Premier

Utilizing only high-quality, hand-selected fibers, the Premier Collection merges superior acoustics with an astonishingly smooth surface and depth of color—without compromising on our trademark commitment to sustainability and wellness.

WoodGrain

Enjoy the beauty and sophistication of natural wood within a healthy, comforting acoustic environment. Proprietary Acoufelt technology applies high-resolution woodgrain imagery to our Premier Collection felt for a perfectly smooth, authentic look. The no-compromise acoustics contribute to greater productivity, concentration, and wellbeing.

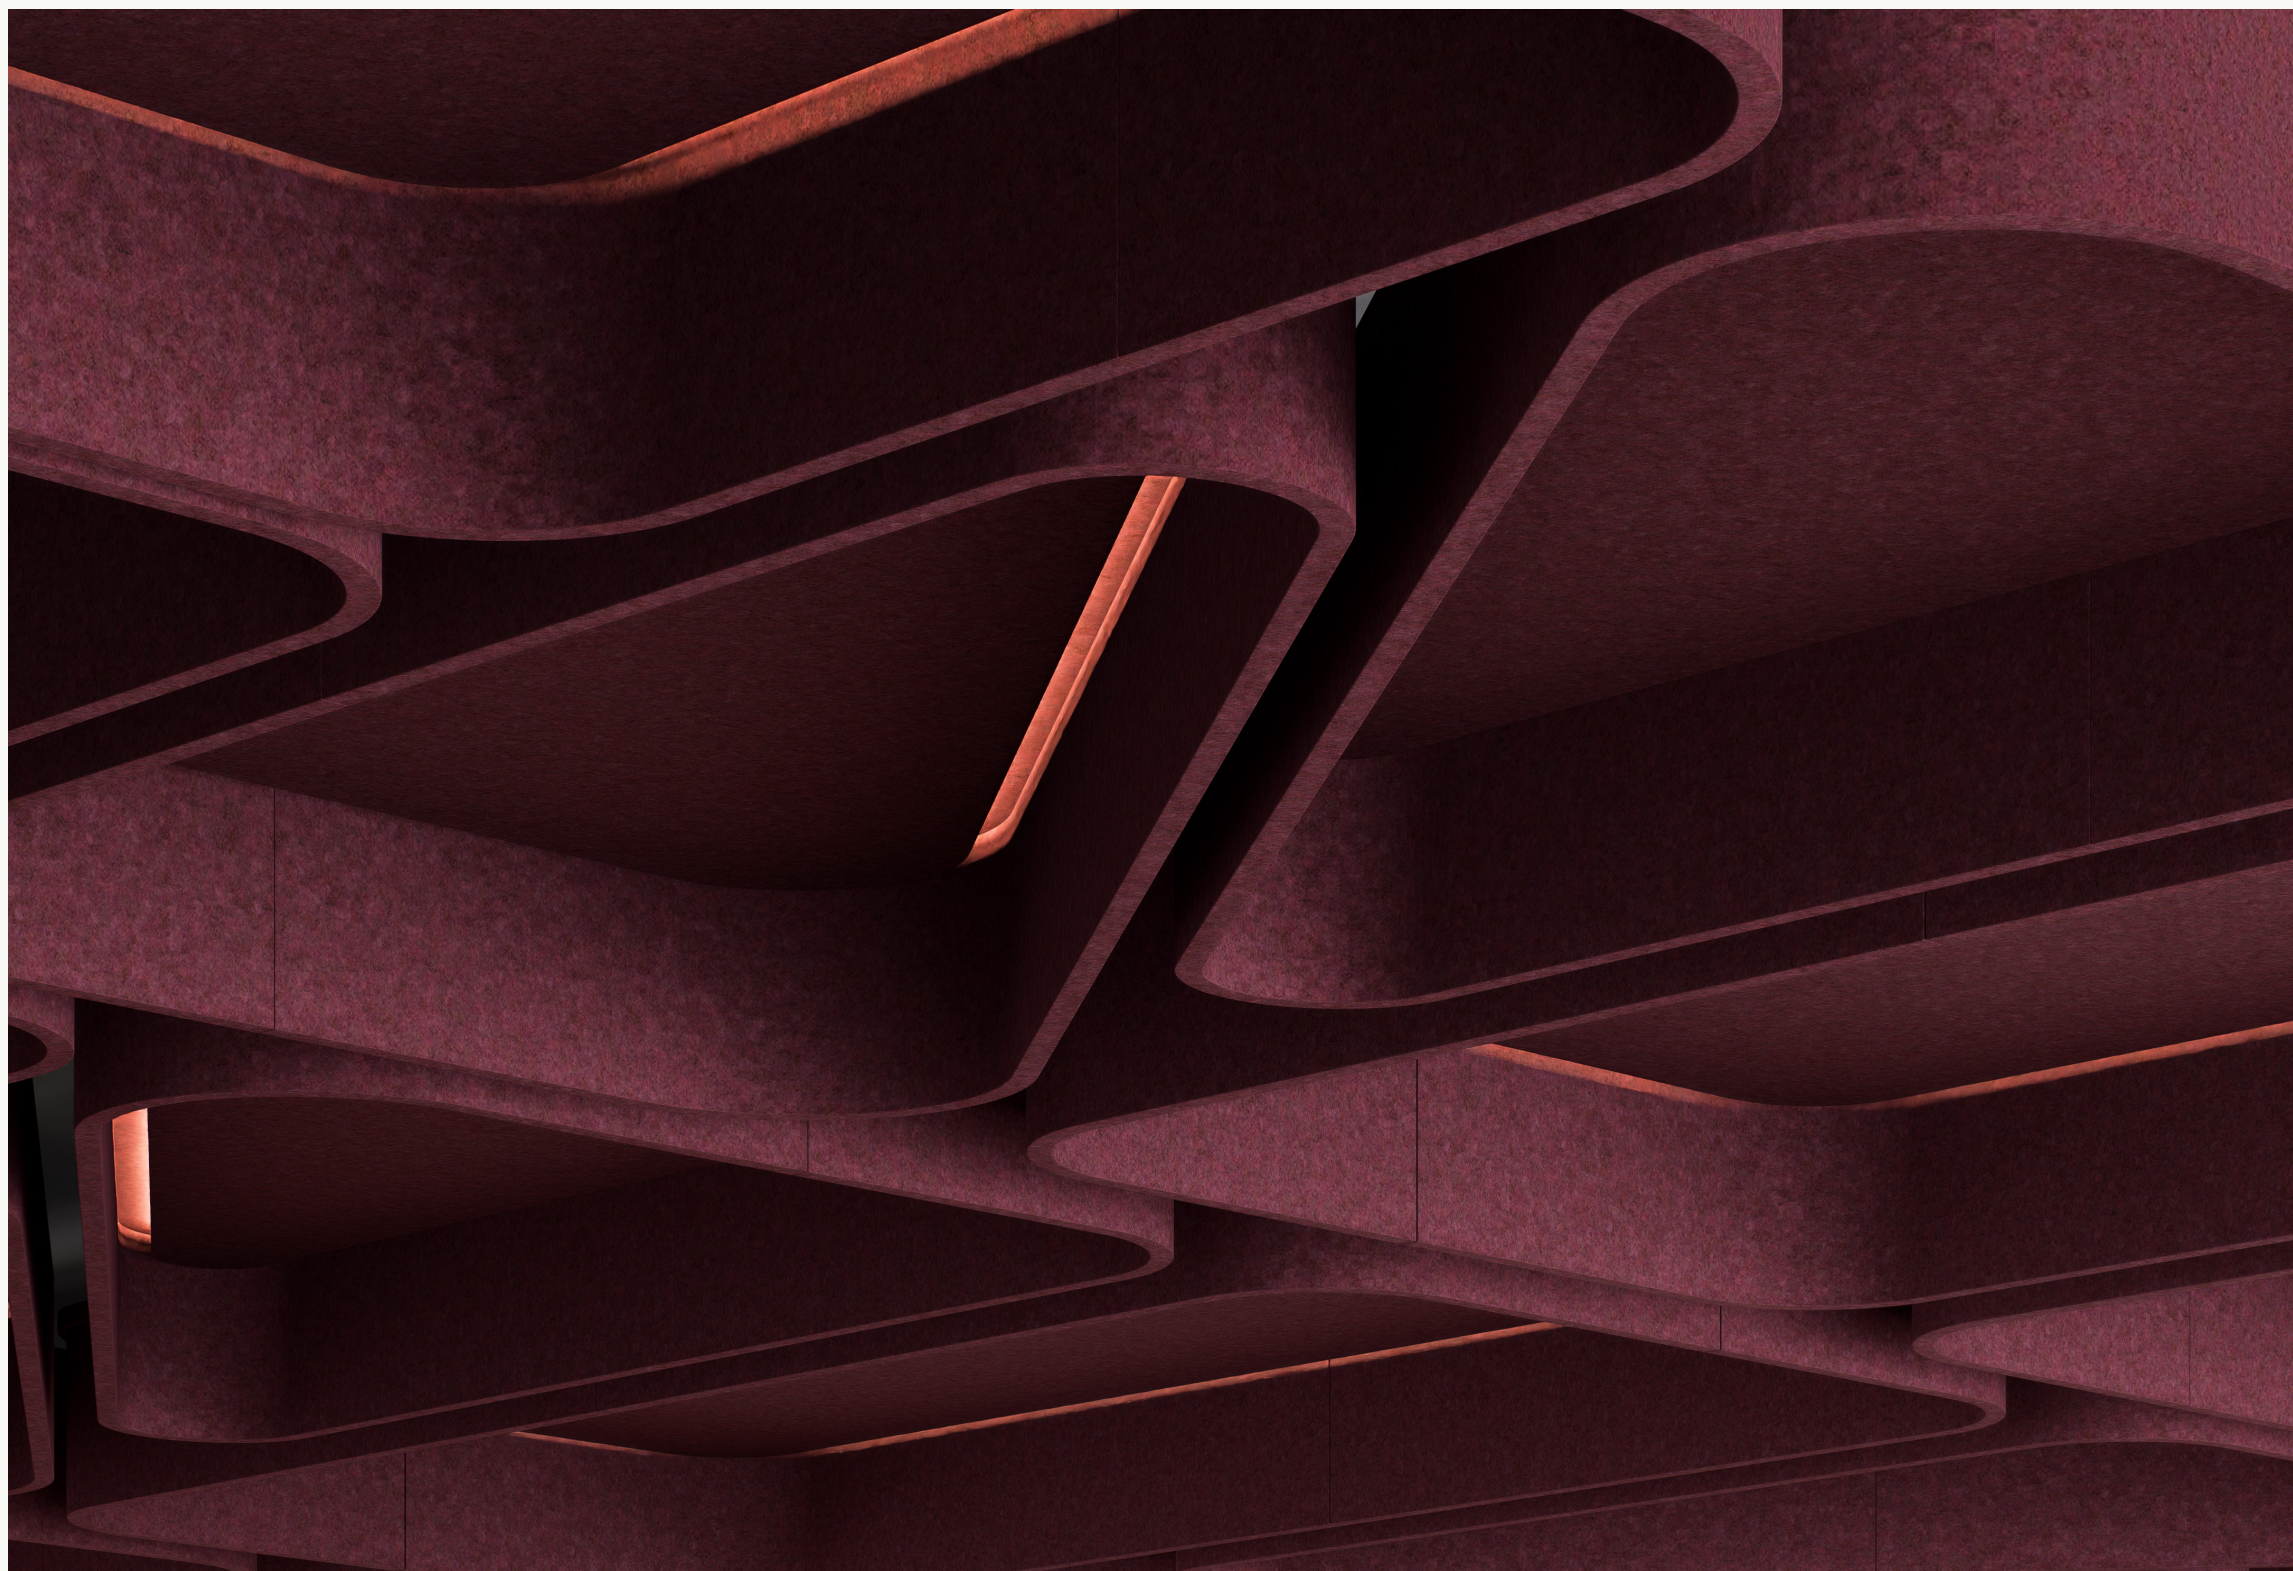

A New Trio

Breathe life into a space inspired by forest floors, coastal greens, and wild berries. This understated Premier Collection palette brings a calming hush to contemporary spaces, grounding your interiors with colors that feel timeless and unmistakably now.

Transform acoustic design into something elemental with three new additions to the Premier Collection.

