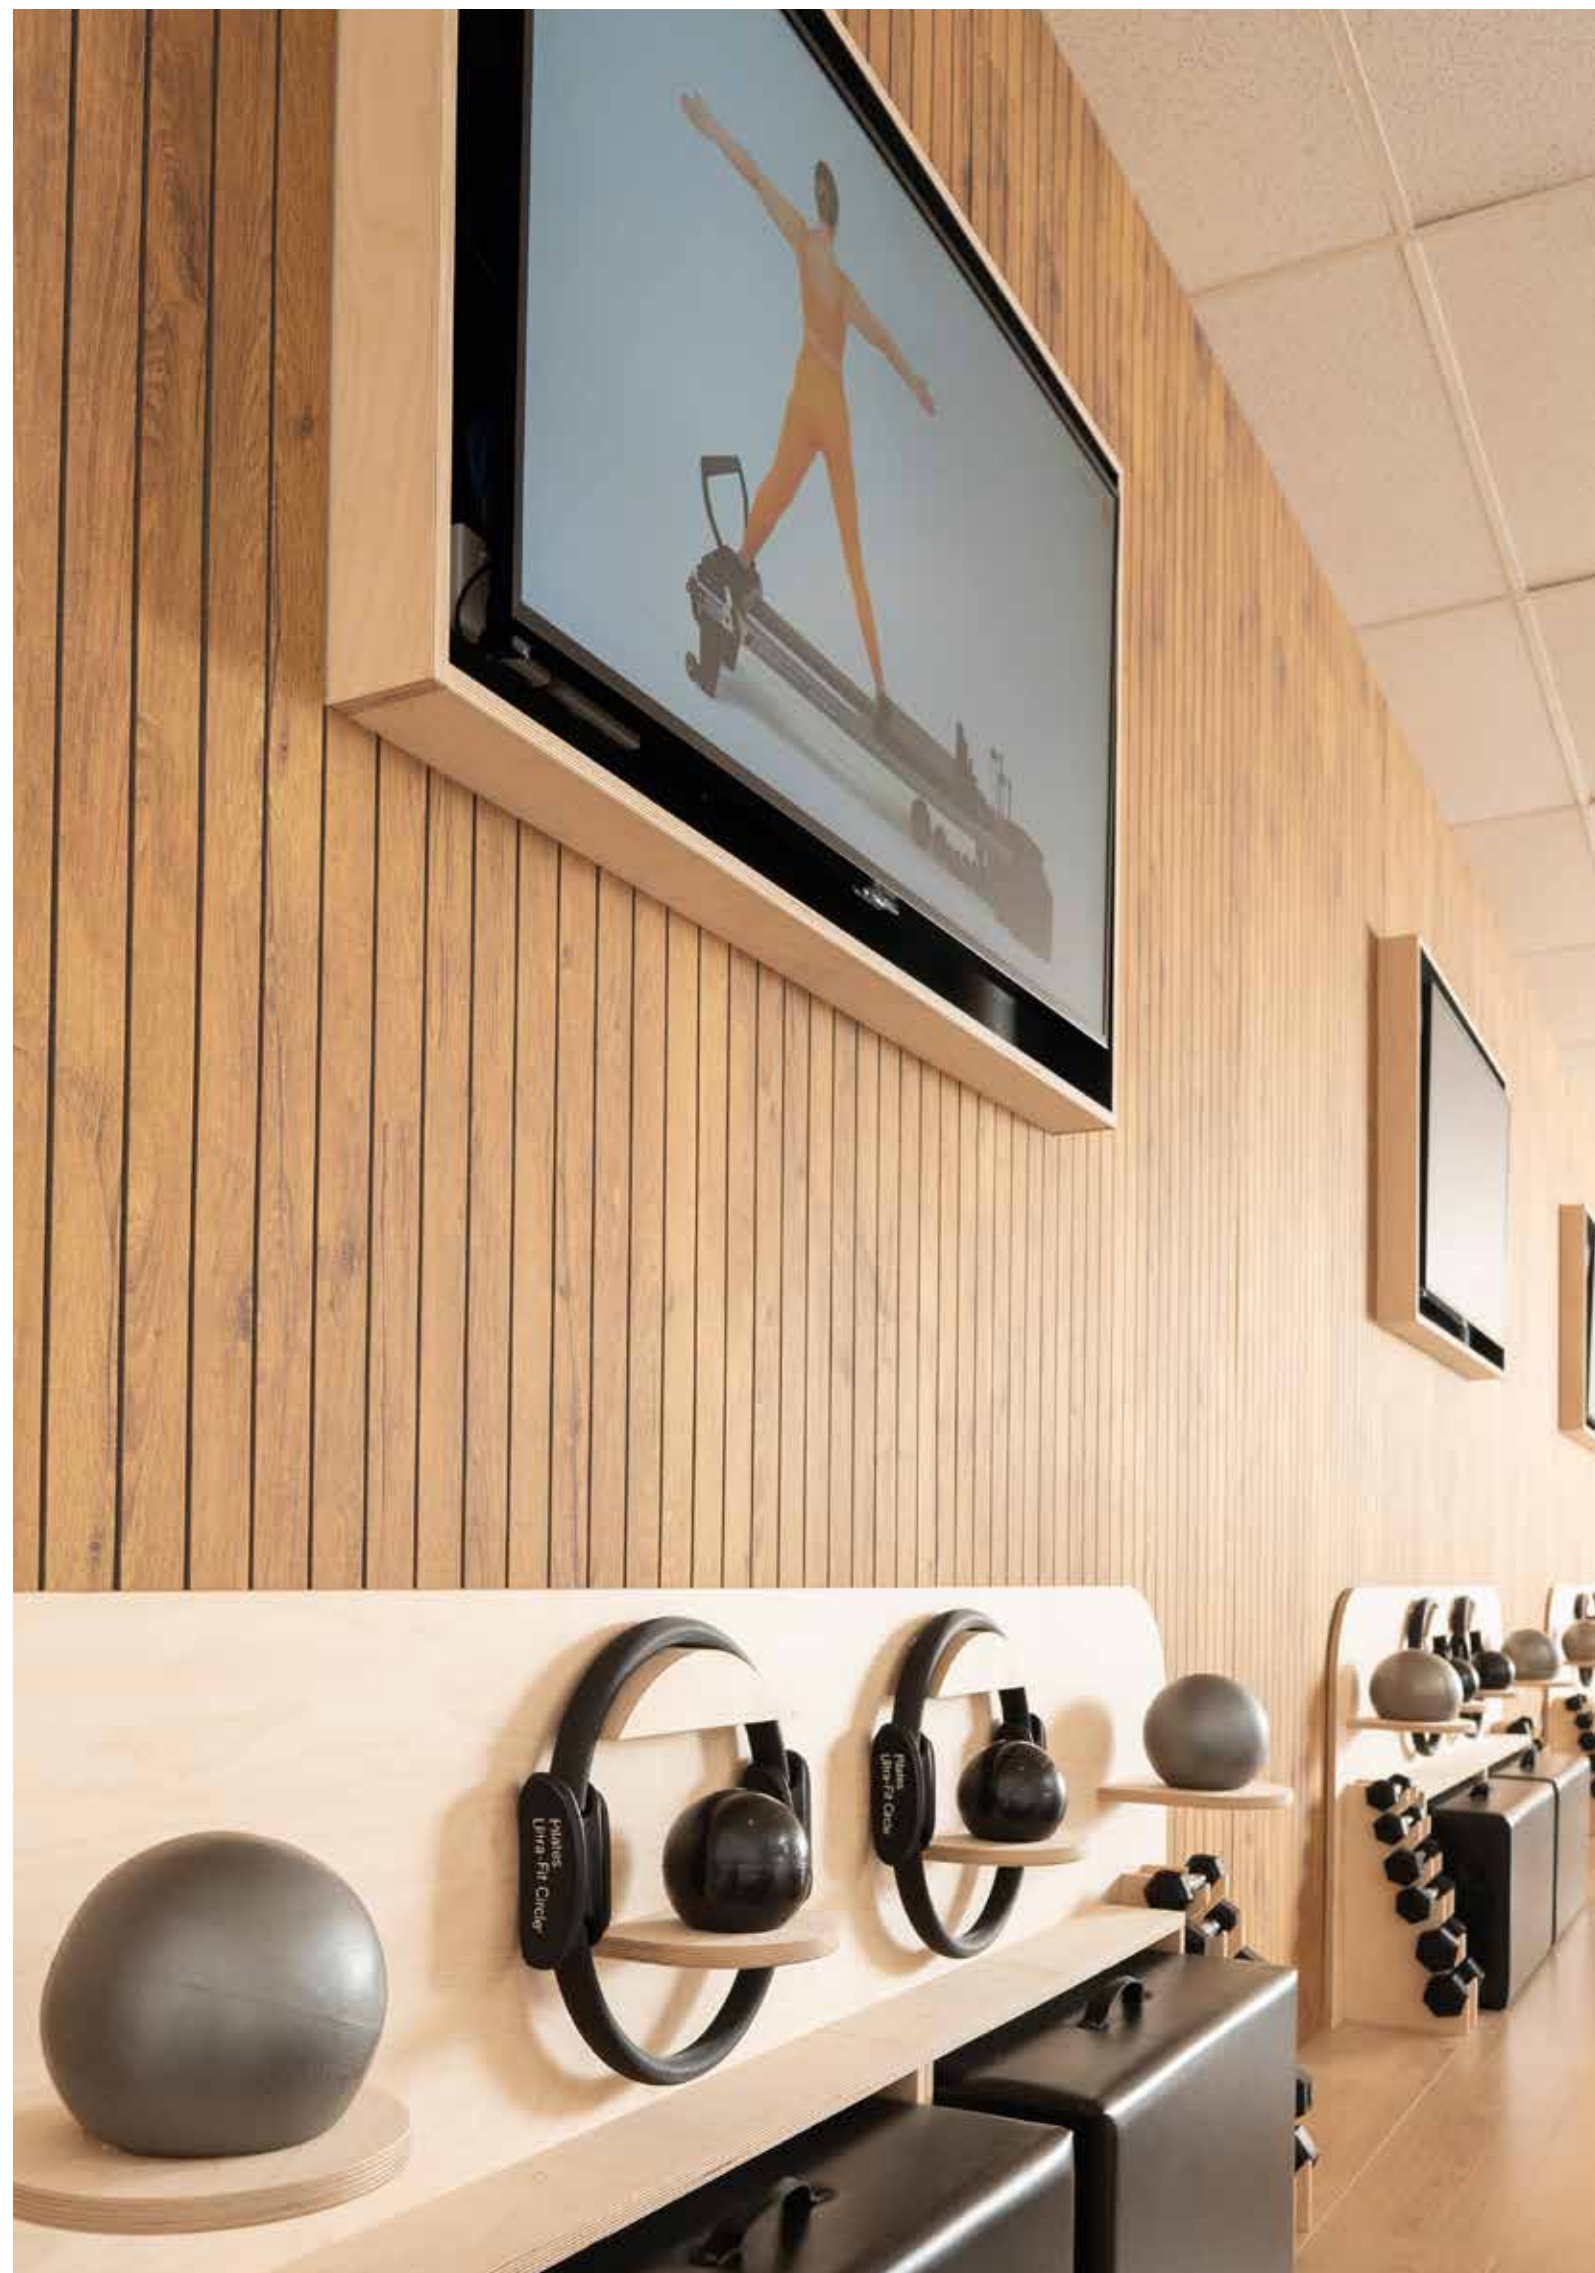

Making a lasting first impression with a bespoke
acoustic ceiling system at Simon Kucher's London HQ.

