

Urbicus SoftStep<sup>TM</sup> Carpet Tiles

#### Specifications

**Application** Floor

**Backing** Felt polyester + fibreglass

Pile content Solution dyed nylon

Style Multi-level textured loop pile

Recycled content Backing made from

>90% recycled PET

Dimensions500 x 1000mmThickness11mm +/- 10%Tiles per box11 tiles (5.5m²)

Classification ACCS Extra Heavy Duty &

Residential and Extra Heavy Duty Commercial

#### Guarantees

Wear warranty 15 years\*
Castor chair proof 10 years\*
Anti-static Lifetime\*
Colourfastness warranty 20 years\*
Impervious 15 years
\*conditions apply

## Shipping

QuickShip

QuickShip products can be despatched within **24 hours**.

HN 0028-2004 Determination of Mildew Growth and Odour on Trim Material.  Rating = satisfactory

\*note that the fire test report is based on 9.5mm tile

## Sustainability

#### **Acoustic Performance**

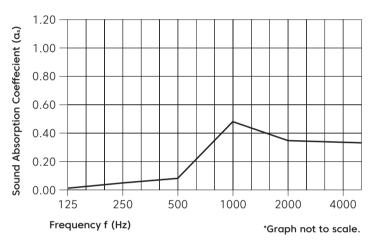

Test ASTM C423-2022: Standard Test Method for Sound Absorption and Sound Absorption

Coefficients by the Reverberation Room Method

Rating AS ISO 11654 -2002: Acoustics - Rating of sound

**method** absorption - Material and sytems

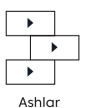

Test results NRC 0.25 | SAA 0.23

Frequency (Hz)	125	250	500	1000	2000	4000	NRC
۵s	0.01	0.05	0.09	0.48	0.37	0.35	0.25

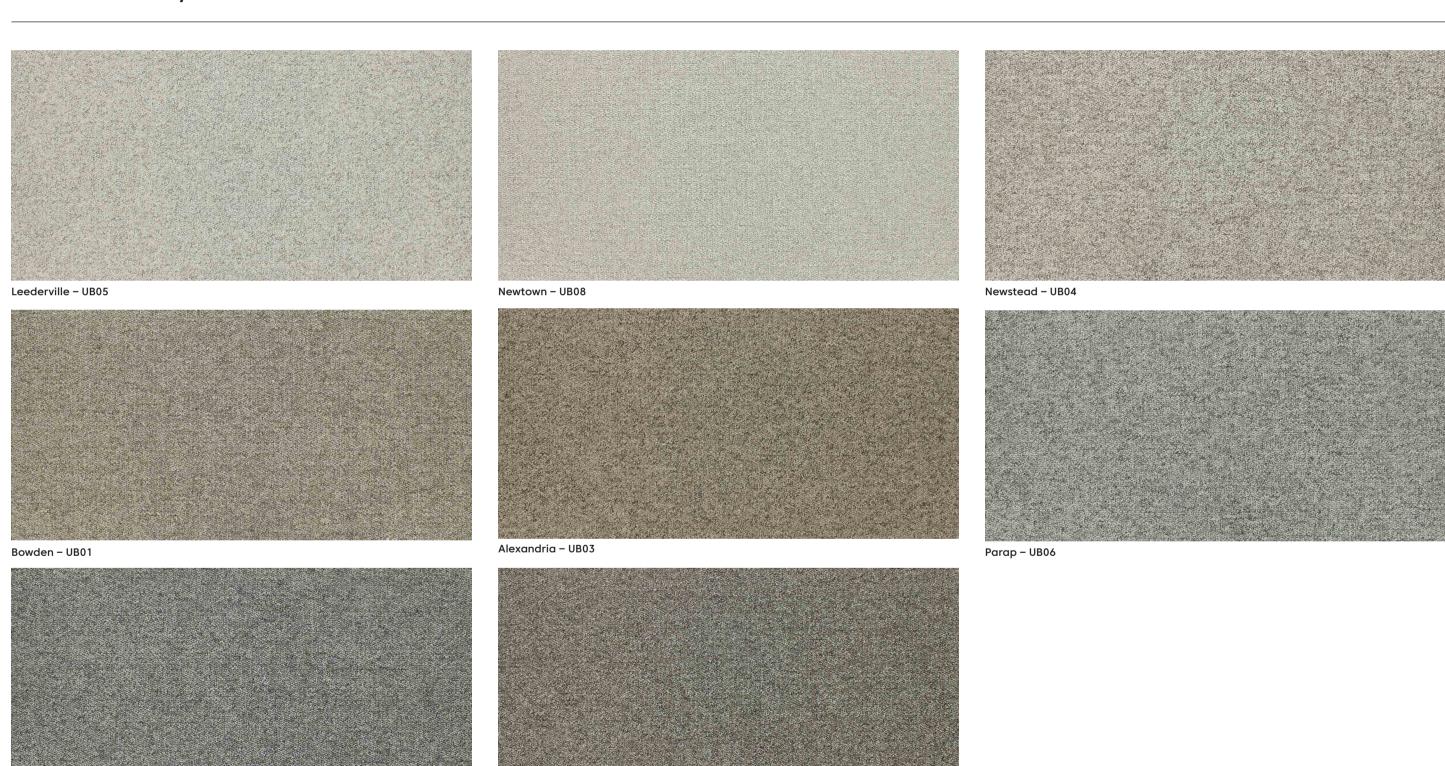

Performance Indices: **Noise Reduction Coefficient (NRC)** results represent the absorption coefficients measured at the one third octaves bands at 125, 250, 500, 1000, 2000 and 4000 Hz rounded to the nearest 0.05. Acoustic testing has been performed according to the methods mentioned above. Customisation of installation of the product could alter the results. **Sound Absorption Average (SAA)** indicates the absorption coefficient quergae for the twelve one-third octave bands ranging between 200 and 2500 Hz.

## Configurations

# Colourways

Braddon – UB07

Brunswick - UB02