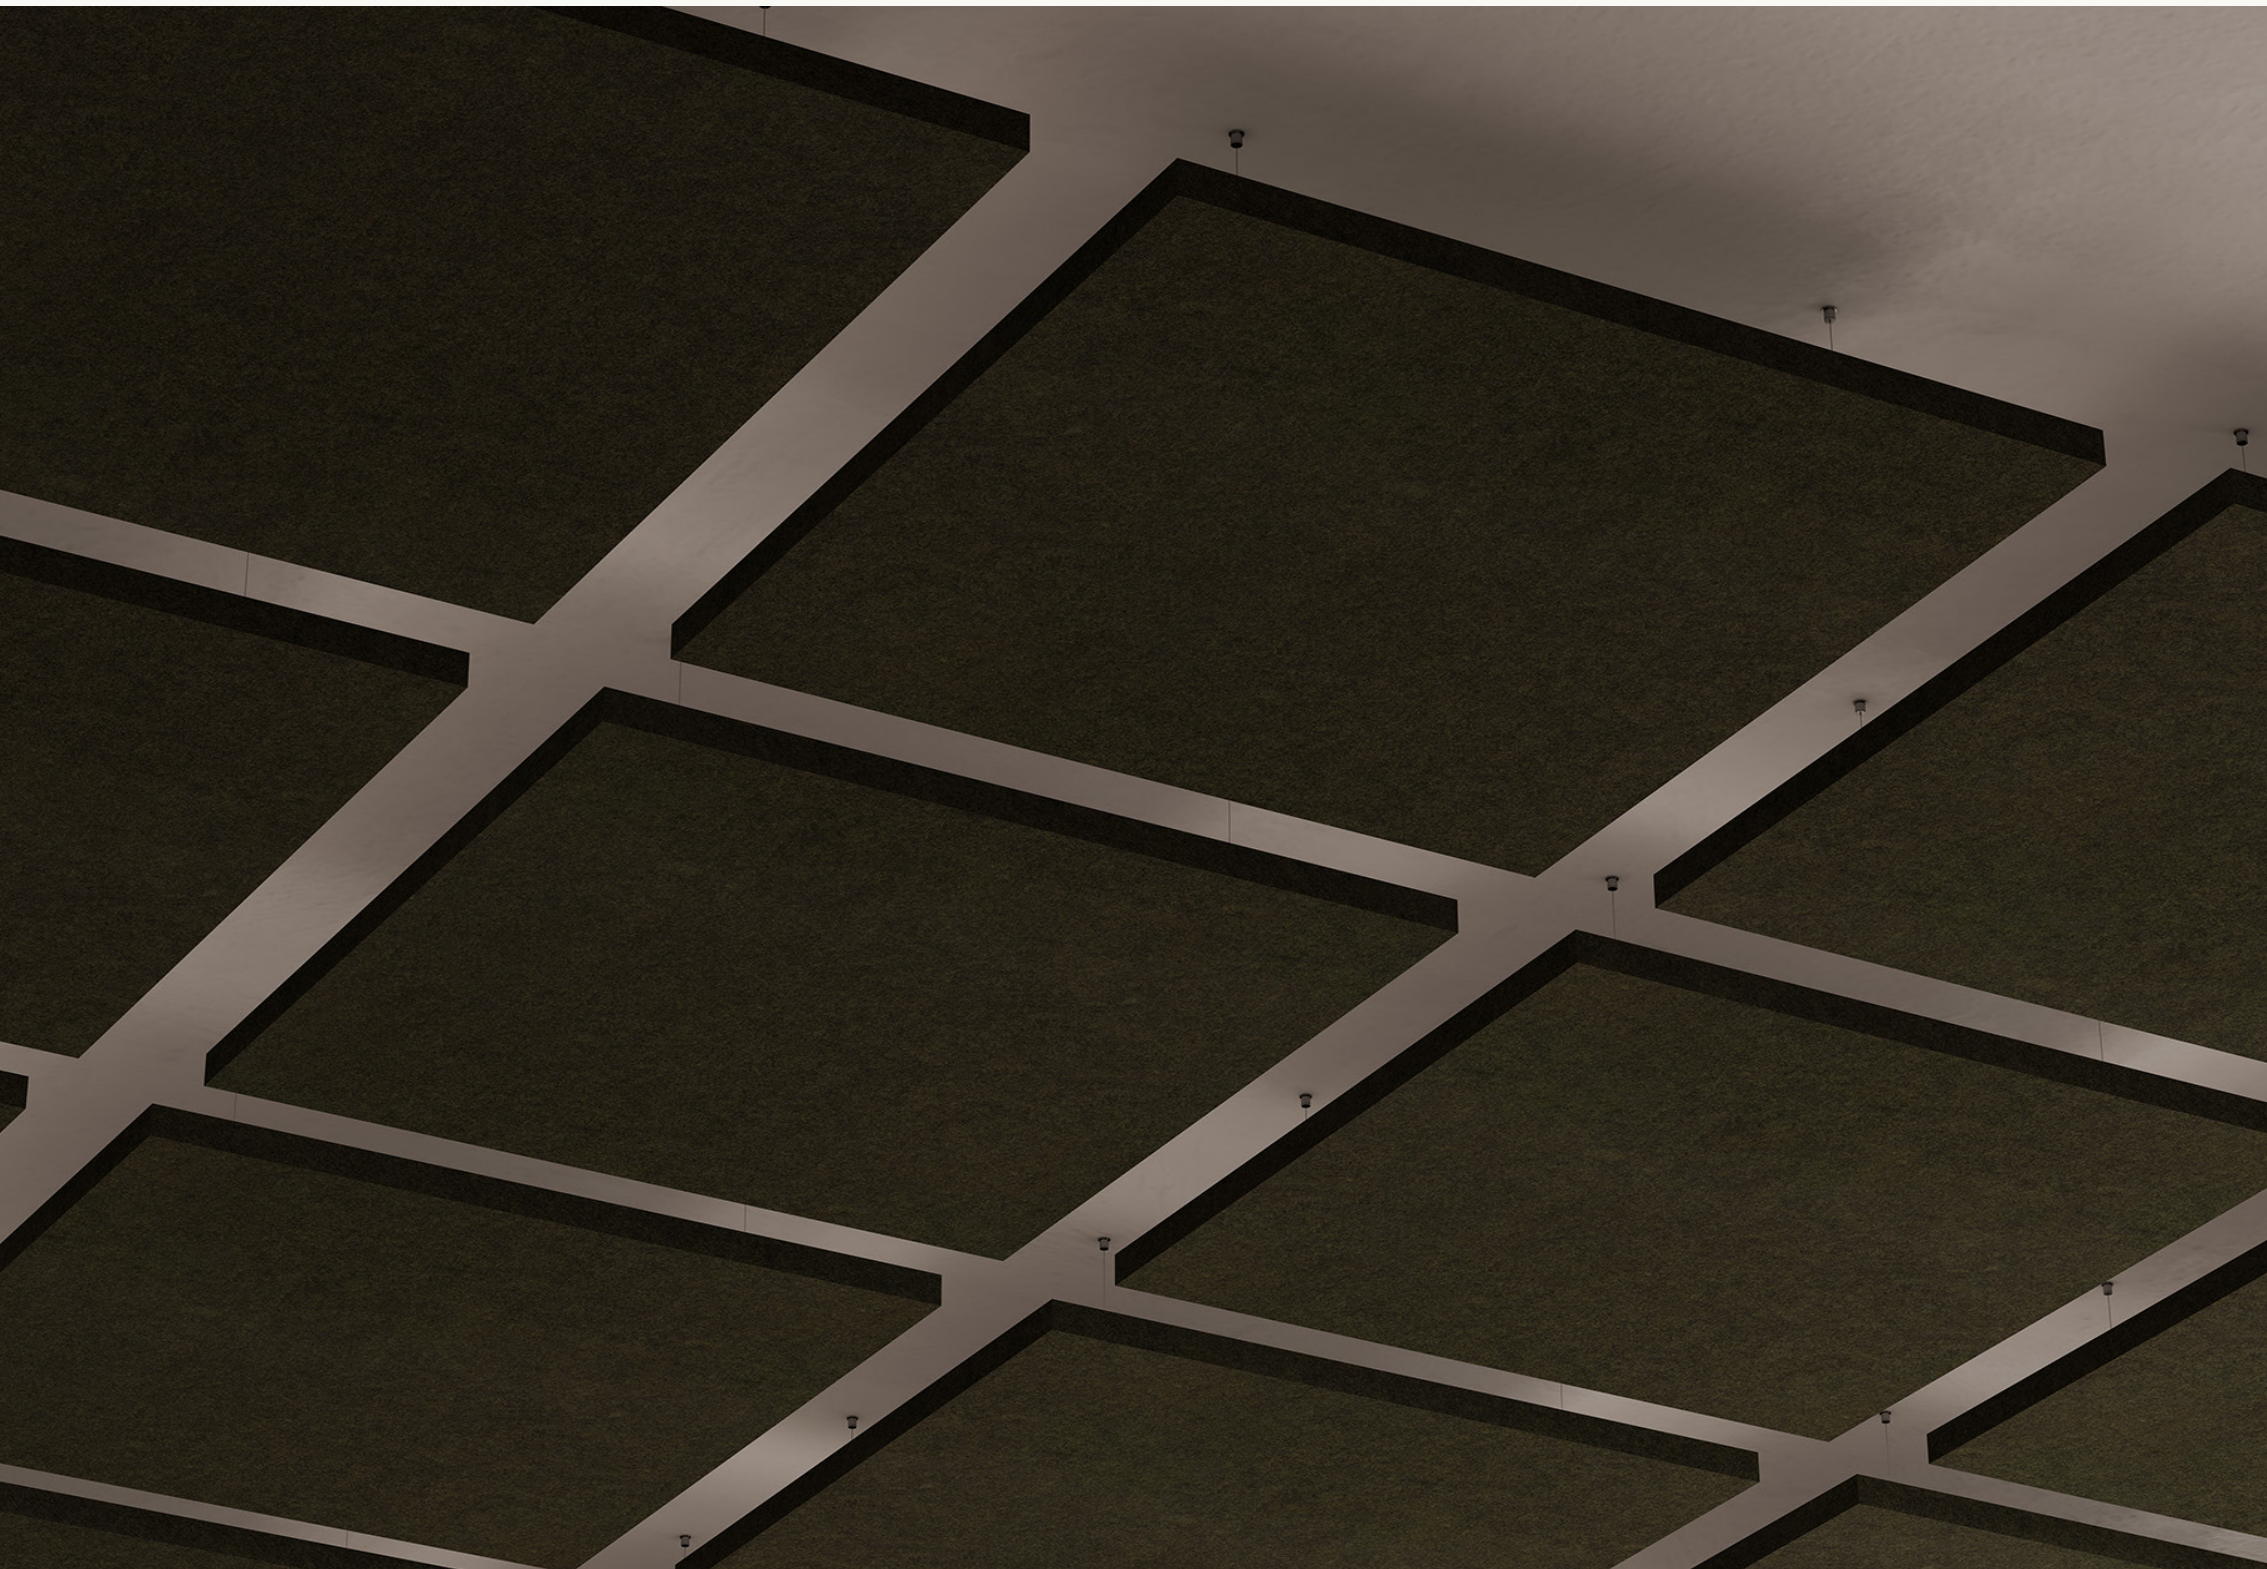

NATURE'S INNER CIRCLE

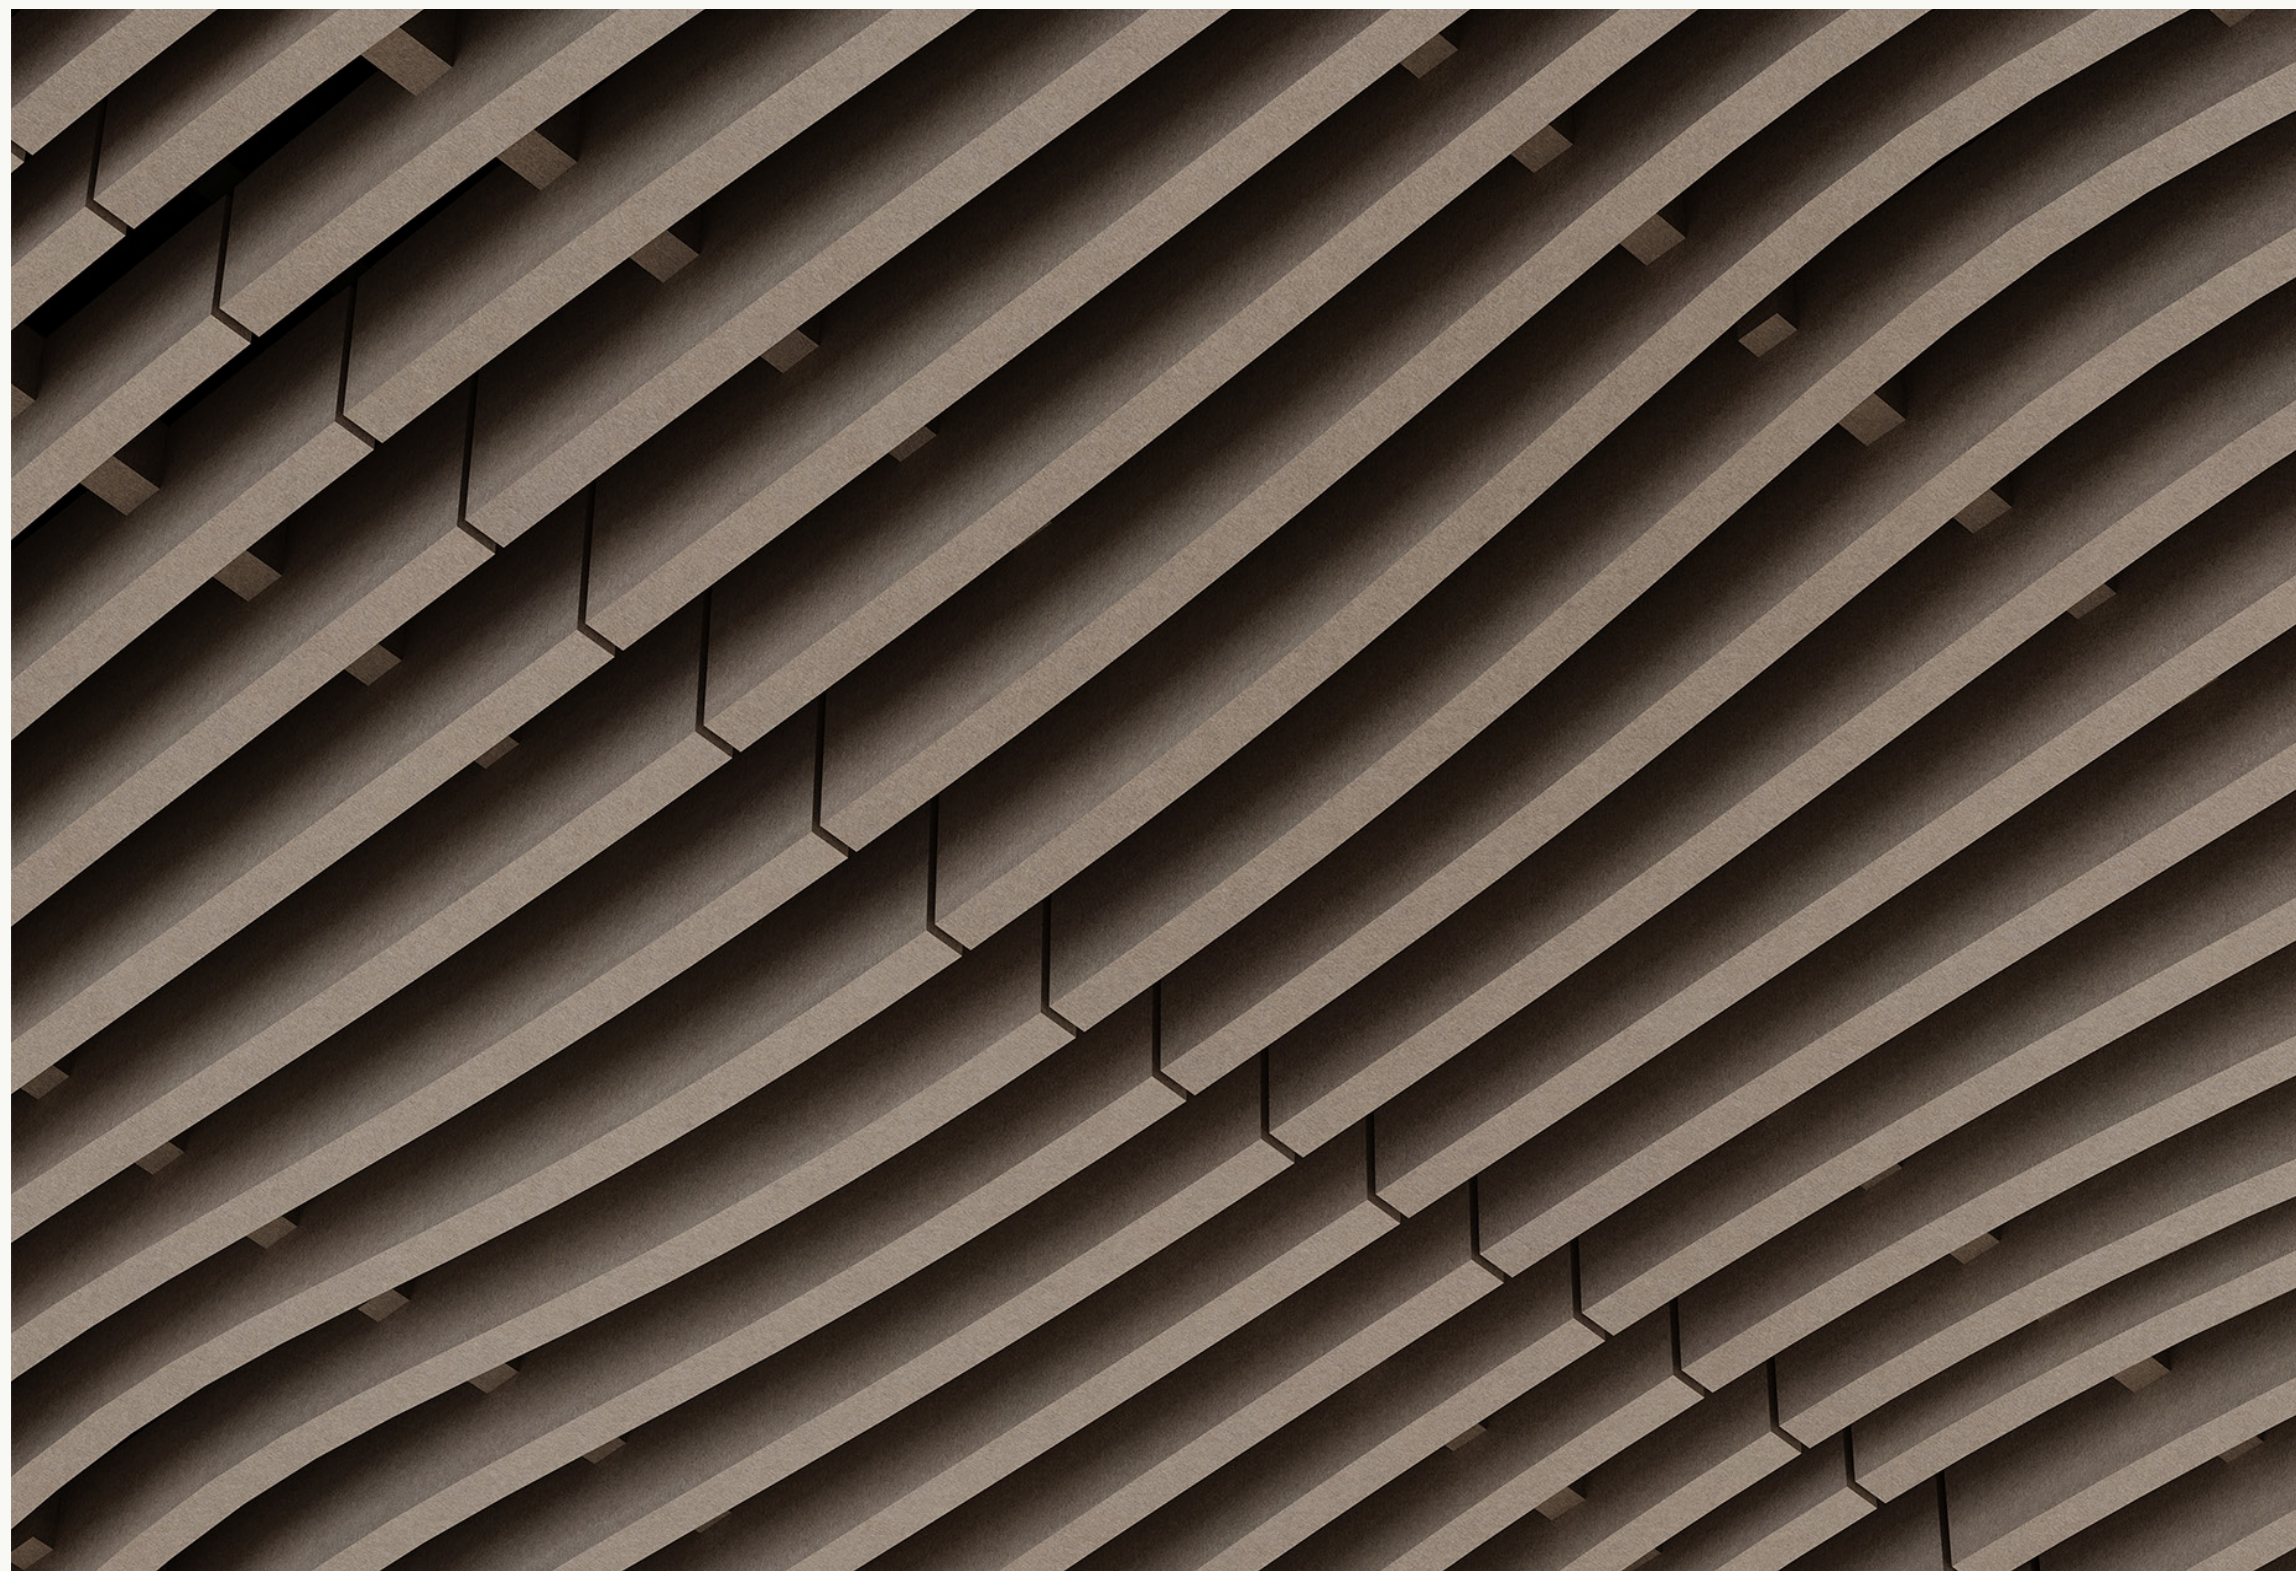

LOGANBERRY

A rich berry tone with warmth and character. Loganberry adds a refined pop of color while still feeling grounded and natural, perfect for creating contrast, softness and a touch of personality in contemporary spaces.

NORI

Deep, earthy and restorative, Nori brings a considered green tone inspired by nature's quieter corners. Grounded, calm and quietly confident, it's designed to add depth without overwhelming a space.