Pronto Pilates Studio

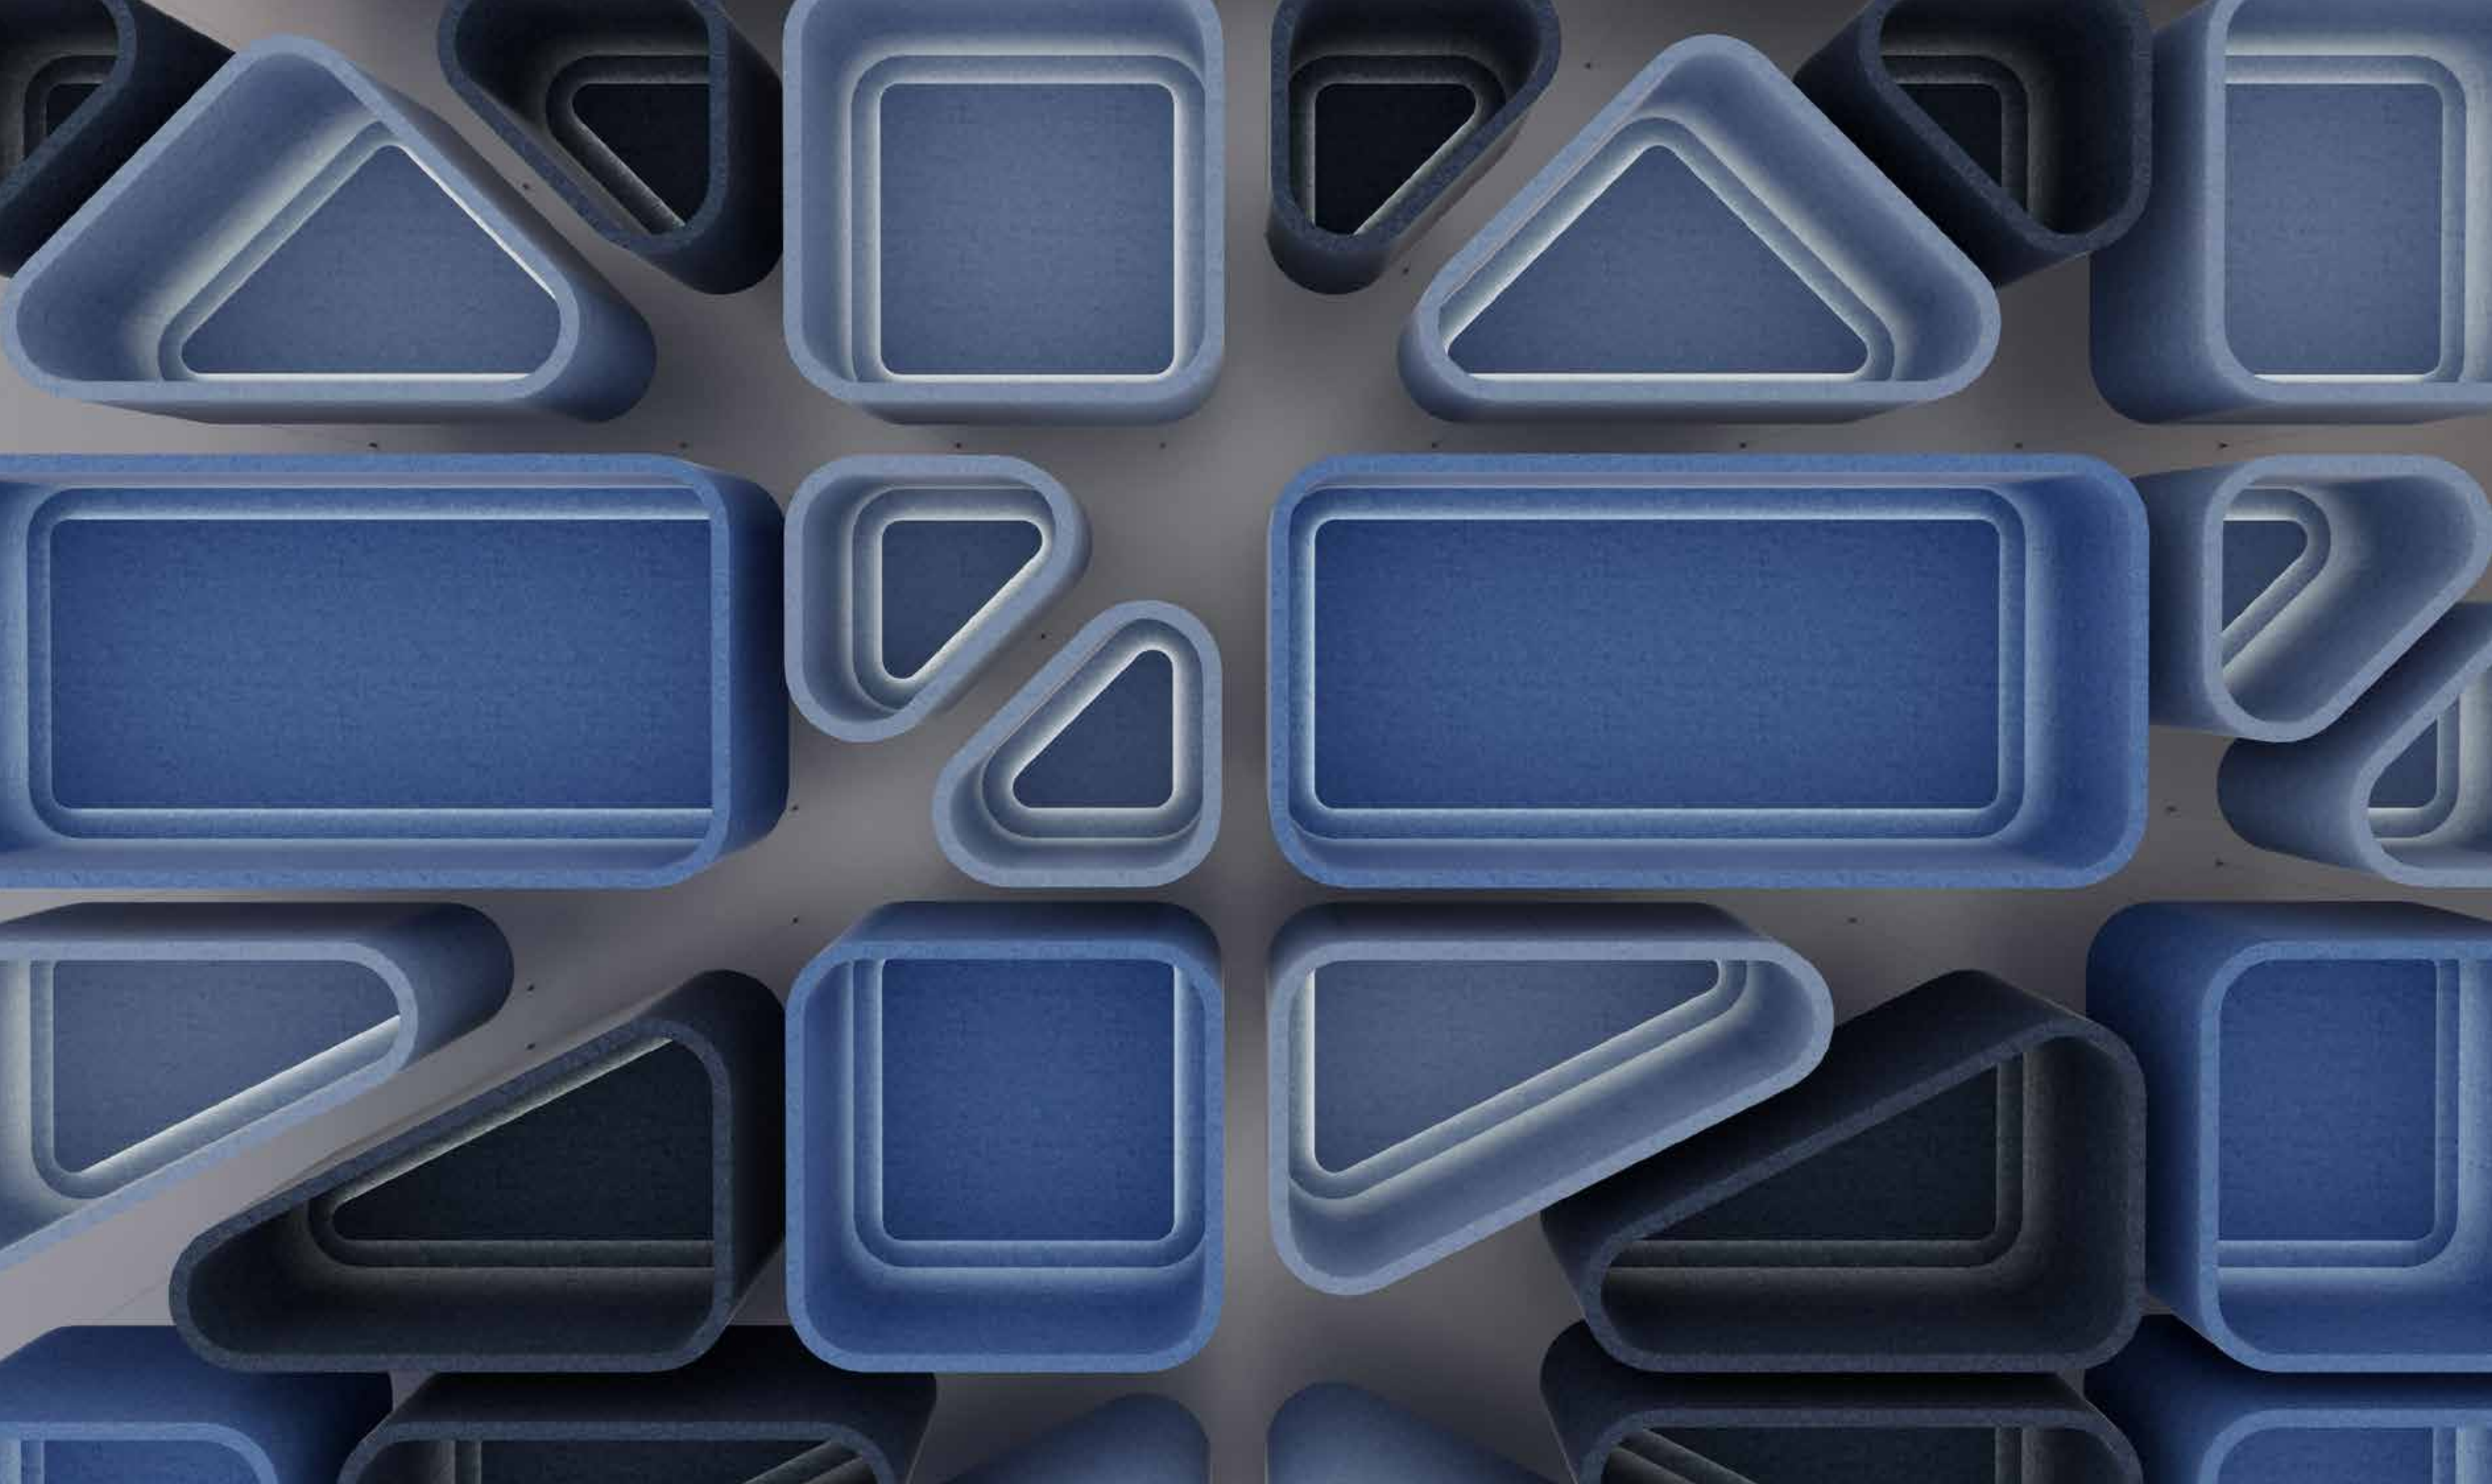

Wall | Panels | WoodBeQuiet Slats 50mm | Wine Barrel

WoodBeQuiet Slats enrich immersive member experience at Pronto Pilates Reformer Studio.

