

Living Building Challenge Contributions

The Living Building Challenge™ (LBC) calls for the creation of building projects at all scales that operate as cleanly, beautifully and efficiently as nature’s architecture. The LBC is a philosophy, certification and advocacy tool for projects to move beyond merely being ‘less bad’ toward becoming truly regenerative. The below entails Acoufelt’s products and initiatives that are officially recognised under the LBC.

Criteria

Requirement

- 1 – Project must contain one Declare label product per 200sqm of gross building or project area, up to 20 distinct products from 5 manufacturers
- 2 – 20% min of the materials construction budget must come from within 500kms of the construction site

Materials – Core Imperative 12 “Responsible Materials”

Our Contribution

Declare Red List Free (3rd Party Verified)