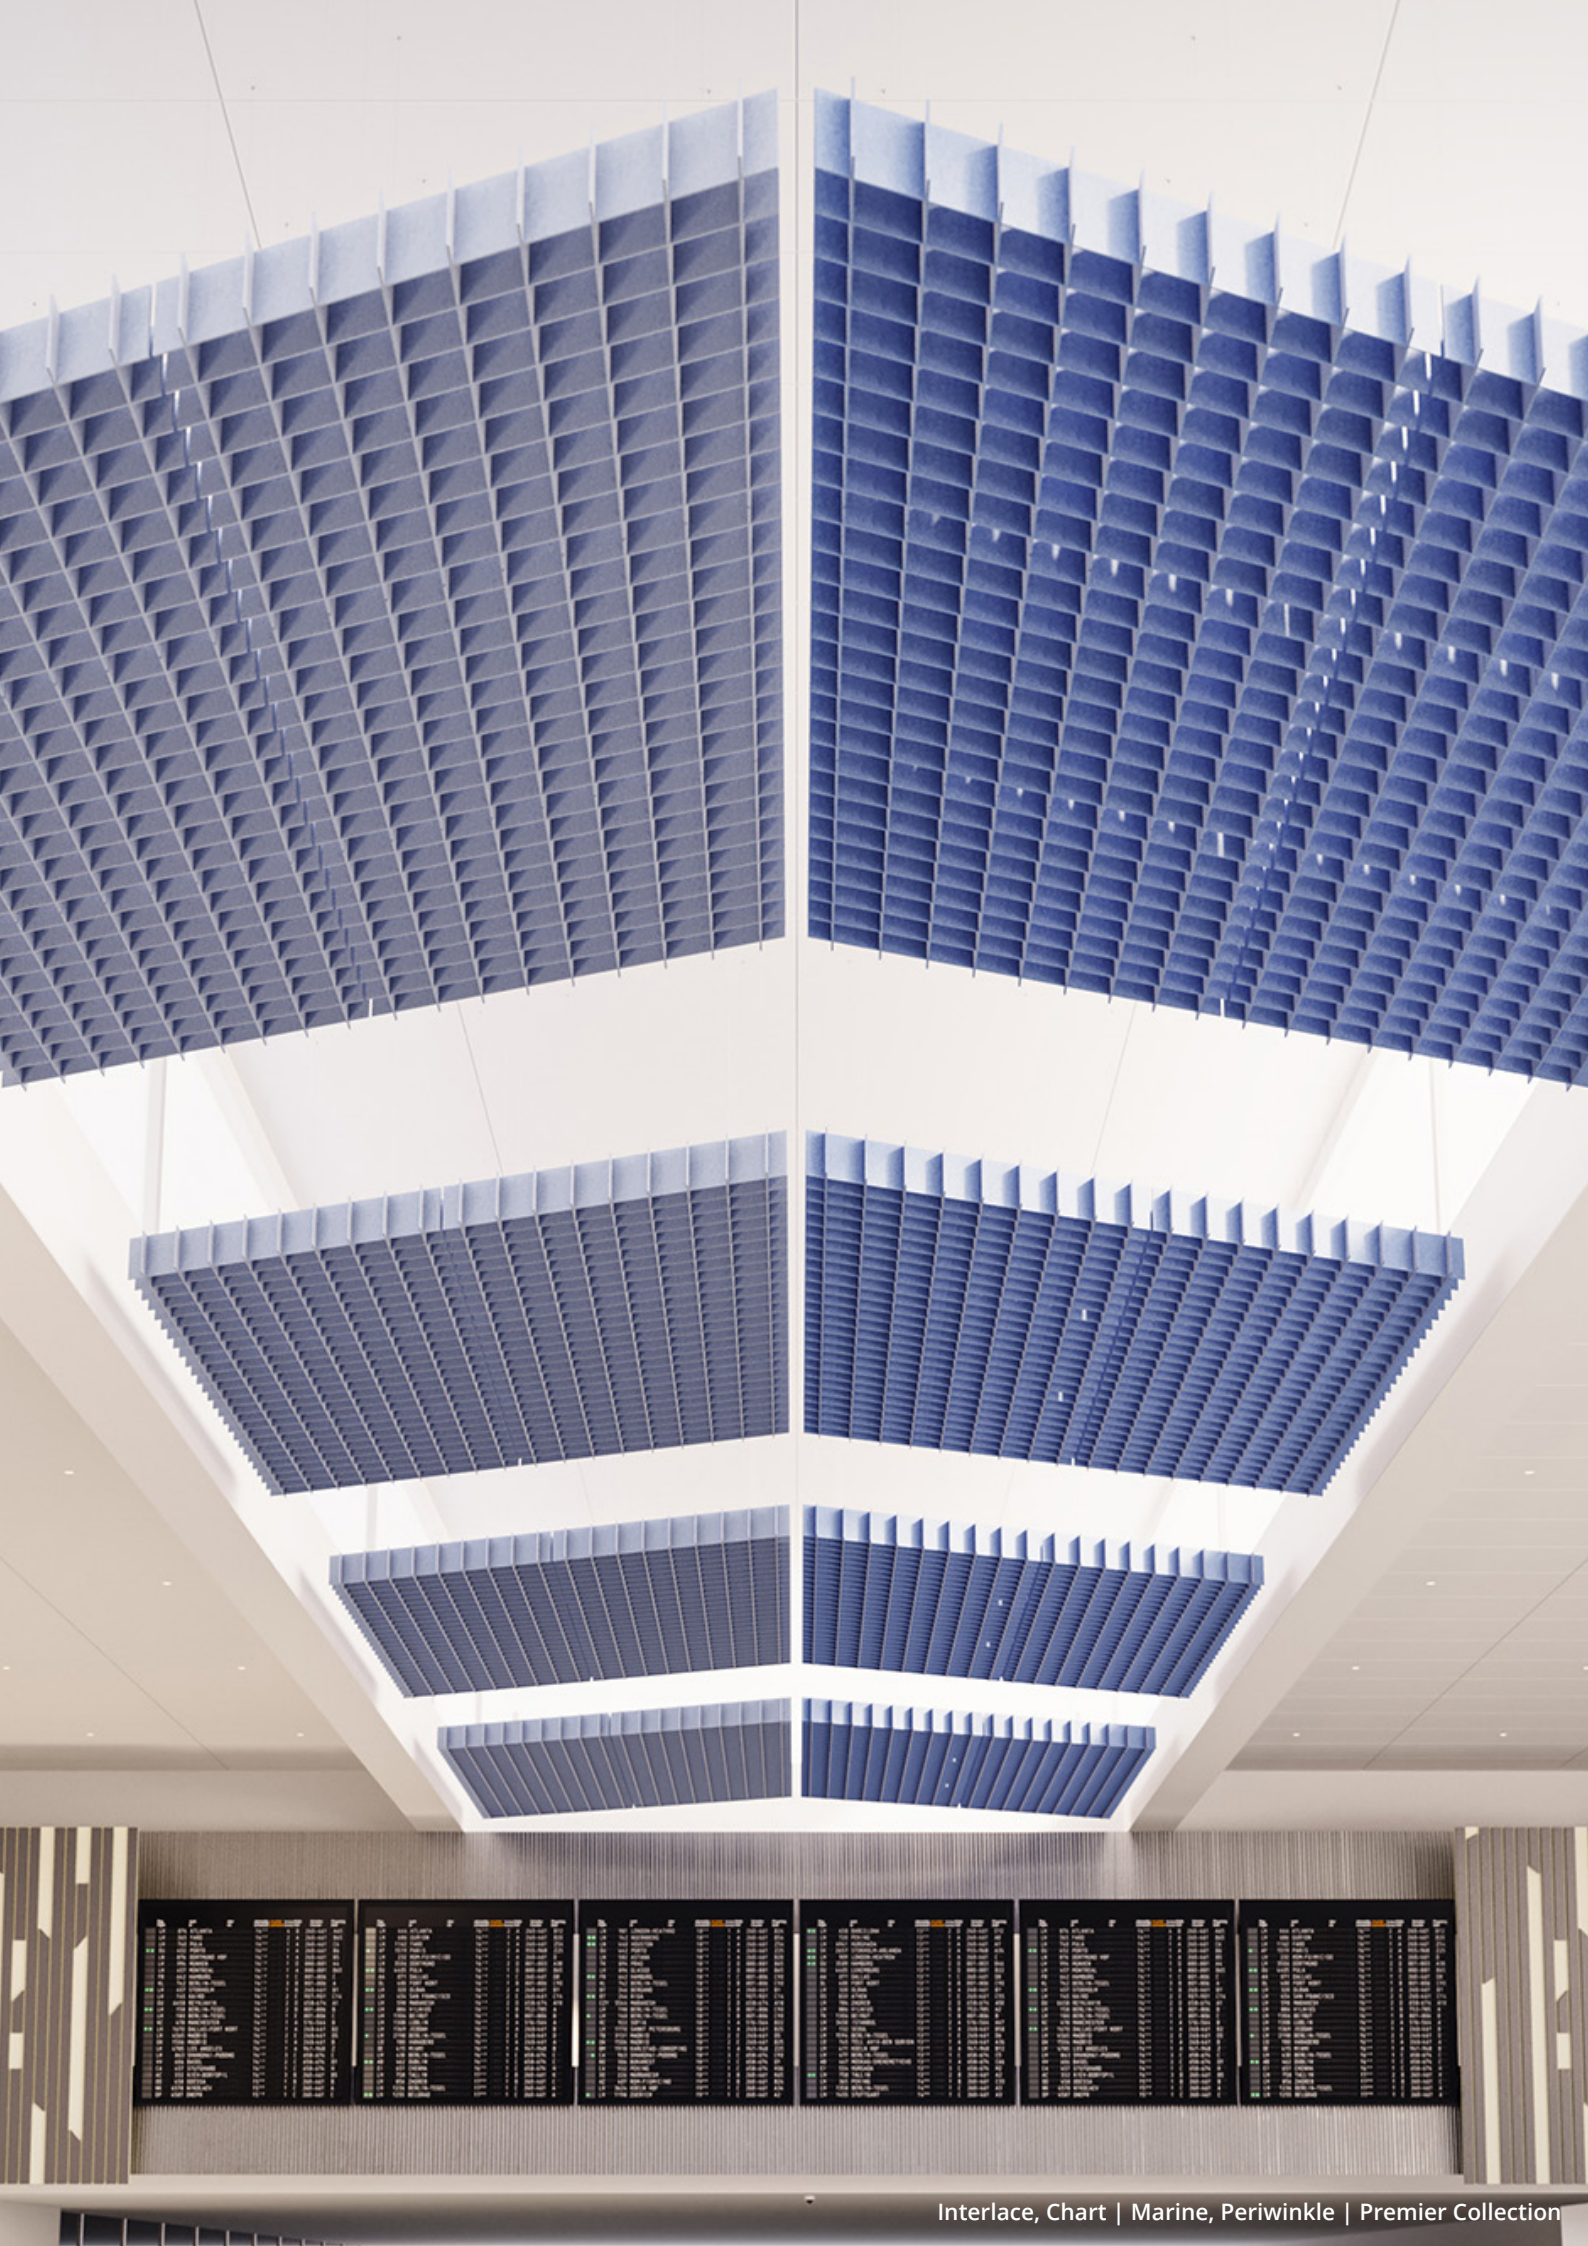

MUSHROOM

Soft, warm and quietly grounded, Mushroom is a versatile neutral that brings calm texture and natural depth to any space. Its gentle earthy tone pairs effortlessly with timber, stone and muted color palettes, creating interiors that feel balanced, refined and softly layered.

Waterman Moorabbin

Fitout Partner: Inscape Projects

Location: Moorabbin, VIC

At Waterman Moorabbin, Acoufelt's Blox Ceiling Clouds in Pearl bring softness and acoustic comfort overhead, while Fracture Barcode Wall Tiles in Pearl and Eucalyptus introduce texture and subtle color throughout. Together, they help create a calm, considered workplace designed for focus, collaboration and everyday comfort.

Parap Pre-School

Architect: Rossi Architects

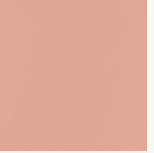

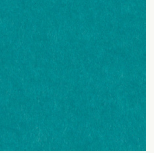

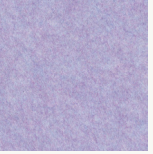

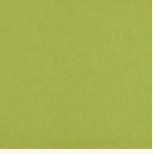

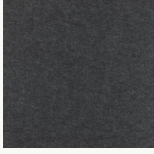

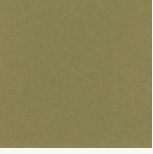

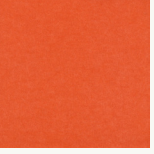

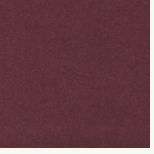

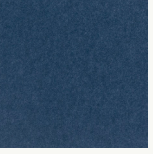

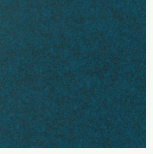

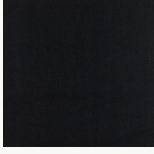

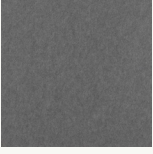

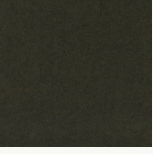