Skipping Stones

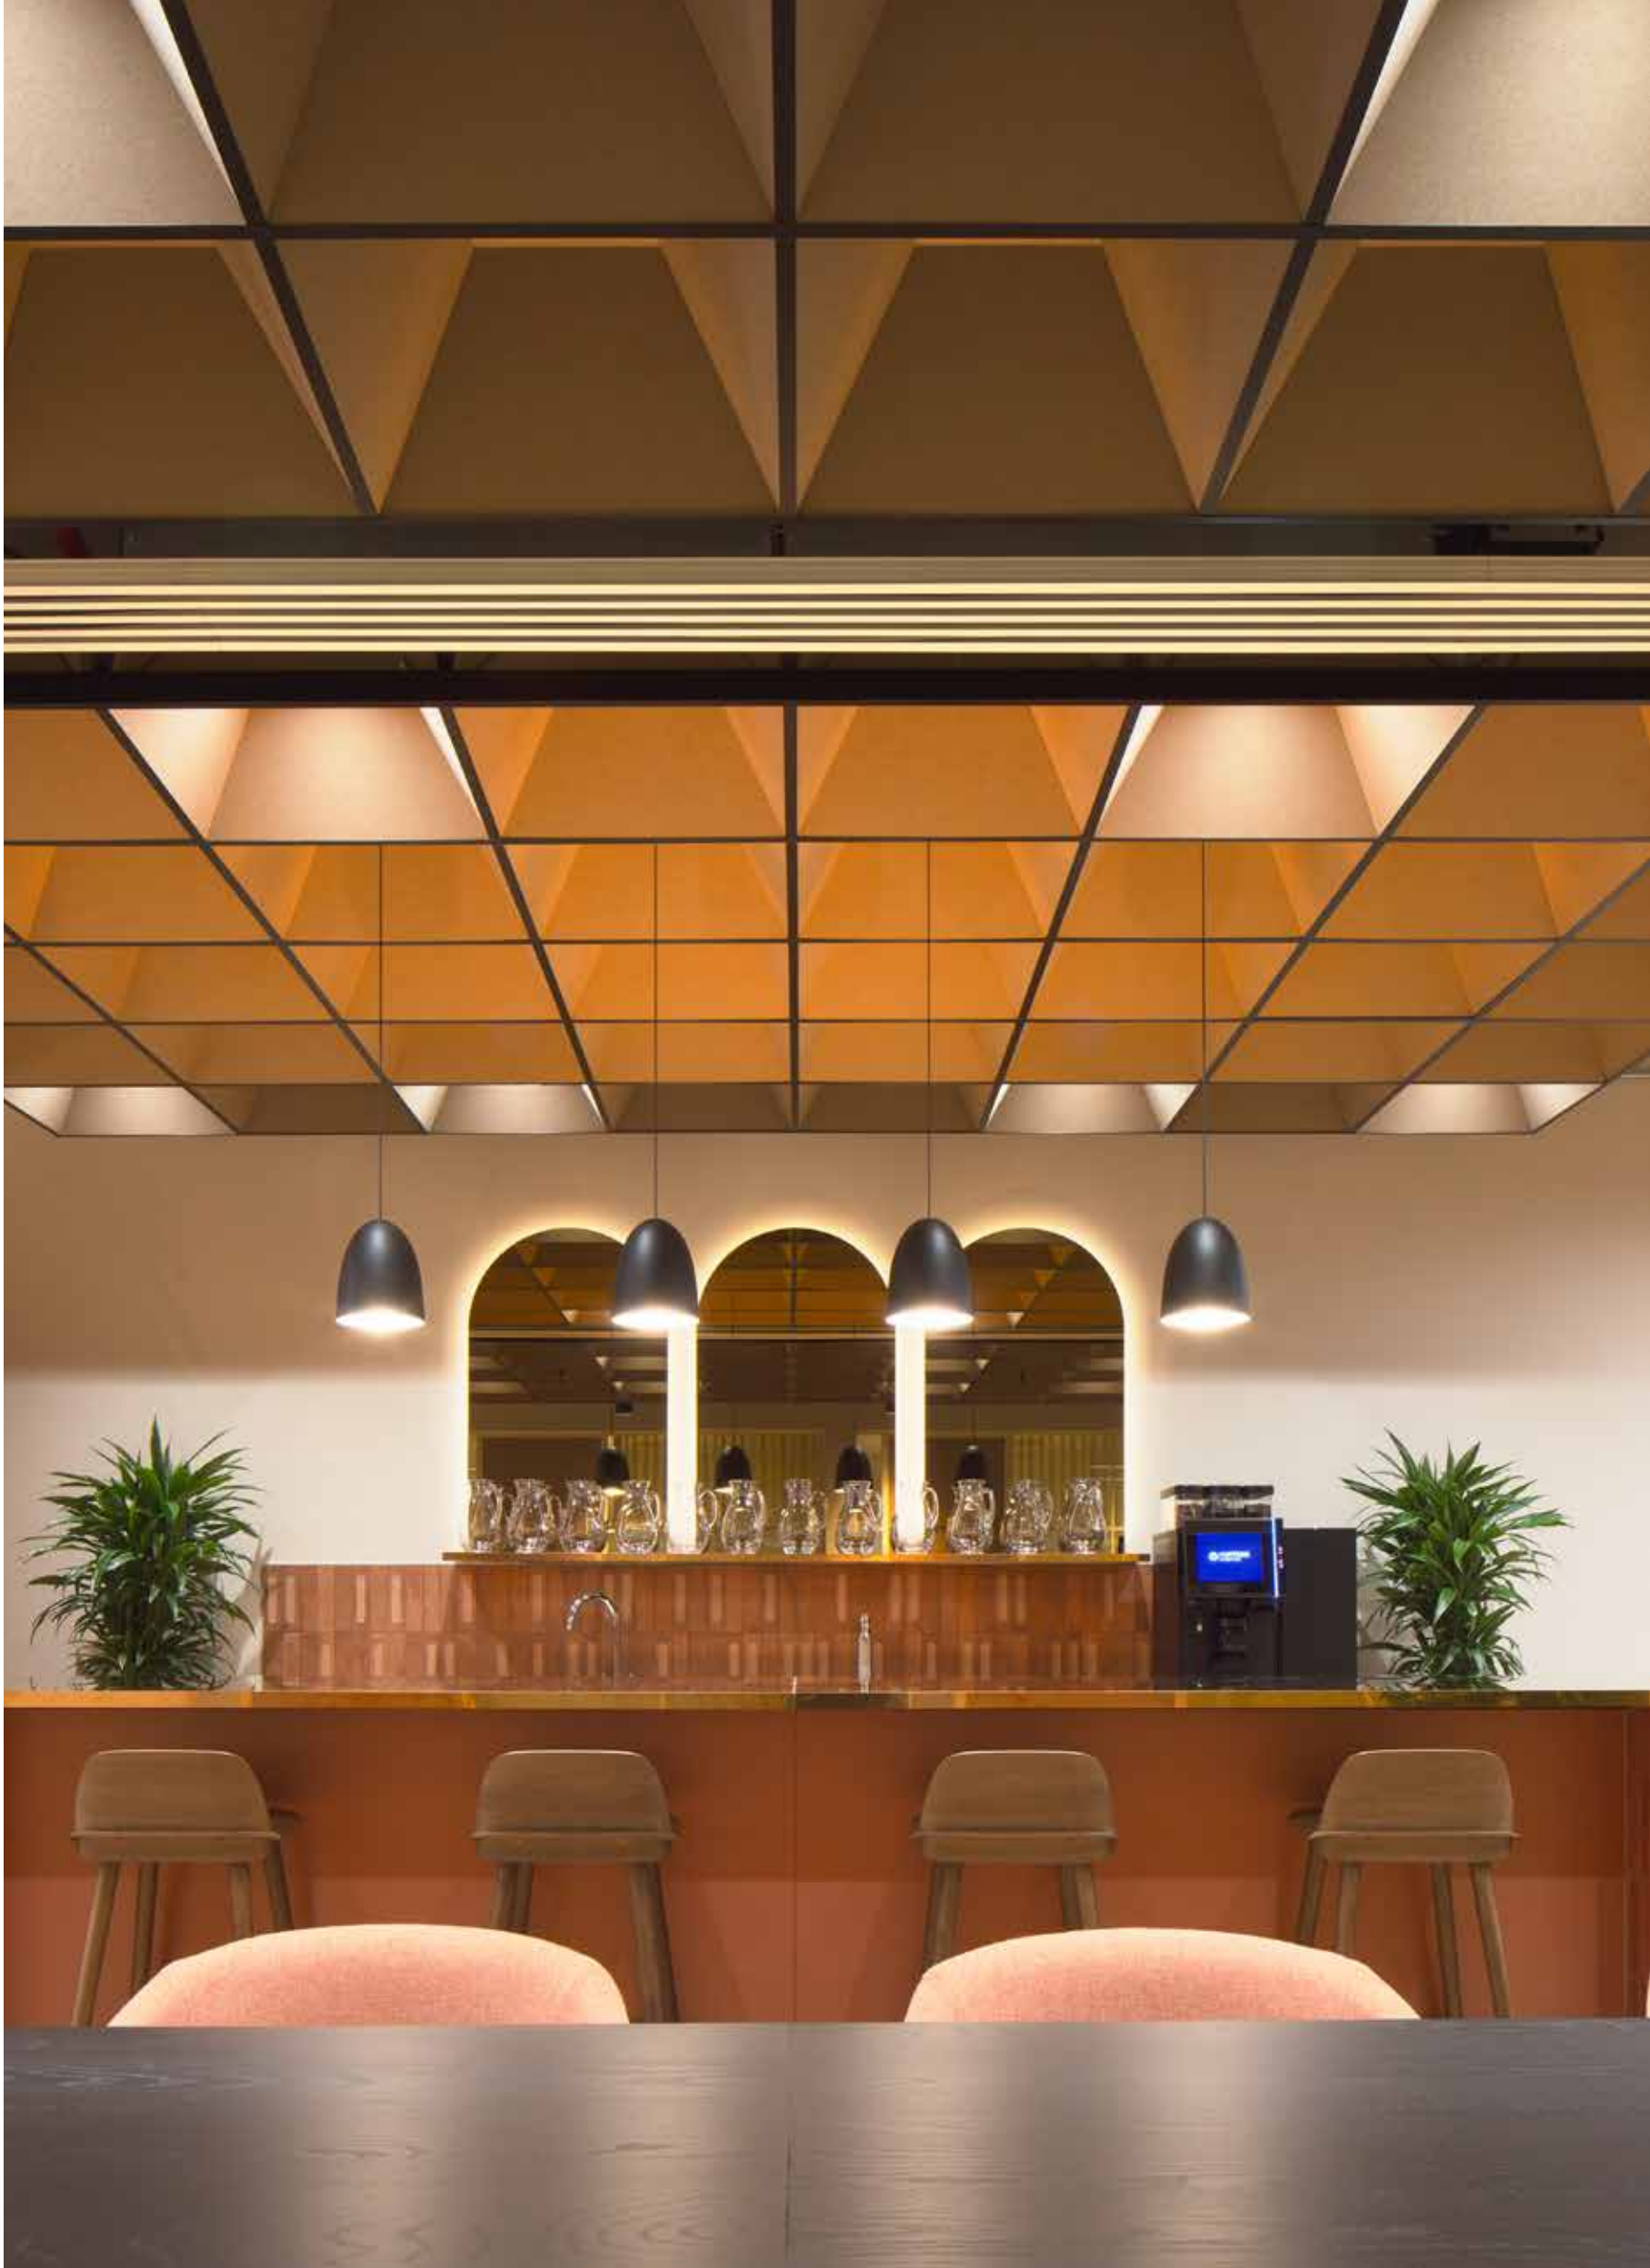

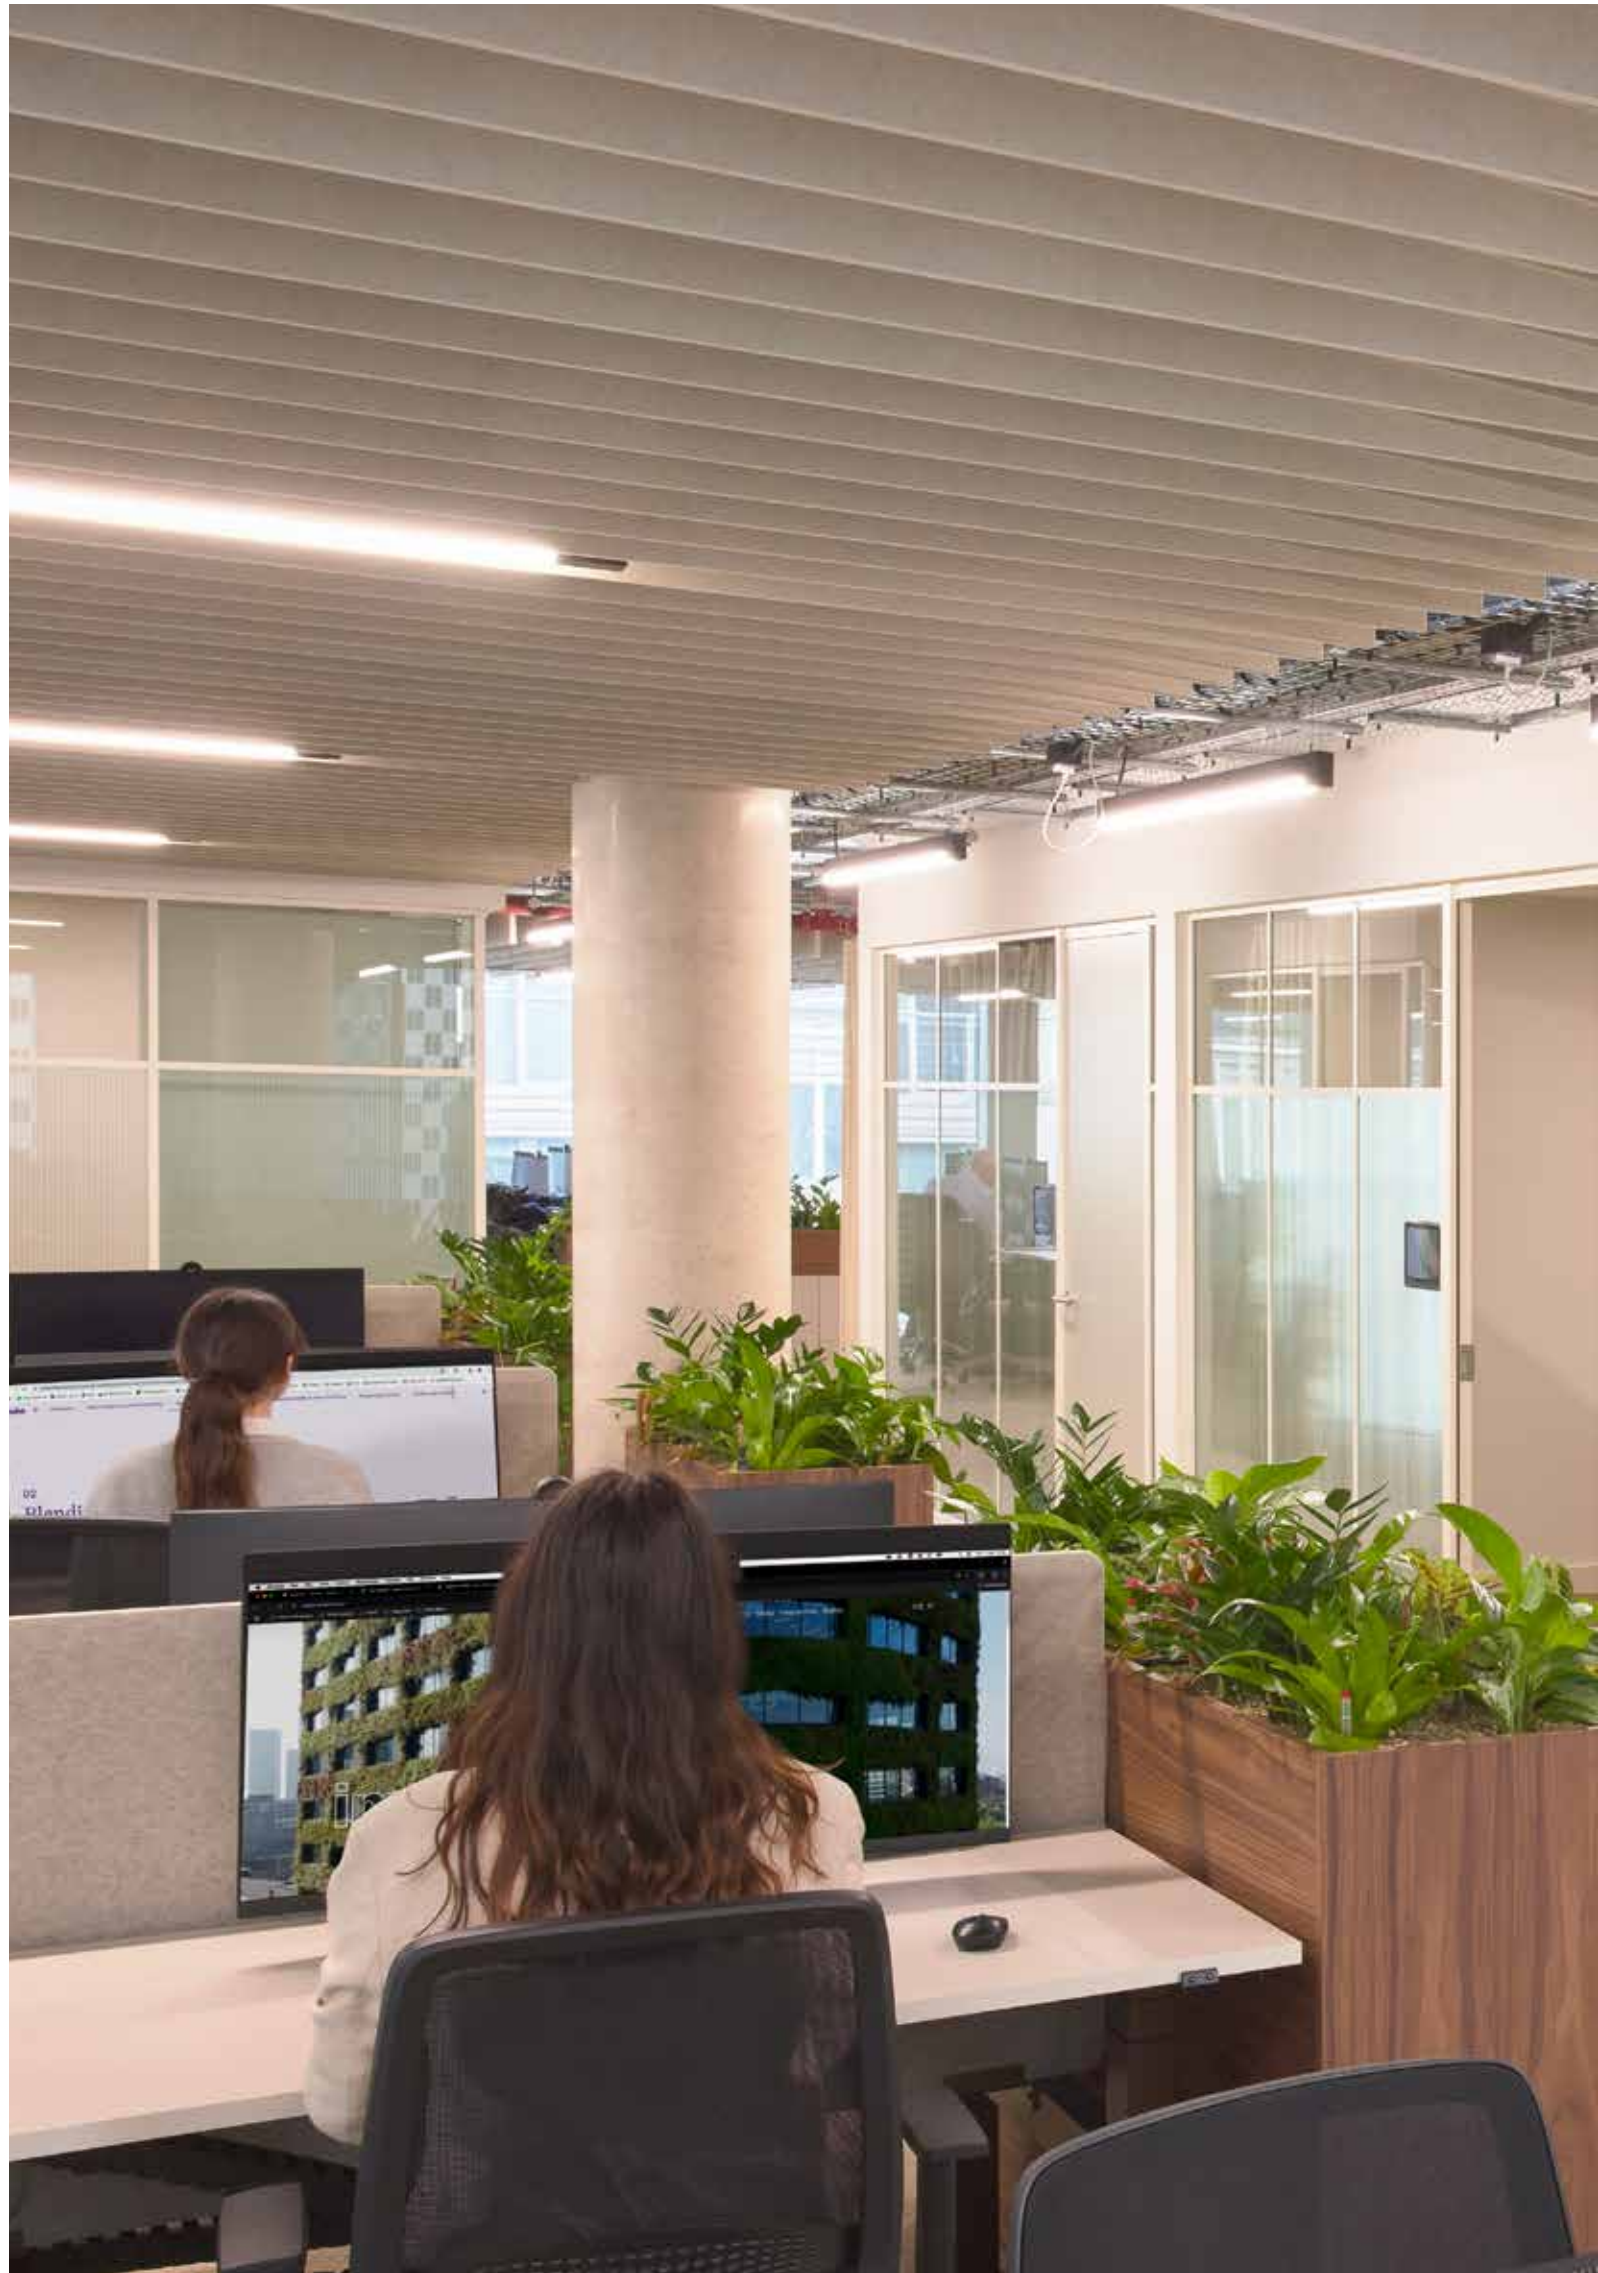

Available in Premier & WoodGrain Collections

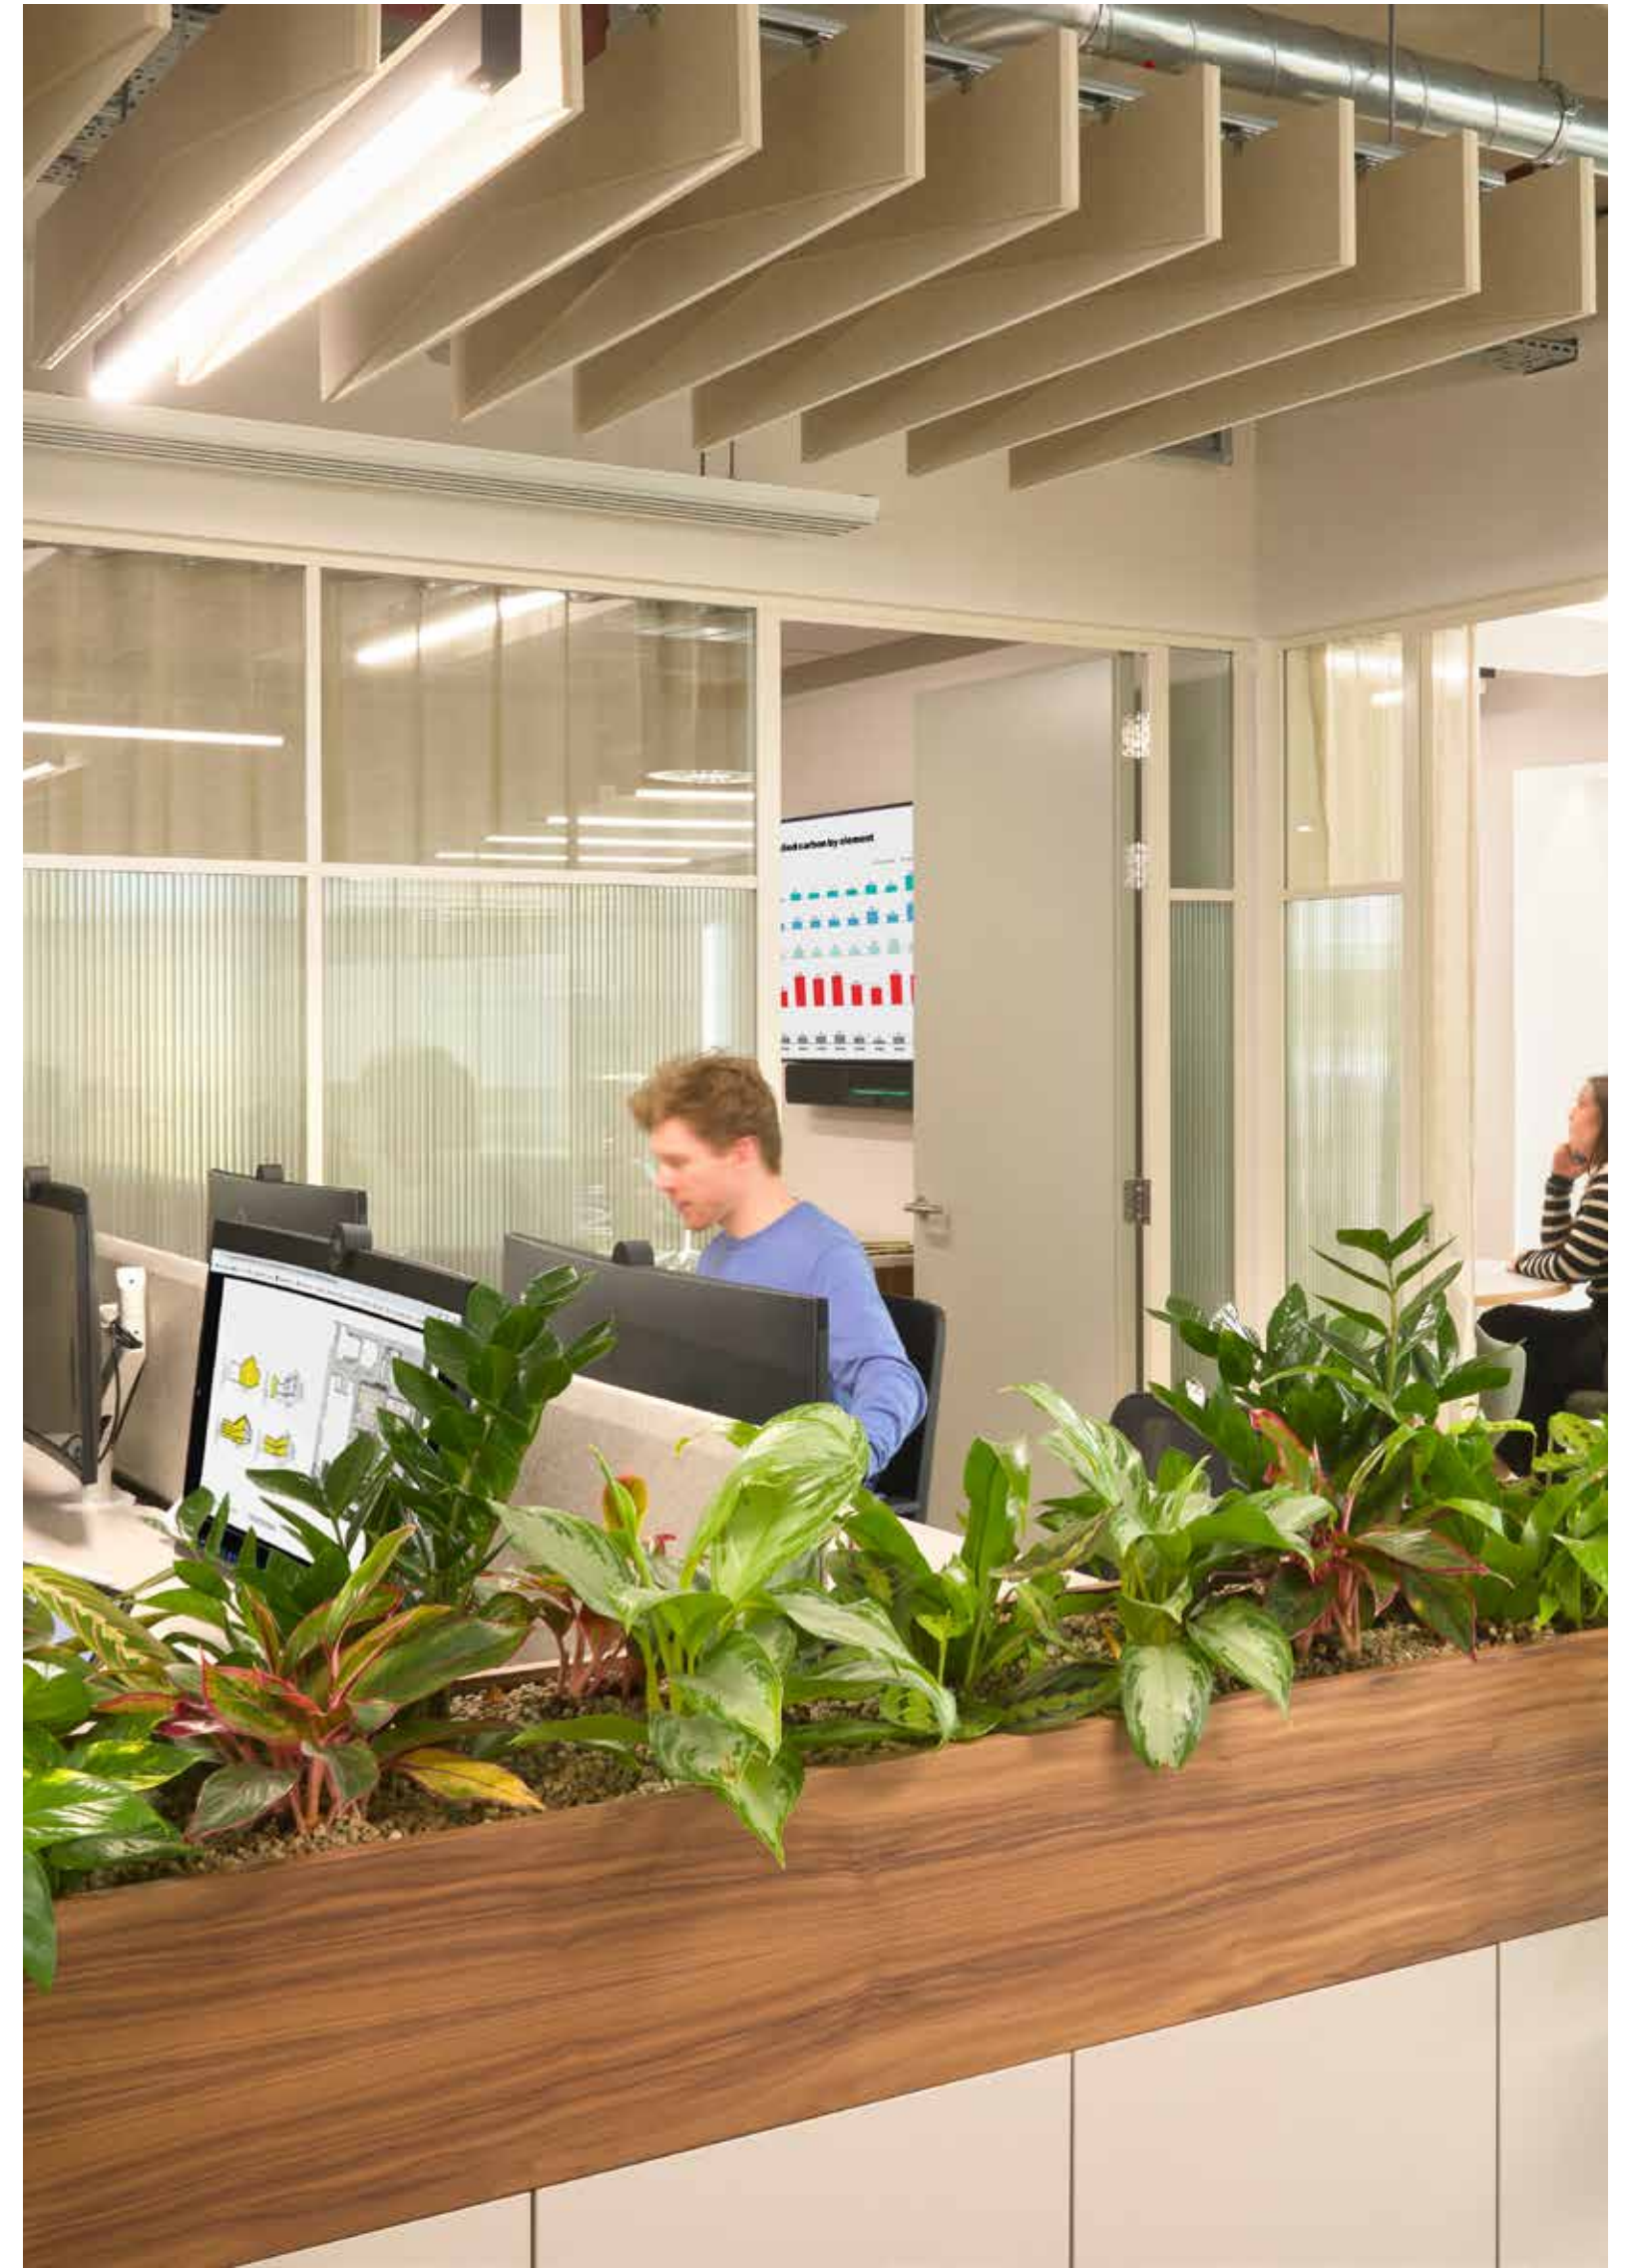

Skipping Stones is a collection of sculptural clouds that captivates the eye and transforms its surroundings. Ideal for expansive, open areas, these clouds command attention while maintaining a sense of lightness.

