

Recover or replace
your QuietBack™
Carpet Tiles.

STEPS TO RECOVER WATER DAMAGED CARPET TILES

- Remove all water with a wet dry vacuum
- Install air blowers
- Ensure windows are open to allow water laden air to escape
- Remove furniture that could leave marks, rust or timber stains
- After the carpet has dried, have a clean water rinse carried out by a professional carpet cleaner, using a mild cleaning agent if required
- Avoid disturbing the carpet tiles

STEPS TO REPLACE IRRECOVERABLE CARPET

If replacement is required, please contact our customer care team to discuss our available selections of carpet tiles.

CARPET TILE FEATURES

- Breathable
- 100% synthetic
- Anti microbial treated
- Non-rotting
- Will not trap moisture between the tile and the sub floor
- No PVC bitumen or fibreglass substrate