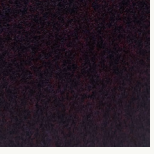

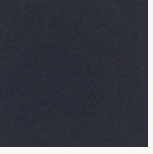

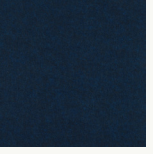

Fitout Partner: Northern Trade Solutions

Location: Parap, Darwin, NT

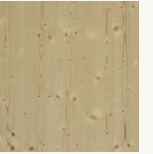

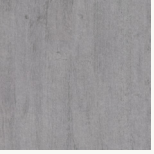

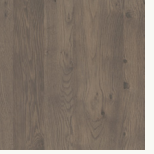

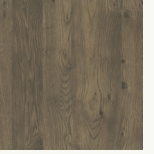

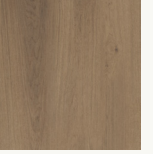

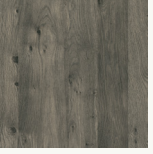

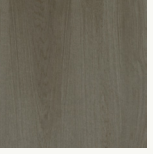

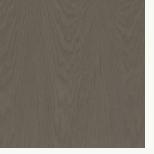

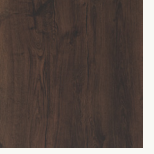

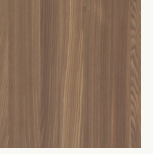

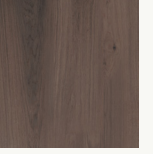

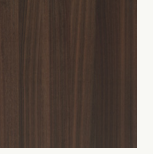

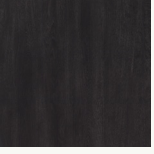

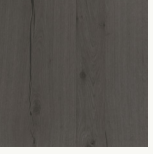

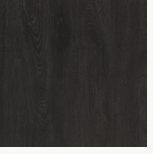

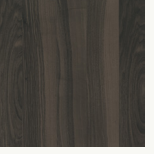

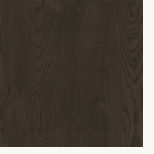

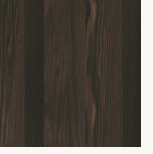

At Parap Pre-School, Acoufelt's Pendant Triangle Ceiling Clouds in Periwinkle, Sea Salt, Turmeric, Valentine, Granite and Wheat bring color and acoustic comfort to the entry space, while Fracture Arch and Solid Wall Panels in Pearl add texture throughout. The result is a nature-inspired early learning environment built for focus and play.