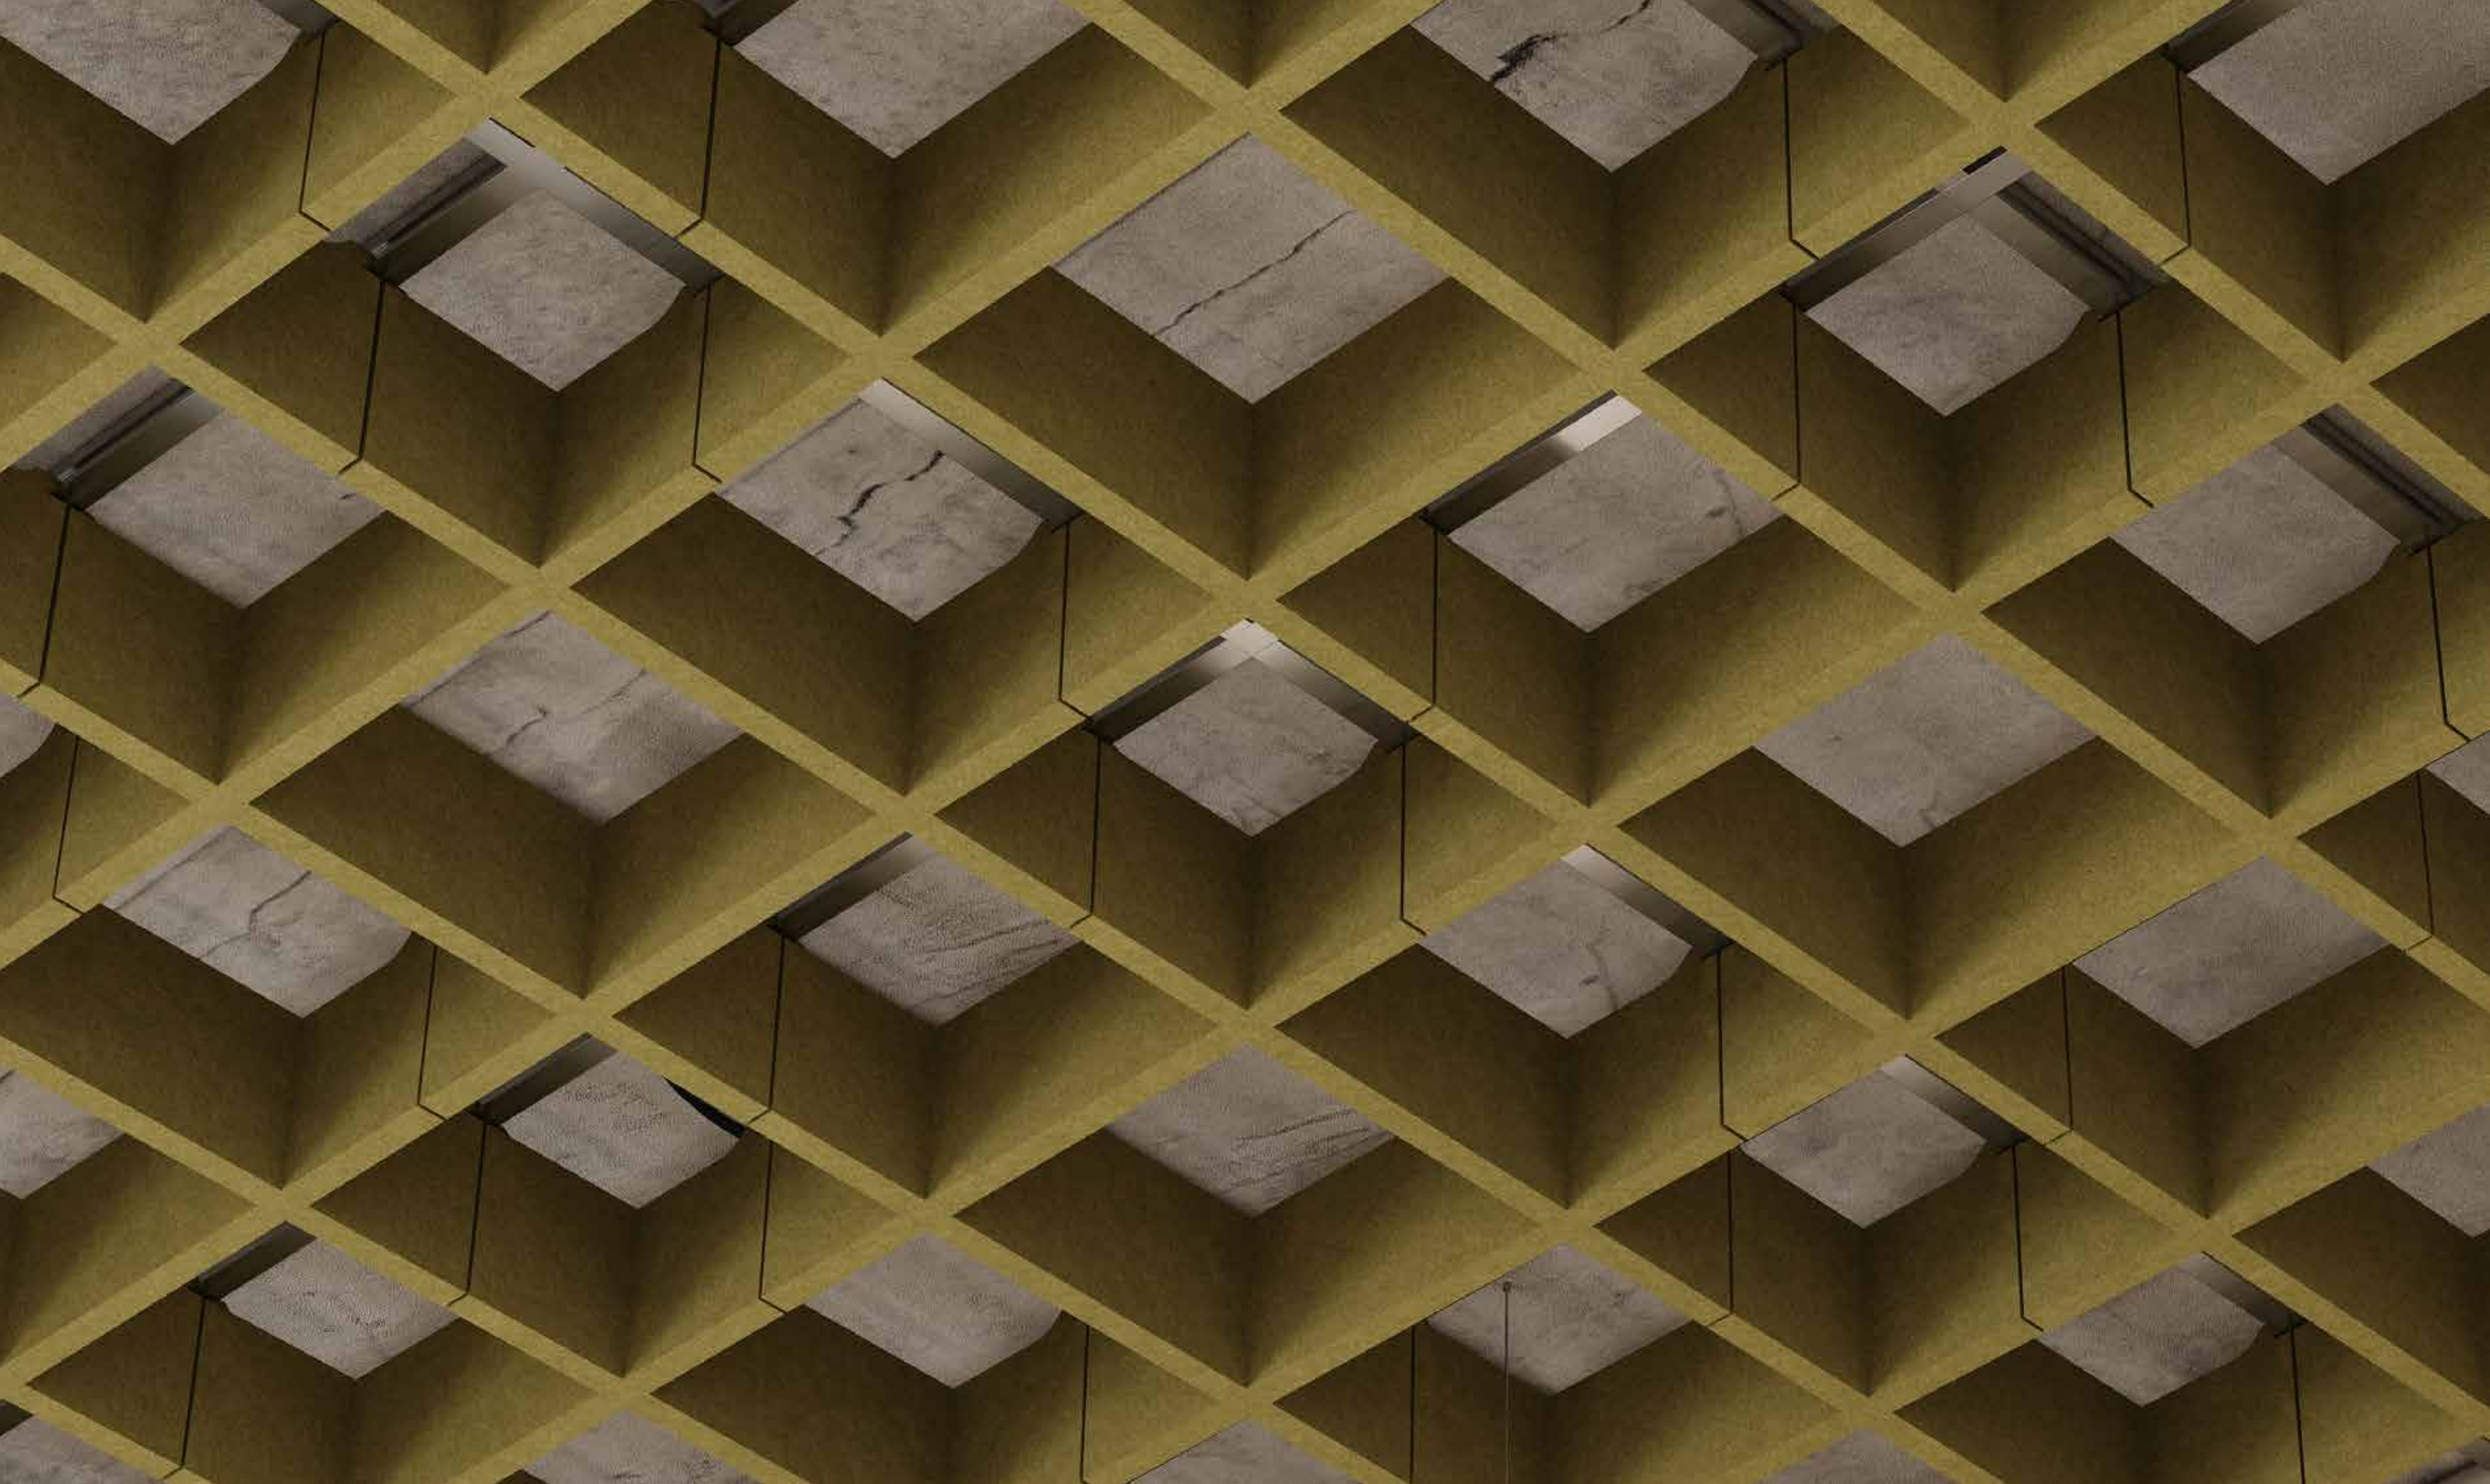

Gleeds

Wall | Premier Solid Panels, QuietForm Celestial | Pearl & Ivory
Ceiling | Premier Baffles Reveal & Fan, Castillo | Ivory, Pearl & Walnut

Woven

Available in Premier & WoodGrain Collections

Woven's Buffalo design is defined by its bold, evenly spaced grid, creating a striking yet balanced aesthetic. This pattern brings a sense of structure and warmth to any setting.

Aero

Available in Premier Collection

Inspired by the fluid lines of natural forms, Aero Ceiling Baffles introduces a sense of movement and balance to the ceiling plane. Its gentle curvature guides the eye and subtly shapes the spatial flow, creating a dynamic overhead aesthetic.

Crest

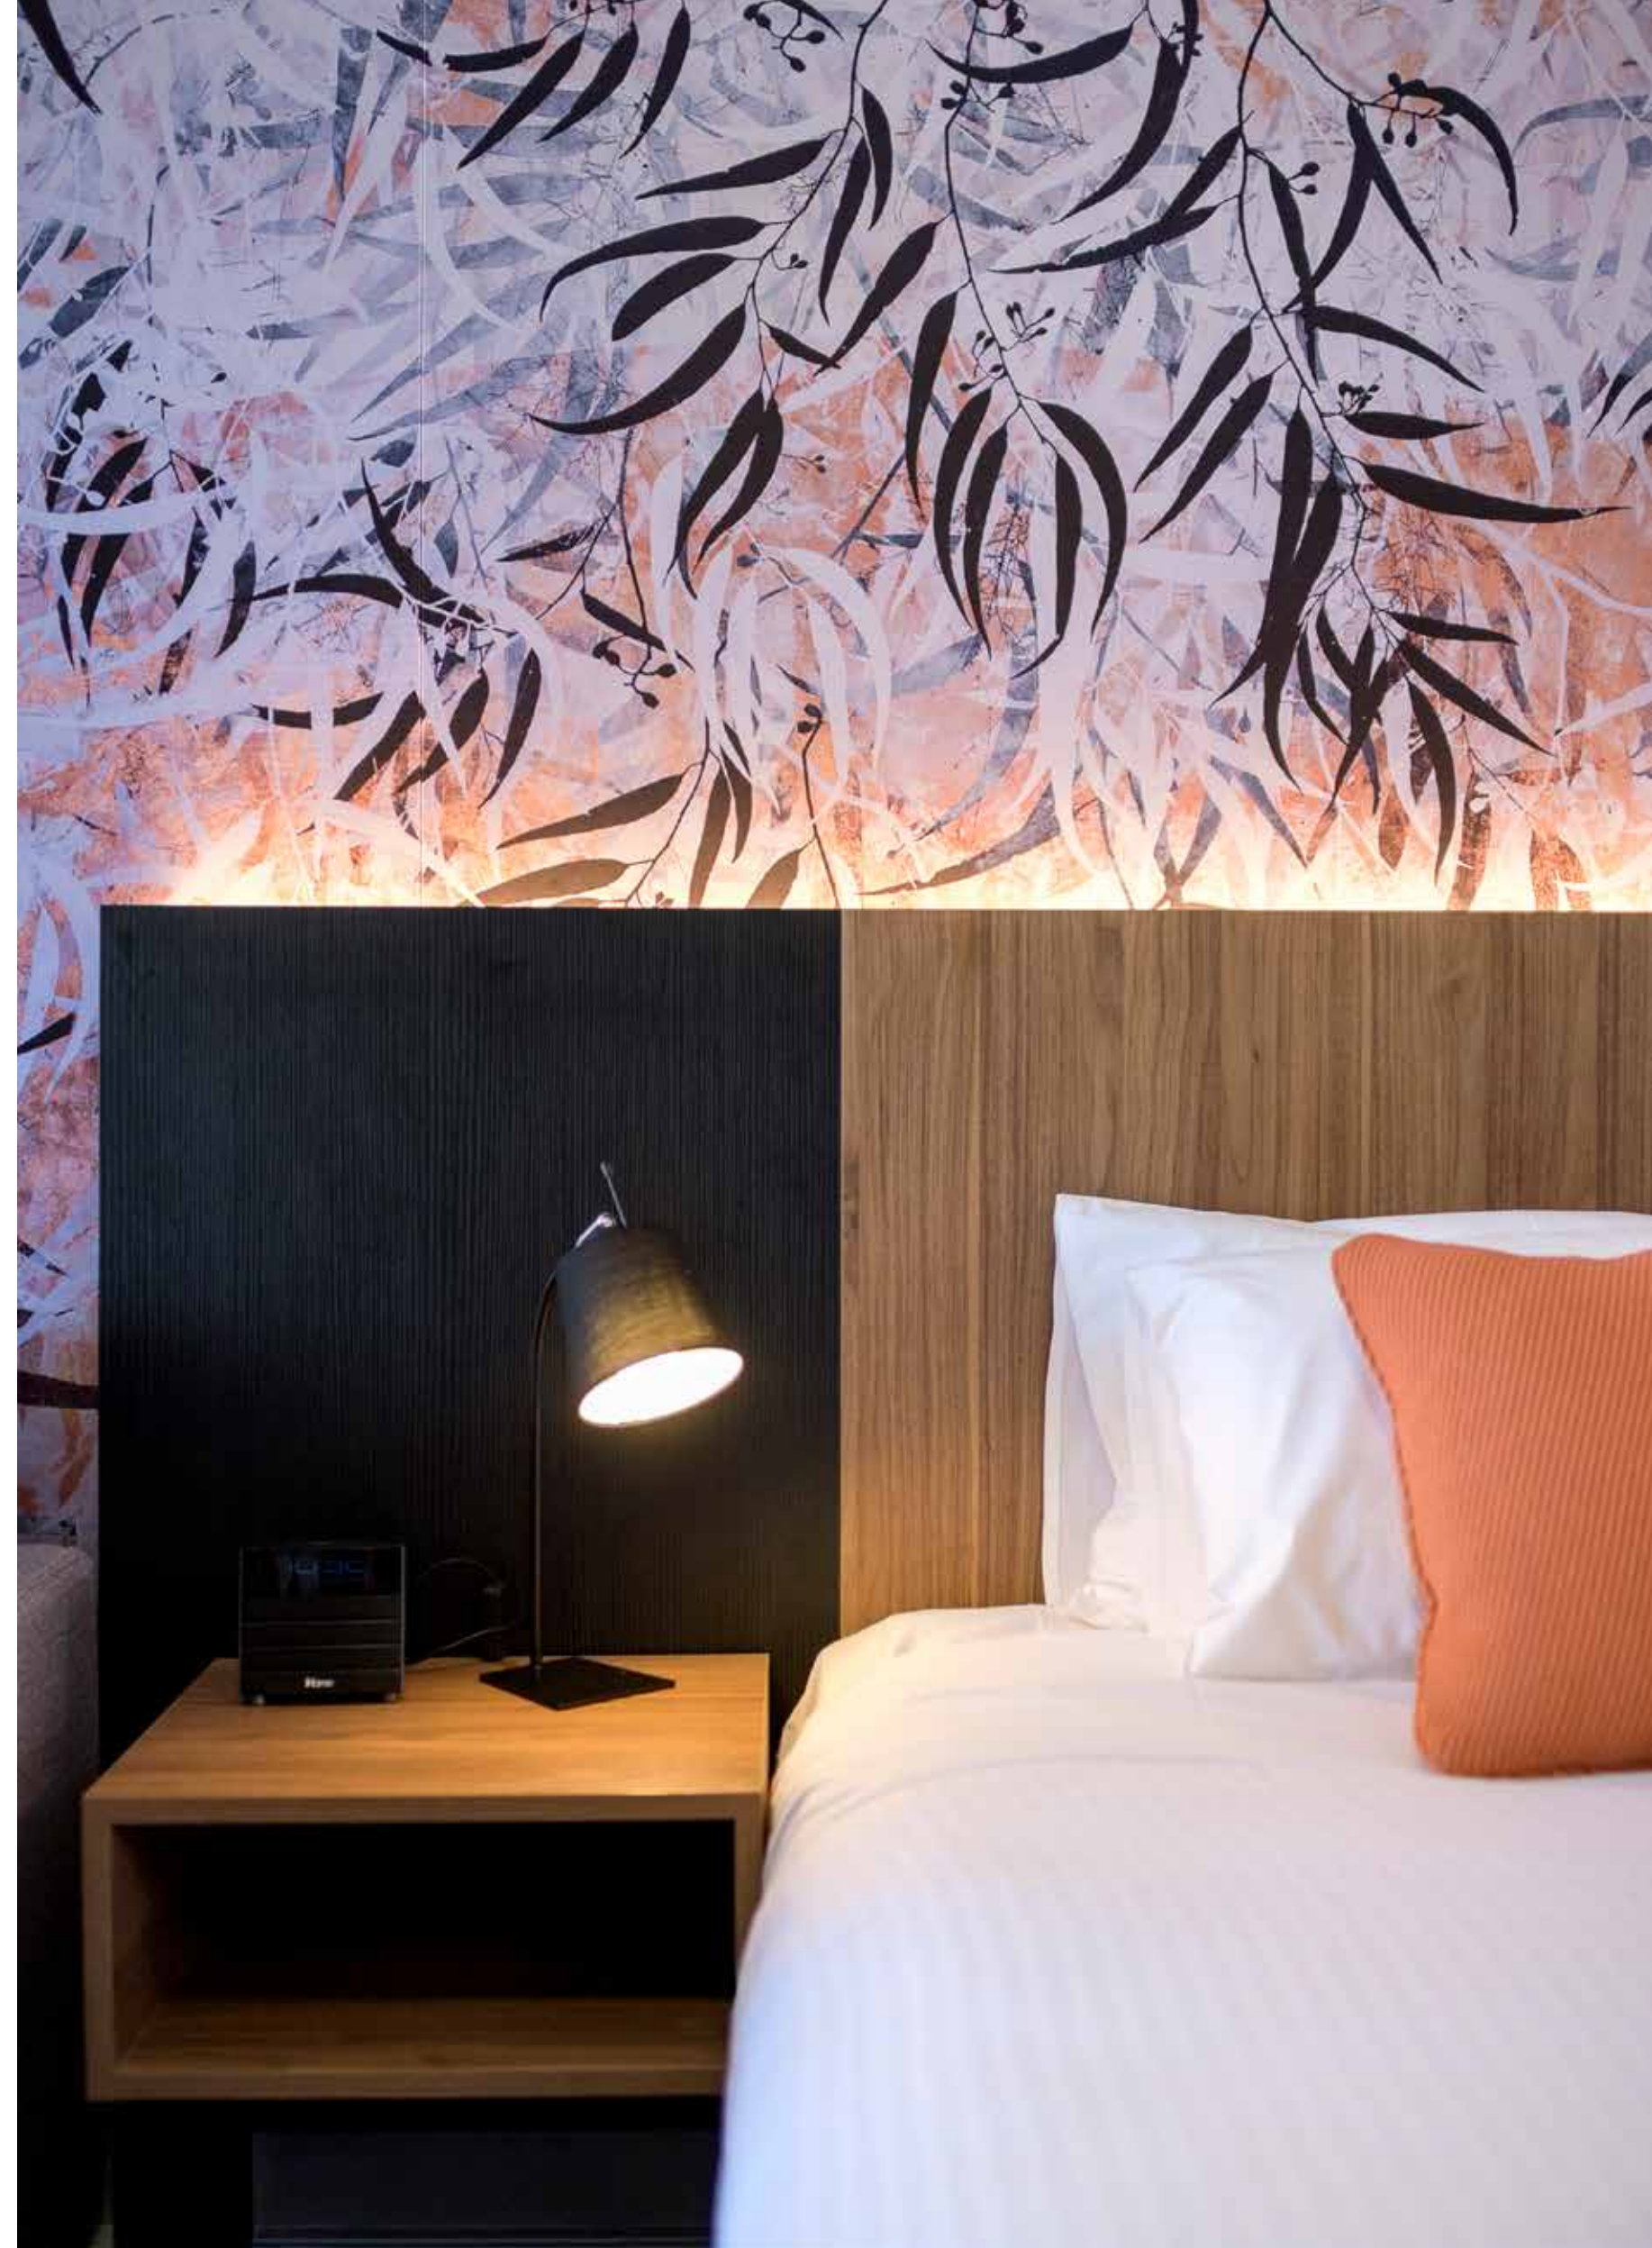

Available in Premier & WoodGrain Collections

With beautifully shaped, sound-absorbing felt, Crest ceiling clouds allow you to design an interesting ceilingscape while dampening distracting noise from busy spaces.

Novotel Hotel Barossa Valley

Wall | Custom Print

Canopy

Available in Premier & WoodGrain Collections

A minimalist design, Canopy ceiling clouds soften high-ceiling spaces, with raised edges adding volume and enhancing acoustic performance.

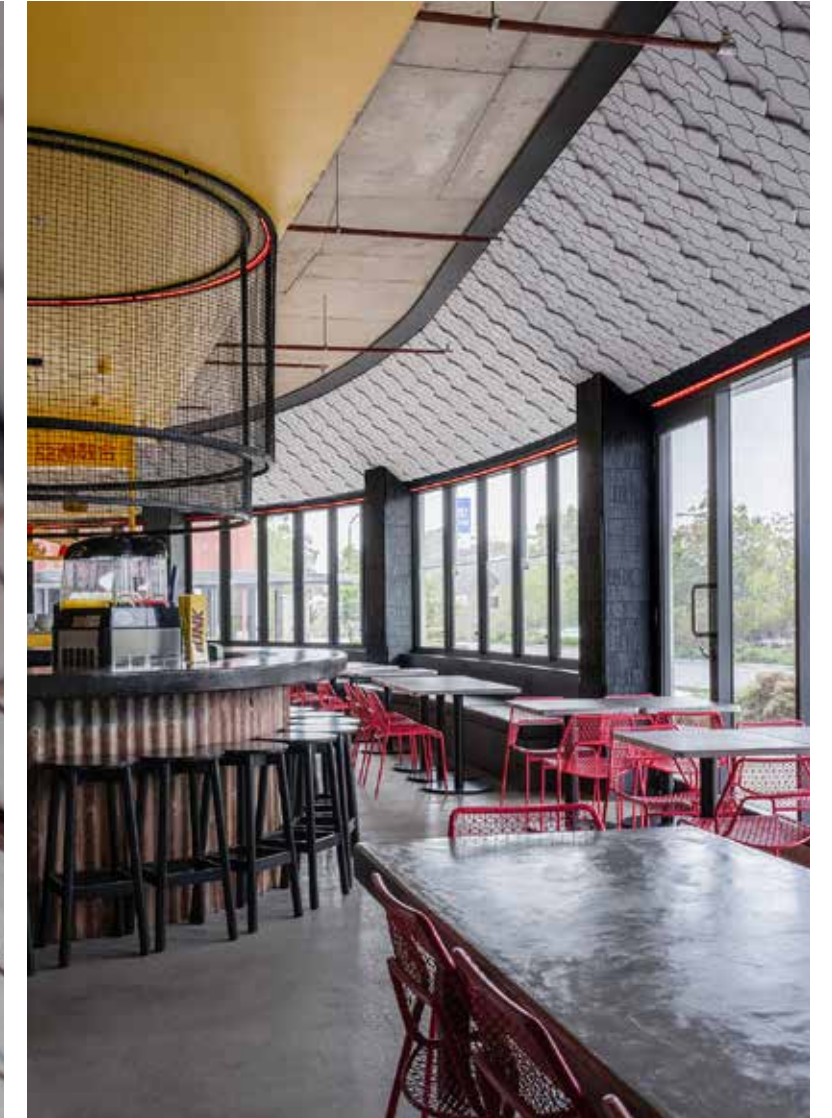

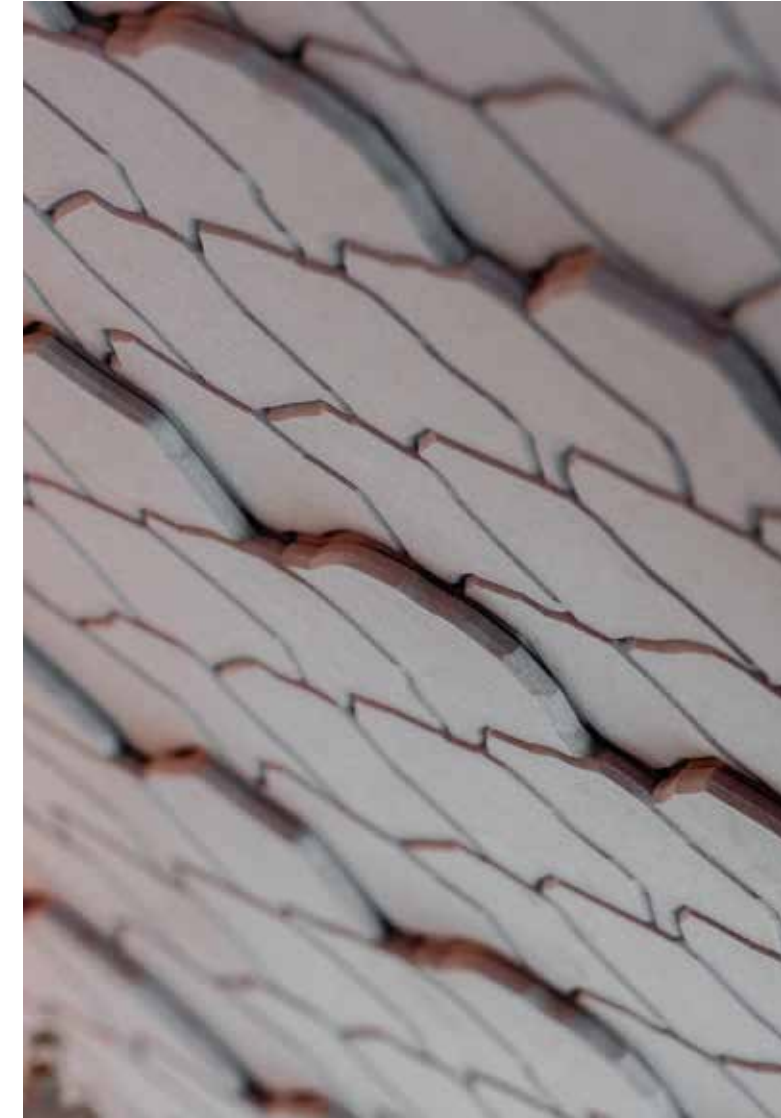

Recess

Available in Premier & WoodGrain Collections

Recess Chamfer Ceiling Frames boast a sleek angled edge and a lightweight design, making them easy to install in any space.

Junk Restaurant

Ceiling | Printed Panel Custom

Inspired by the rich cultural tapestry of Southeast Asia, Architect and Interior Designer at Zest, Francisco Letelier, approached Acoufelt to request a custom acoustic solution with a three-dimensional 'dragon scale' appearance.

Leonardo Student Accommodation

Wall | Premier Panel & Fracture Trellis | Currant

Aesthetic acoustic solution for modern and historical interior spaces using Fracture and Solid wall panels.

Boketto

WoodGrain Custom Ceiling Clouds | Teak

Swing

Available in Premier & WoodGrain Collections

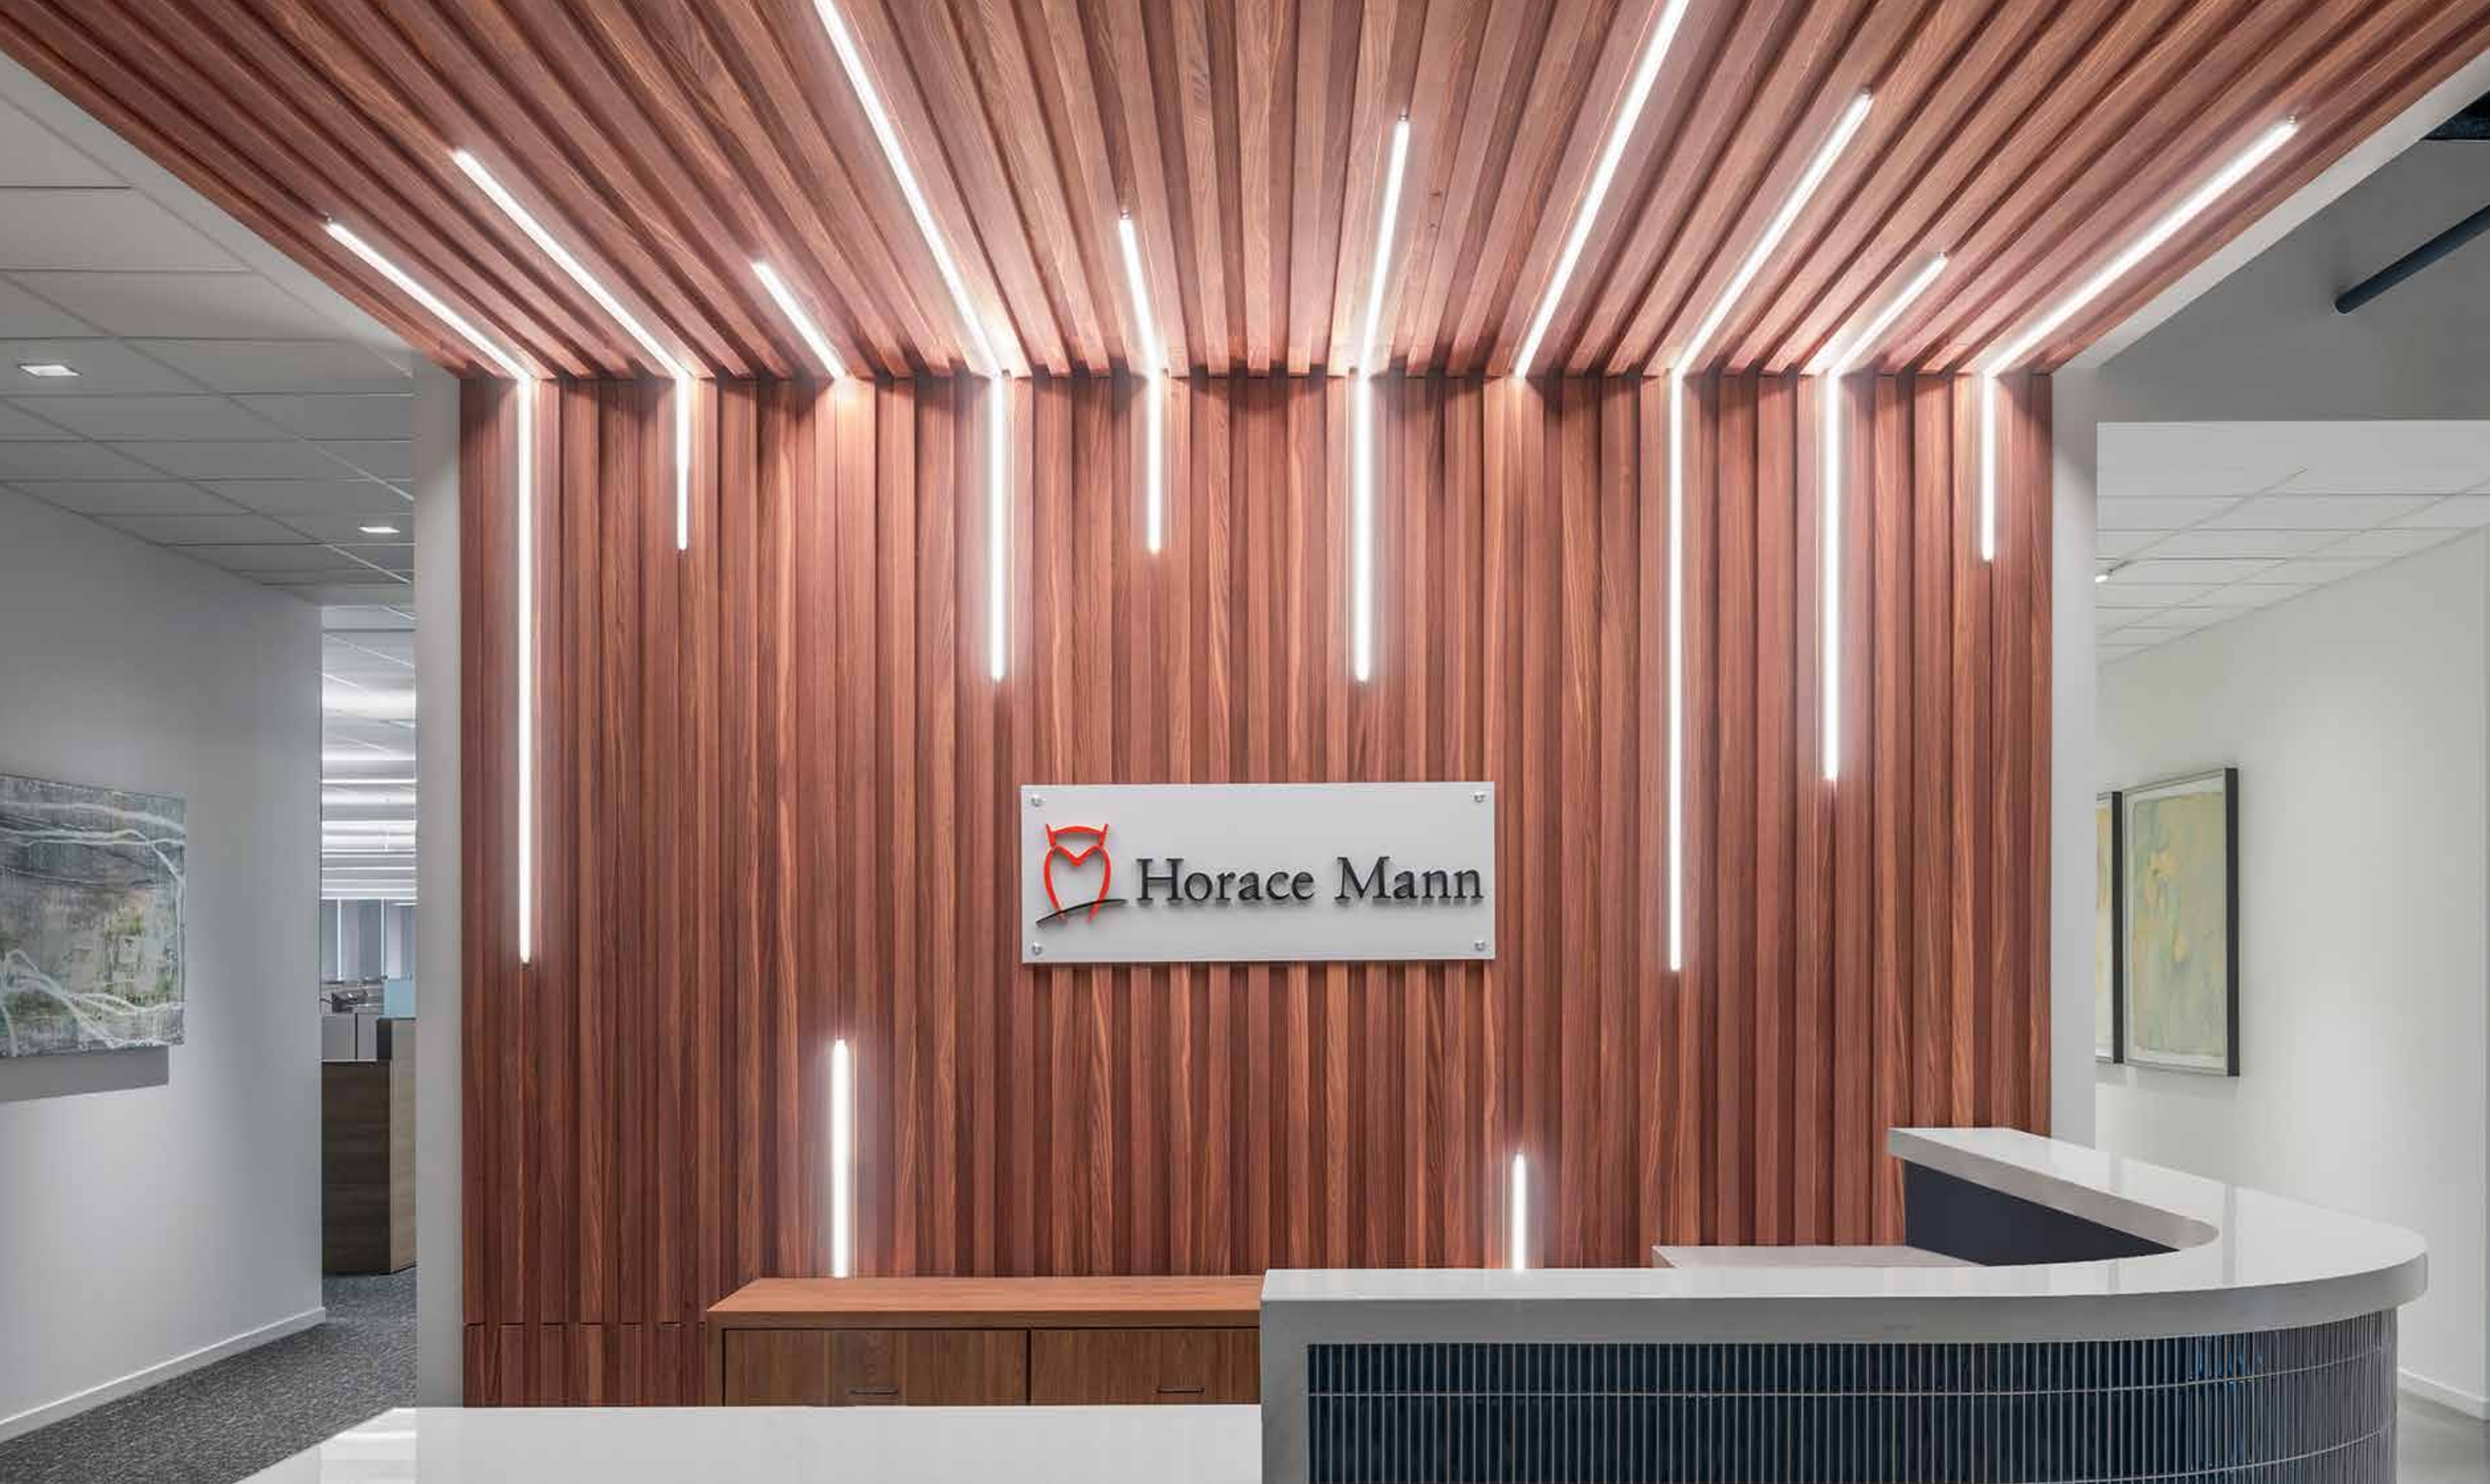

The Swing ceiling clouds are shaped to resemble the black rubber swing seat from childhood. They can be easily suspended from the ceiling and add a playful touch to any space with their organic shape.

Halo

Available in Premier Collection

Halo Ceiling Cloud is a fully integrated acoustic ceiling system for direct-to-ceiling installation, combining functional performance with a distinctive circular form.

Horace Mann

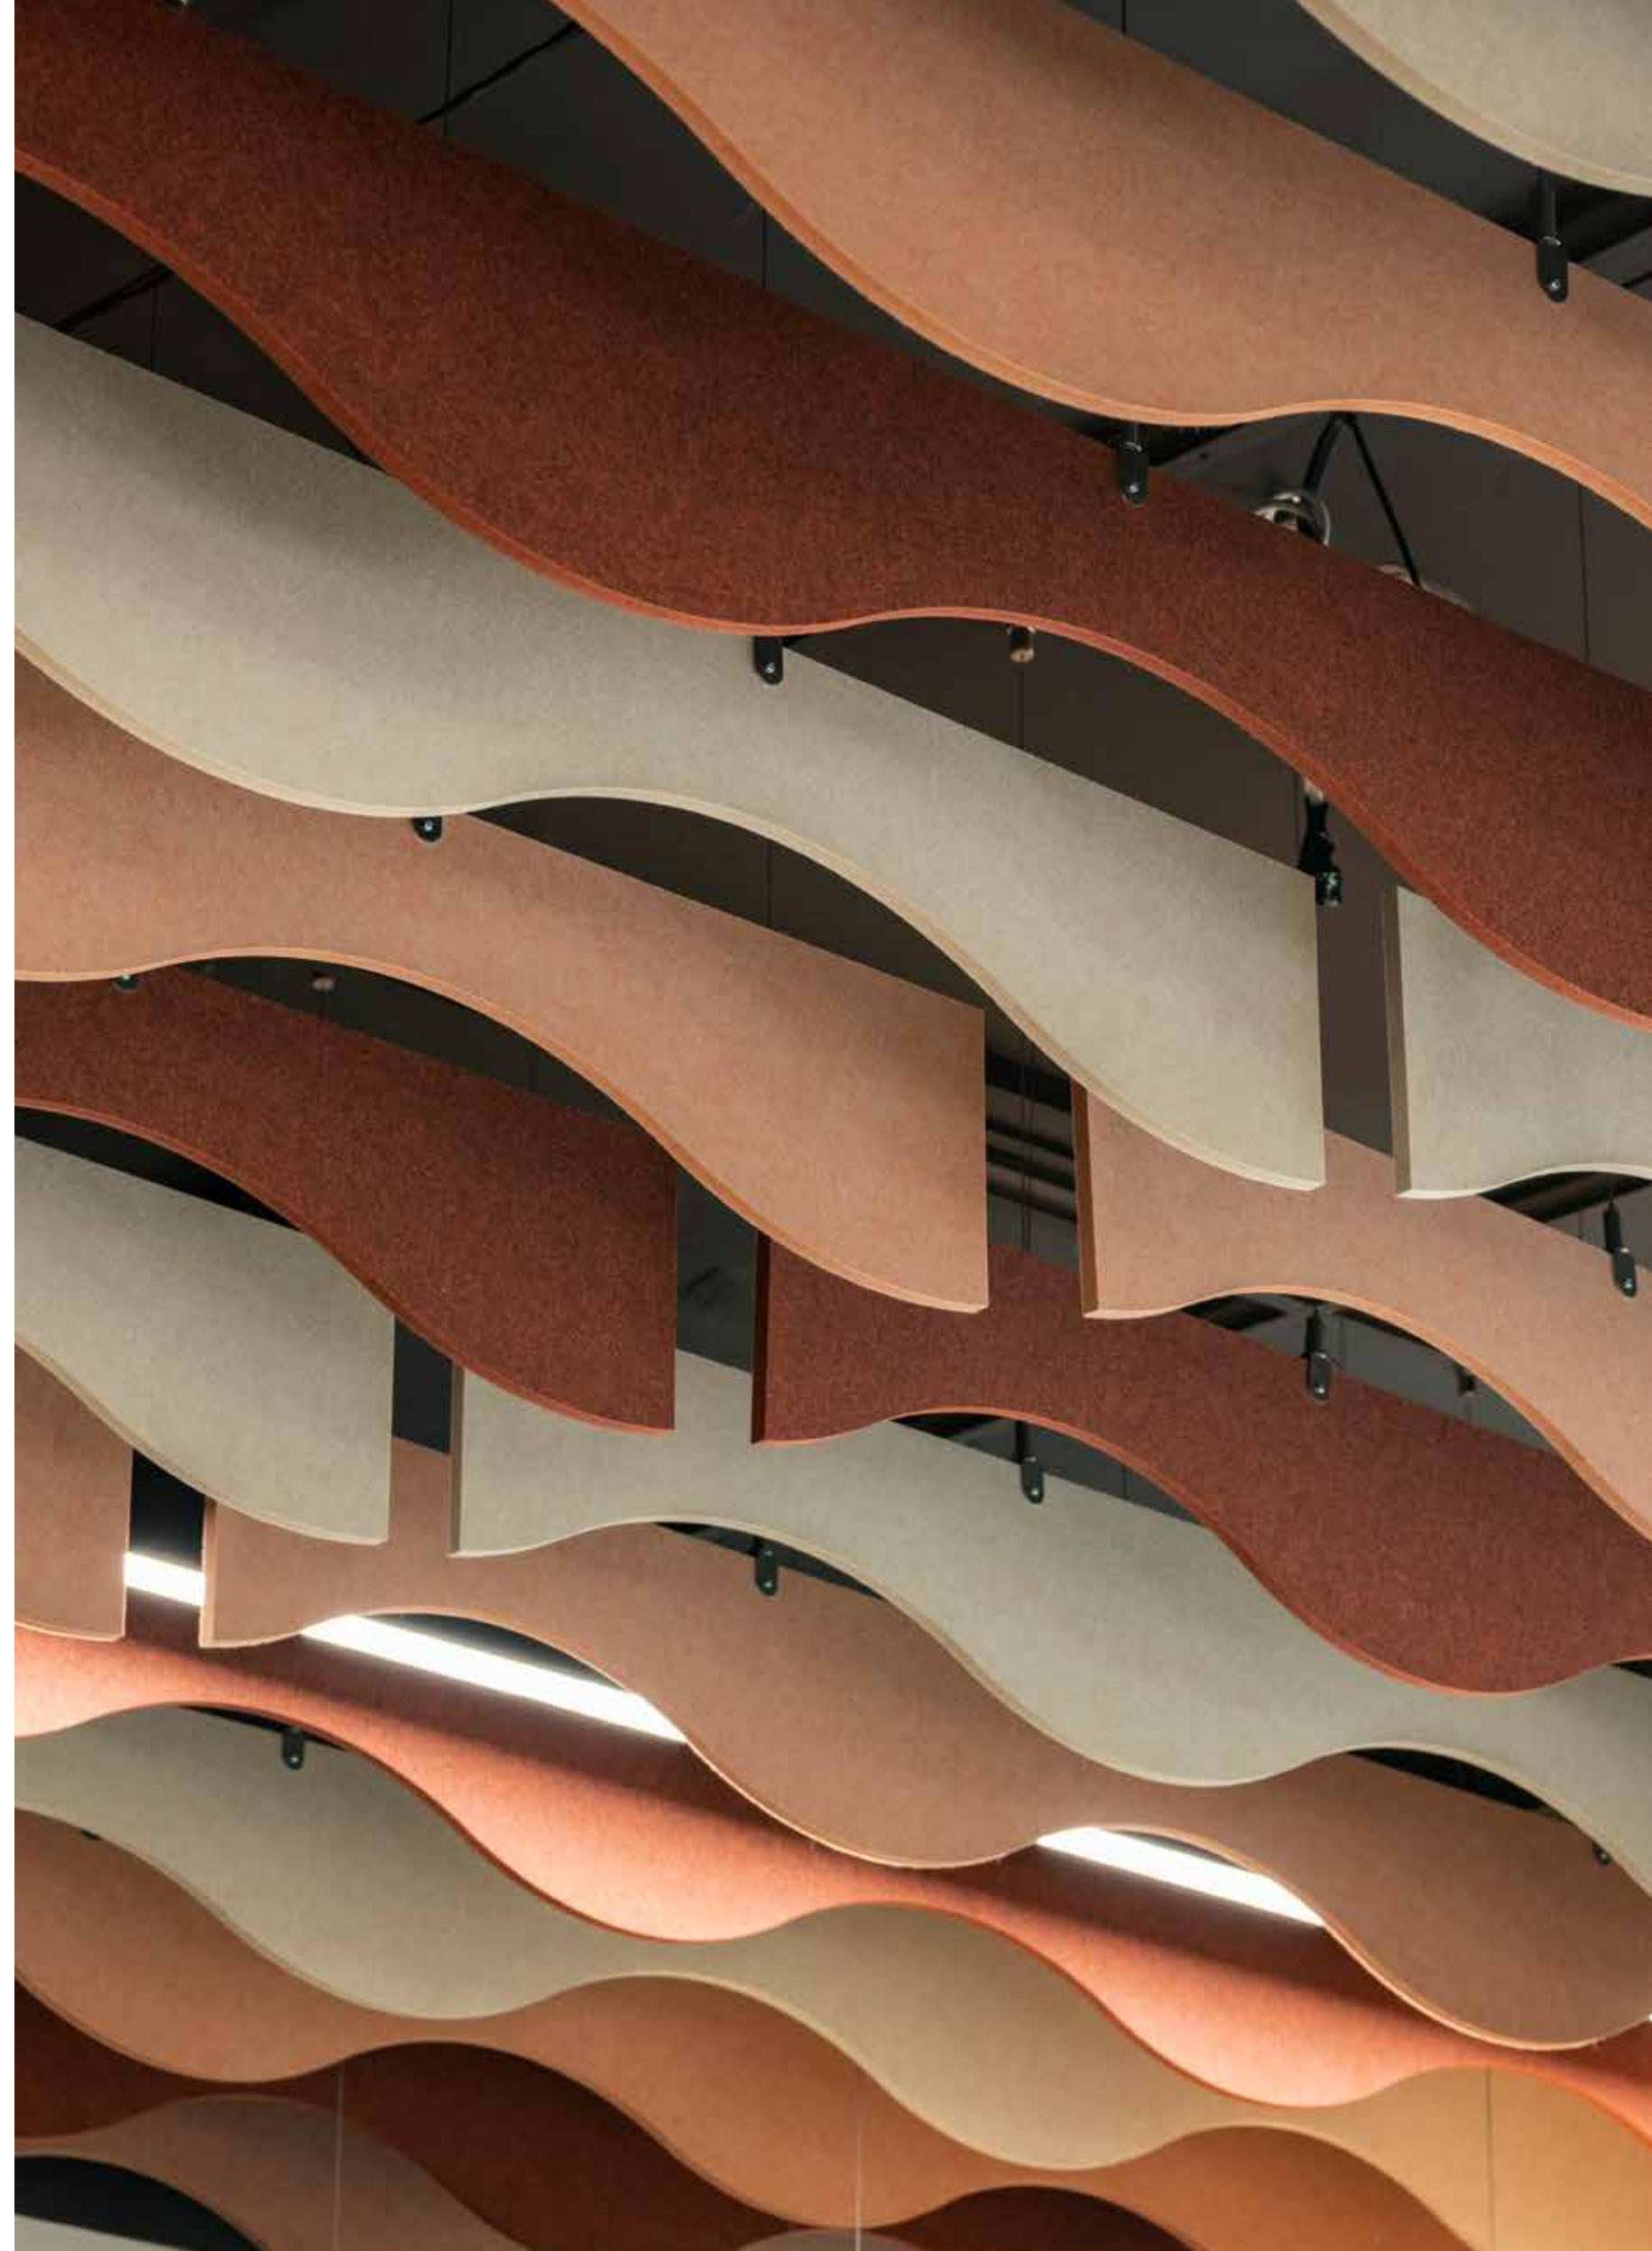

Ceiling | WoodGrain SoftenUp Plateau | European Larch

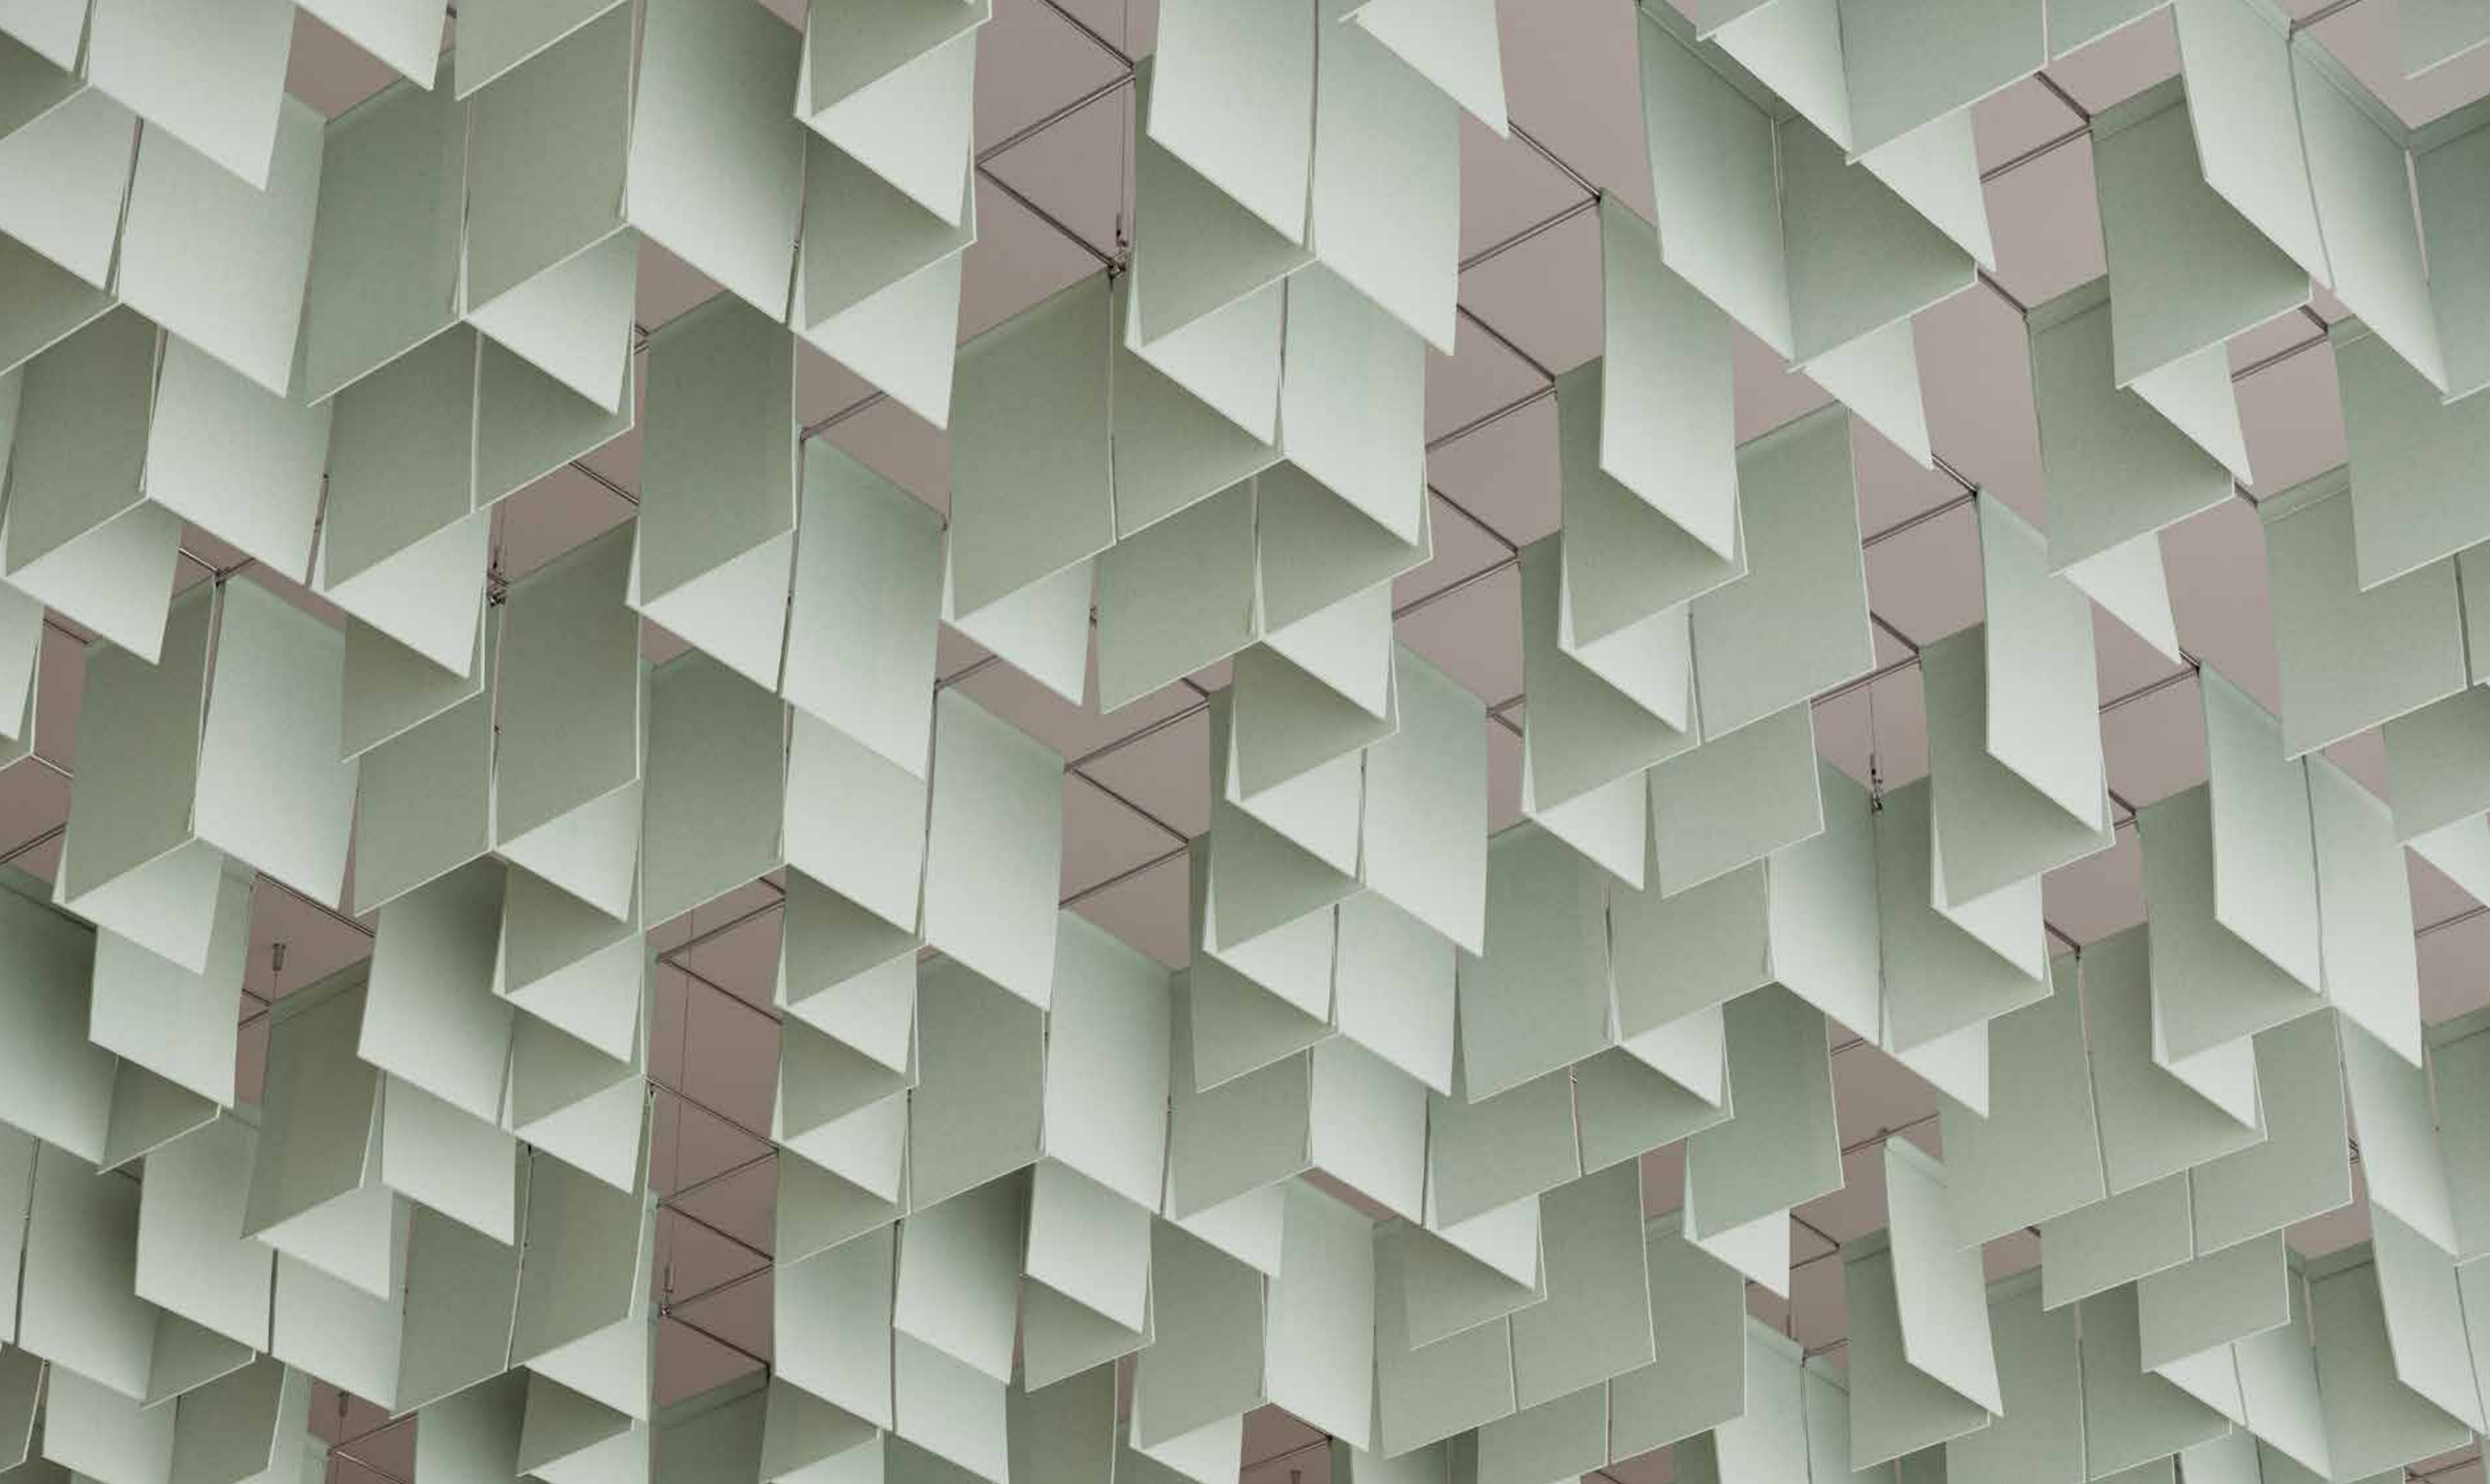

Specialised Assistance Youth School

Ceiling | Premier Baffles Ripple & Circle Clouds| Peach, Peppercorn, Slate, & Ivory

Tonal mix of baffles and clouds installed to inspire and improve acoustics in study zones.

Float

Available in Premier Collection

Float Stray Ceiling Clouds combine visual softness with acoustic comfort, suspended in natural layers that subtly move to create a calming, dynamic environment.

Frog Design

Ceiling | WoodBeQuiet Planks | Wine Barrel

The wood-printed planks add a rustic, warm contrast to the hard concrete finishes of the floor and walls.

Cohen Milstein

Ceiling | WoodGrain Cover Panel Concealed | Wine Barrel

Pan

Available in Premier & WoodGrain Collections

Pan Ceiling Clouds are dimensional ceiling clouds that softens high-ceiling spaces, creating a more intimate, conversation-friendly environment while enhancing sound absorption.

Stack

Available in Premier Collection

Stack Ceiling Baffles have a unique design that adds more dimension and color to any space. This product is available in a wide range of standard sizes and allows for specification in one or two colors

Gills

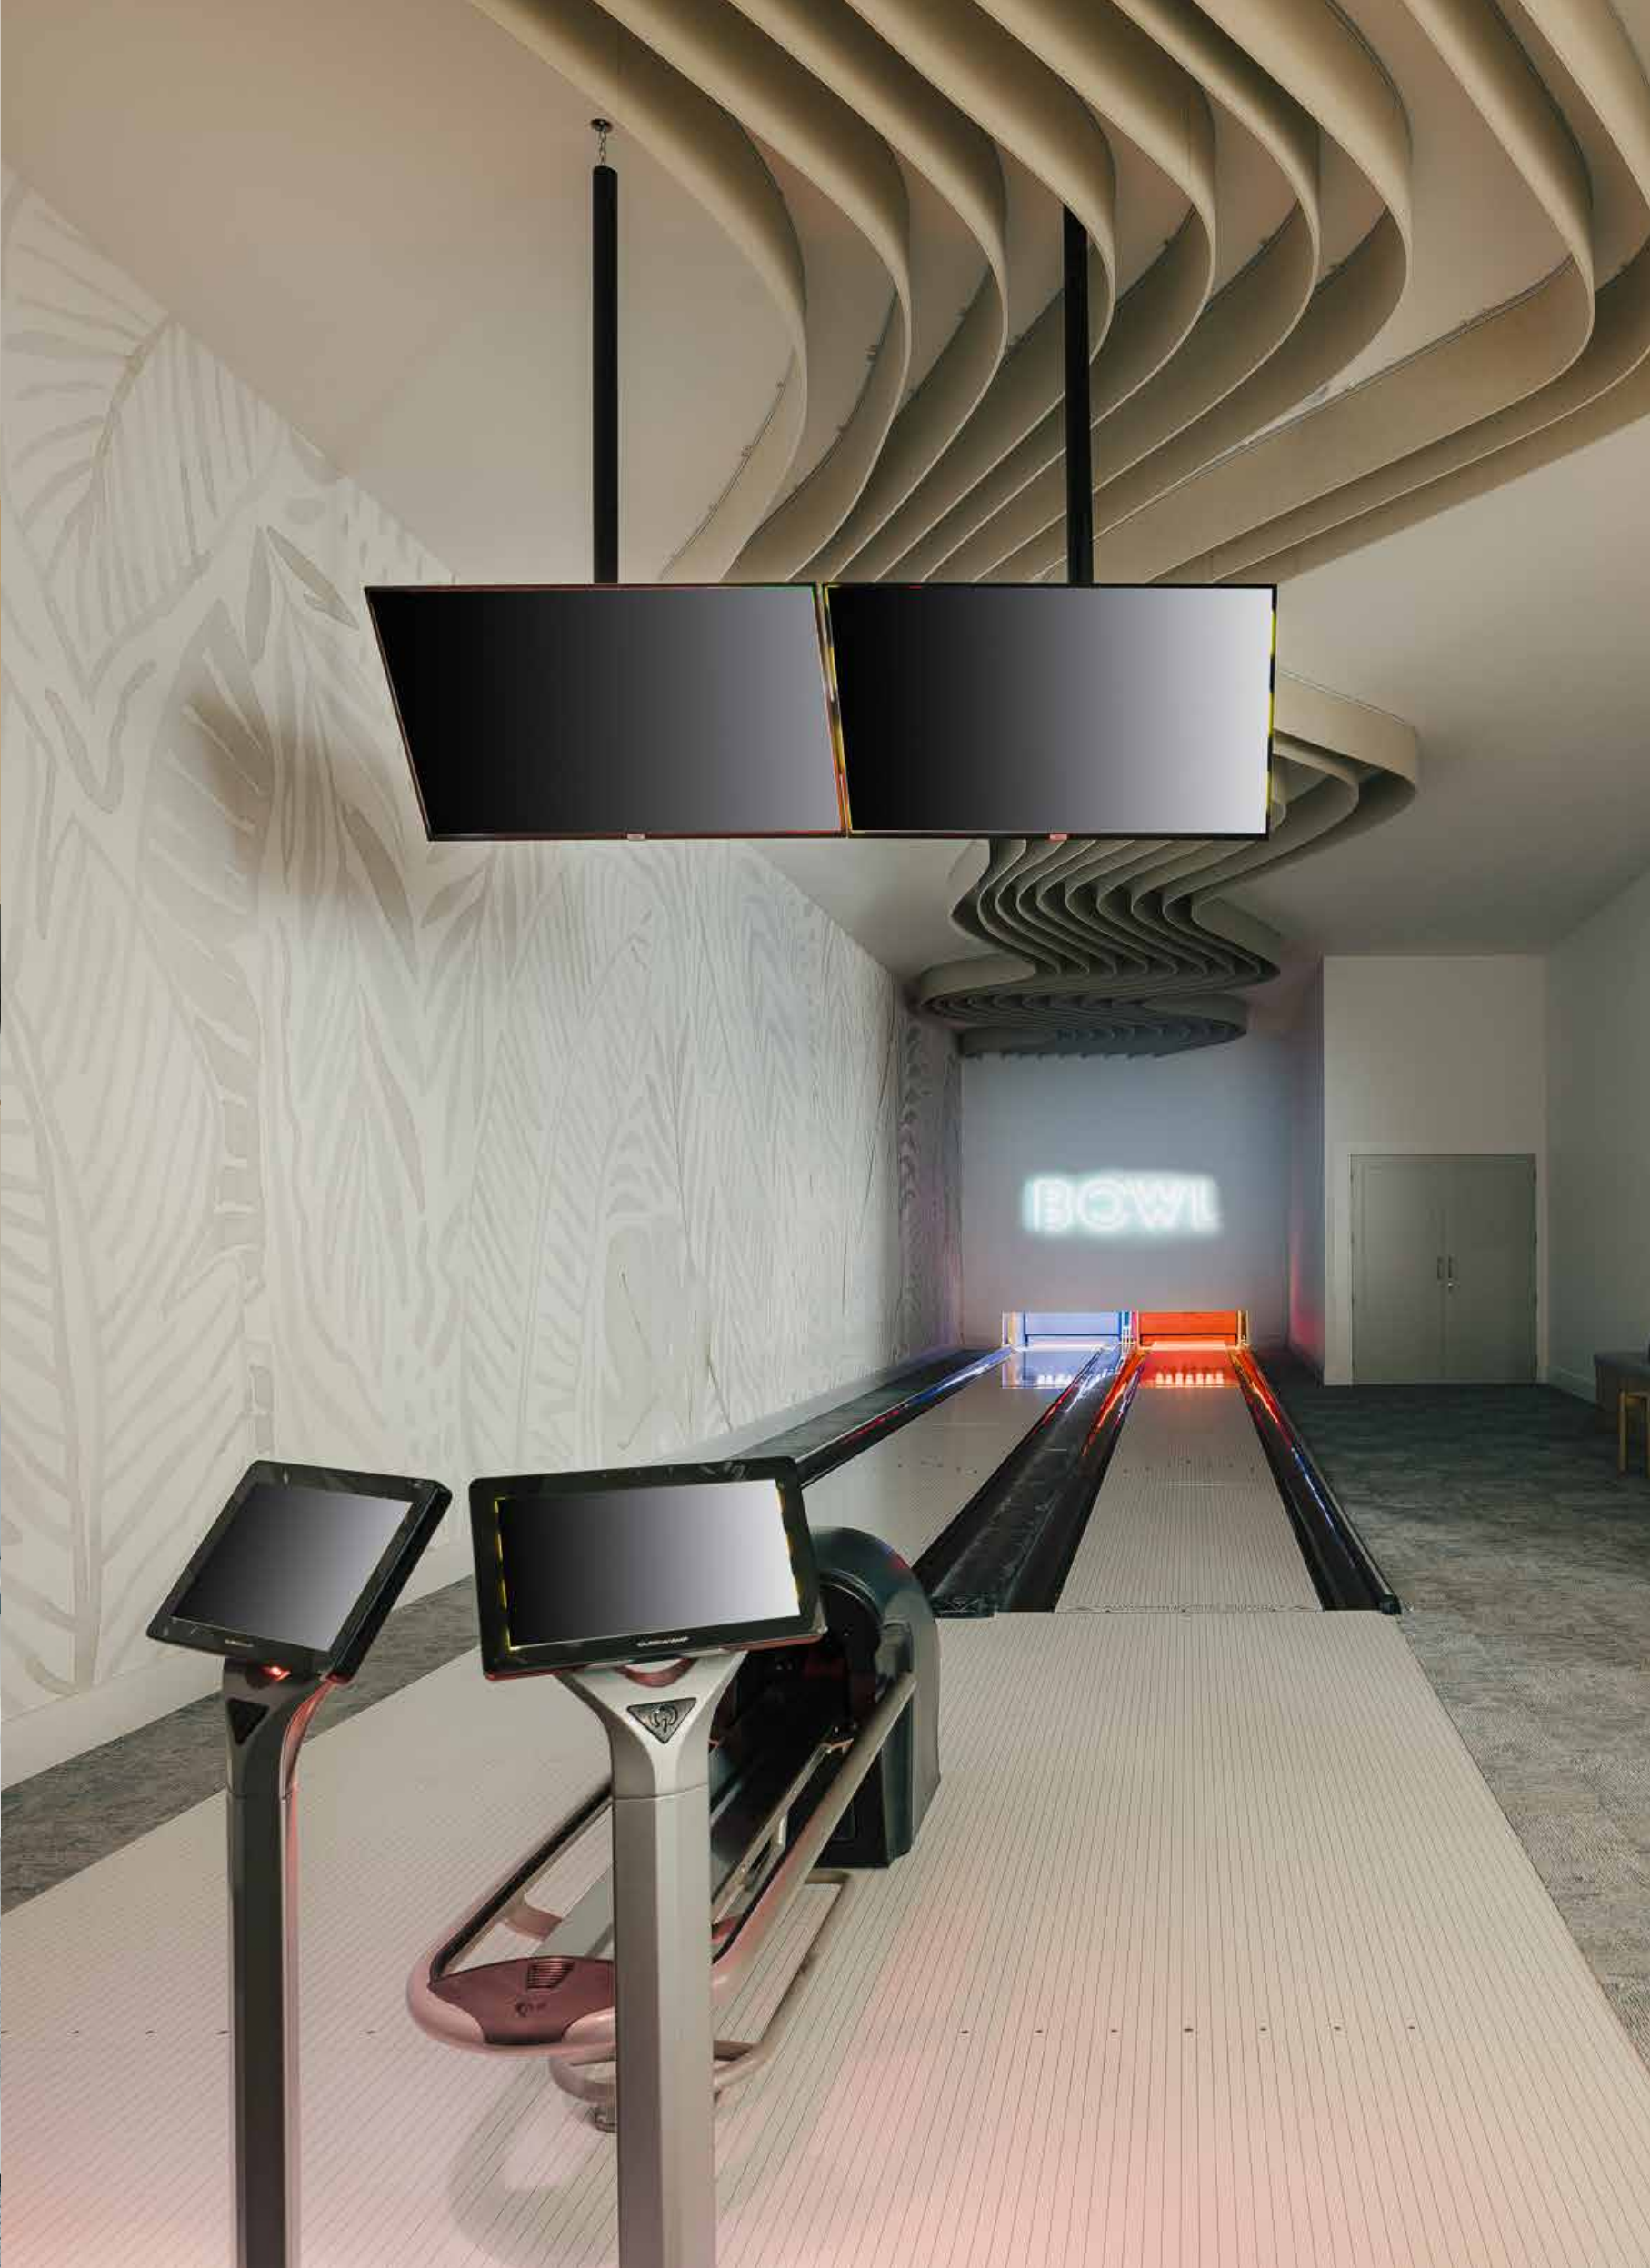

Available in Premier Collection

Gills Salmon Ceiling Frames transform ceilings into a striking interplay of light and shadow. More intricate than traditional baffles or trusses, its mathematically engineered angles and precise folds create a fluid, undulating effect, elevating interiors with architectural sophistication.

Palm Lake Resort

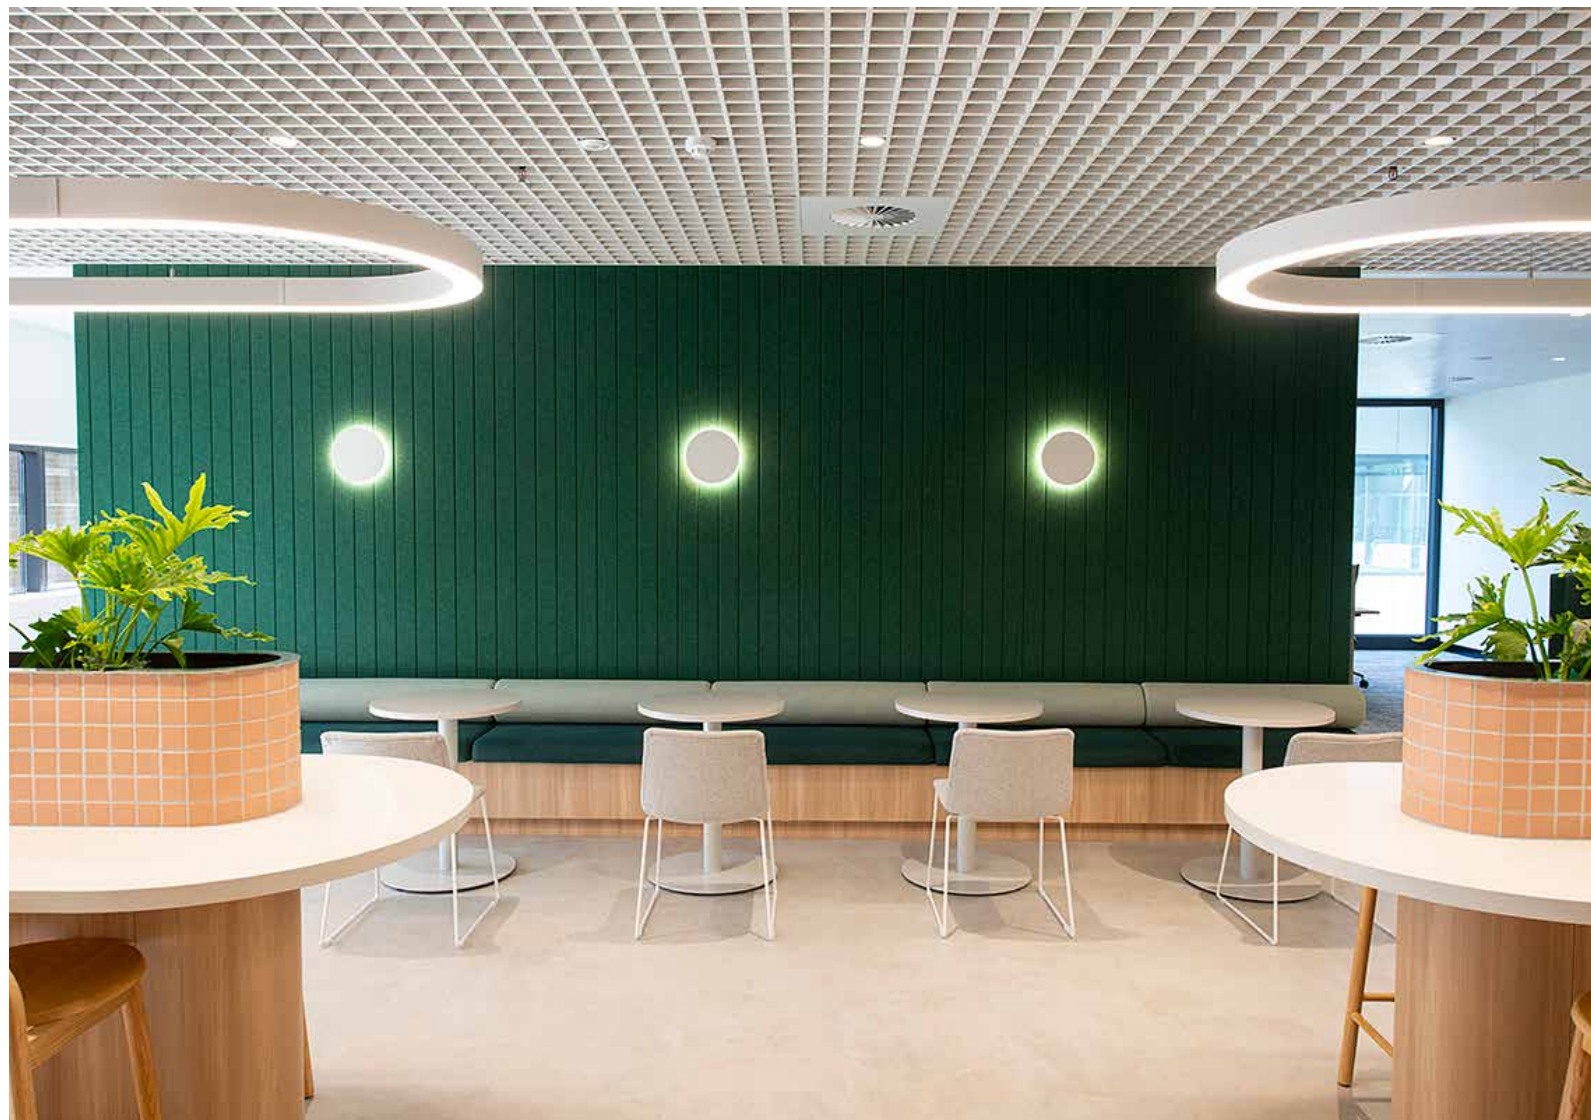

Ceiling | Premier Custom Baffle | Ivory
Wall | Custom Print Panel

Castlereagh Suites

Wall | Premier Panel Fracture Fineline | Oregano & Platinum

The brief was for a modern, spacious design incorporating biophilic elements of natural light and greenery to support a calm and productive workspace.

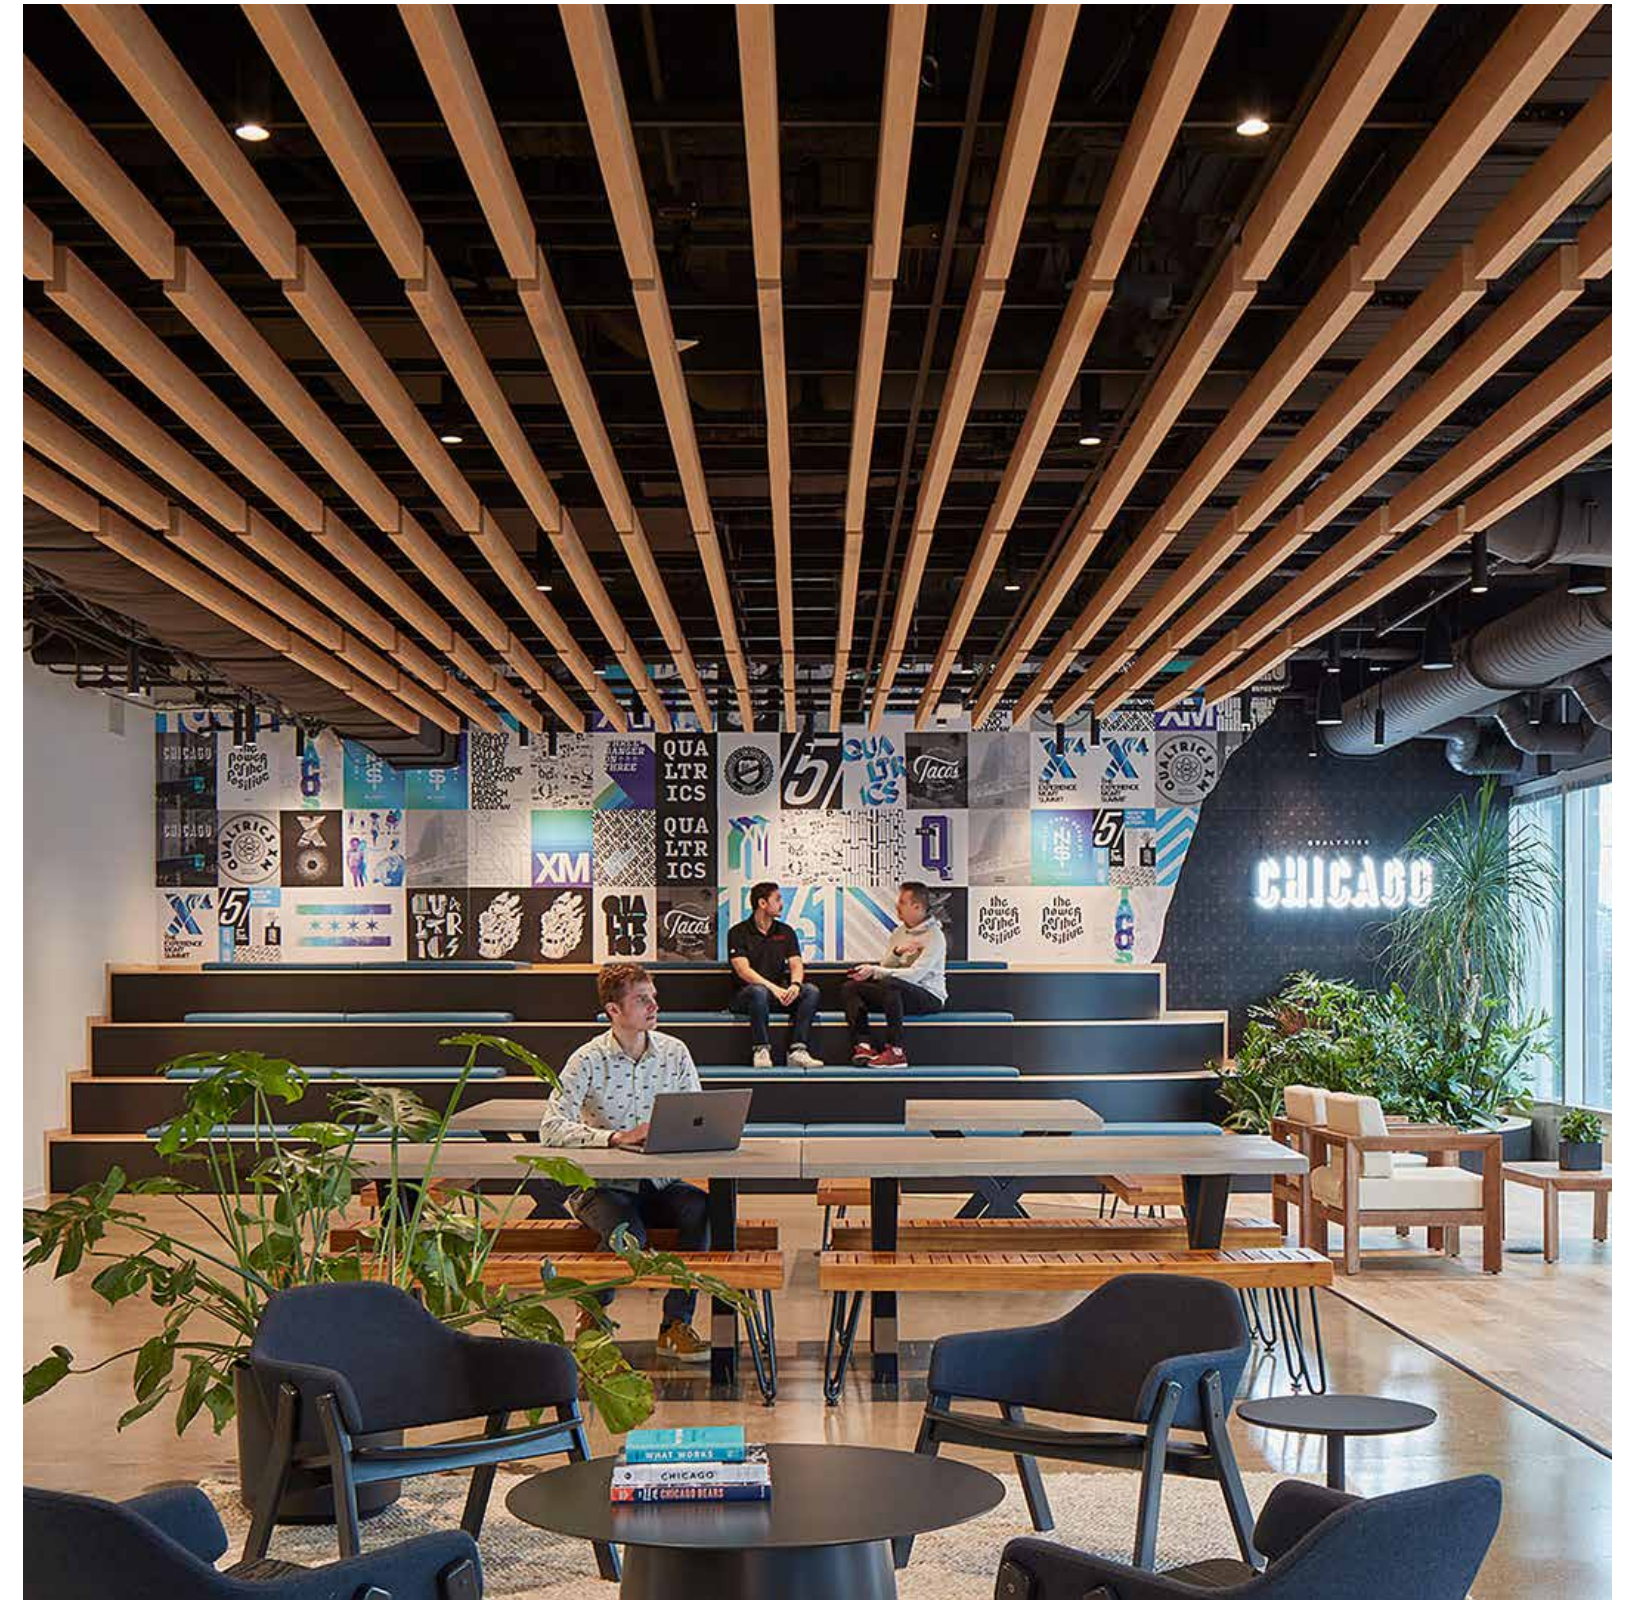

Rail

Available in Premier & WoodGrain Collections

Rail Ceiling Frames offer unmatched flexibility to craft unique, textured ceilings. With an open-tile design and the absence of a backer, Rail seamlessly integrates with essential ceiling components like lighting, sprinklers, and speakers.

Qualtrics

Ceiling | WoodGrain Baffles Truss | Wine Barrel

Formation

Available in Premier Collection

With intentional slat spacing and a unique profile that changes the view from every angle, Formation Fin wall panels create interest in any space. The soft architecture this design forms captures unwanted sound and provides a novel visual backdrop.

Truss LED

Available in Premier & WoodGrain Collections

Truss LED Baffles feature a sleek, aerodynamic profile with integrated diffused LED lighting. Available in both Premier and WoodGrain finishes, they reduce noise while efficiently illuminating the space, with flexibility for standard or custom lighting integration.

Billow

Available in Premier & WoodGrain Collections

Billow Ceiling Baffle brings a refreshing softness to today's hard-edged spaces with curved lines, natural texture, and high sound performance.
